Organize Your ADD/ADHD Child Cheryl Carter,2010-10-15 Living with ADD/ADHD can be hectic, and parenting a child with this disorder can feel like an uphill struggle when even the simplest of tasks causes havoc. This book addresses the issues of organization and time management in relation to ADD/ADHD, suggesting practical ways of organizing your child's day and turning chaos into calm. Accommodating short attention spans and short fuses, Cheryl Carter shows how, by using the F.I.R.S.T method (Fun, Individualism, Rules, Simplicity and Time management), even the most hyperactive and easily distracted of children can be taught to make their bed, pack their school bag, and generally get organized! The author recognizes that children hate anything that is boring, and finds fun ways around even the most mundane of tasks. Her no-nonsense, step-by-step strategies, in combination with positive affirmations and realistic demands, will get ADD/ADHD children organized, and from A to B without a hitch. This book is a must-have for any flagging parent struggling to structure their child's life (and indeed their own!). It will also be of interest to family members, teachers, and anybody close to a child with ADD/ADHD.

ADD-Friendly Ways to Organize Your Life Judith Kolberg,Kathleen Nadeau,2012-01-04 Over 100,000 Copies Sold! Organizing books fall short of addressing the unique needs of adults with ADD. They fail to understand the clinical picture of ADD and how it impacts the organizing process often making their advice irrelevant or frustrating when put into application. Books about ADD may address organization/disorganization but do so in a cursory fashion and on a very small scale in what are usually long books on the subject. This is a book that has ADD-Friendly advice with the ADDer in mind. This collaboration brings forth the best underlying understanding with the most effective and practical remedy from ADD experts in two important fields -- professional organization and clinical psychology. Finally, it offers organizing advice that ranges from self-help to utilizing the help of non-professionals, to using professional assistance. Thus it permits the reader to decide where they are at personally in the organizing process, and what level of support will be most beneficial to their unique situation.

The Bullet Journal Method Ryder Carroll, 2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls intentional living: making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***
