Editing Across Media Ross F. Collins, 2013-02-05 Requirements for professional media editing have undergone enormous technological change. Editors still edit copy. But today they do much more. Mass media editors must demonstrate skills from computerized pagination to social media monitoring, from image manipulation to Search Engine Optimization. The need for editing skills is reaching far beyond traditional journalism and into all areas of mass media, from newspapers to strategic communication. Public relations practitioners are expected to edit. Even advertising creative professionals must edit. And journalists taking on new roles as social media editors need to understand editing at the speed of digital media. This textbook aims to prepare university-level students for these expanded editing roles in an age of convergence. Thirteen authors representing many years of collective media experience examine both traditional editing roles and new editing needs. While many mass media students will not become professional editors, this textbook assumes nearly all will need competent editing knowledge to produce products of professional quality. Editing, the authors believe, remains a bedrock skill for all students who hope to be successful in the mass media. Instructors considering this book for use in a course may request an examination copy here.

An Unwanted Guest Shari Lapena, 2018-08-07 AN INSTANT NEW YORK TIMES BESTSELLER! -Entertainment Weekly A weekend retreat at a cozy mountain lodge is supposed to be the perfect getaway . . . but when the storm hits, no one is getting away It's winter in the Catskills and Mitchell's Inn, nestled deep in the woods, is the perfect setting for a relaxing--maybe even romantic--weekend away. It boasts spacious old rooms with huge woodburning fireplaces, a well-stocked wine cellar, and opportunities for cross-country skiing, snowshoeing, or just curling up with a good murder mystery. So when the weather takes a turn for the worse, and a blizzard cuts off the electricity--and all contact with the outside world--the guests settle in and try to make the best of it. Soon, though, one of the guests turns up dead--it looks like an accident. But when a second guest dies, they start to panic. Within the snowed-in paradise, something--or someone--is picking off the guests one by one. And there's nothing they can do but hunker down and hope they can survive the storm--and one another.

Find Names for the Temple Nicole Dyer,2018-07-06 Whether your family tree is partially filled out, mostly complete, or full with many LDS relatives, this step-by-step method will help you discover new relatives and reserve their temple ordinances. You will review the accuracy of your tree, analyze your pedigree, and make a list of ancestors to research. Those with many LDS relatives will locate research opportunities by diving deeper into tree analysis and listing ancestors who were not members of the LDS Church. Using descendancy research to find cousins will open doors for those will full family trees. Instead of selecting random ancestors, you will systematically view descendancy trees for each of the ancestors in your list. By evaluating each descendancy tree, you can determine which branches are most likely to contain candidates for further research likely to be found in available records. Once you have chosen a relative to focus on, you'll begin a research project. Research begins by choosing a research question. Next you will create a simple research plan and research log. When you have completed your searches, you will then record what you found in FamilySearch, including adding sources and new relatives to the tree, and then write a summary of your research. After merging duplicates you will be ready to reserve temple ordinances. After you've successfully found names for the temple, you can repeat the process by going back to your list of candidates for further research and begin again with a new research question. Now you won't run out of research opportunities! As you research each relative one by one, you will grow to love them and think of them as friends. As President Eyring said, your heart will be bound to theirs forever.
