[The Cool Stuff in Premiere Pro](#) Jarle Leirpoll,Dylan Osborn,Paul Murphy,Andy Edwards,2017-10-11 Gain in-depth knowledge of Premiere Pro, and learn how the software “thinks.” You'll acquire new skills that will help you choose the best workflow for your project, and simplify and accelerate your video editing process. Learn how you can edit a lot faster with smarter workflows that automate several steps in the editing process. You'll also see how custom settings, presets, keyboard shortcuts and templates saves hours of work. By tailoring the software to your needs you save clicks on just about every task. With many traditional jobs now being done by one person, its important to understand audio smoothing, color grading, motion graphics, and advanced editing techniques. You'll learn these skills and disciplines and see how they'll enhance your project's workflow. All the authors are professional editors and want to know exactly how to cut your film as fast as possible with top quality output. There is invaluable information in *The Cool Stuff in Premiere Pro* that's not available anywhere else – not even in Adobe's own manuals. What You'll Learn Edit faster, no matter what the project Understand the technical stuff, like timeline settings, render codecs, color subsampling, export settings, effect controls and monitor settings Know when to send your clips to other Adobe software, and how to treat them there. Master the Premiere Pro timeline, even stacks of timelines, and edit, trim and adjust with ease Who This Book Is For Video journalists (and everyone else) will learn how to edit faster and get home in time for dinner. Bloggers will learn how to make their online video and audio “pop”. Film cutters will learn how to organize, rough cut and fine tune huge amounts of material effectively and how to output for digital cinema. Experienced video editors will learn how to deal with multi-track audio and to work faster in every step of the edit. Marketing people who edit video for social media and web pages will learn simpler ways to make a faster cut. Teachers in media studies will understand the logic in Premiere Pro, and be better prepared for teaching video editing.

Talking to Strangers Malcolm Gladwell, 2019-09-10 Malcolm Gladwell, host of the podcast *Revisionist History* and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: *The Financial Times*, *Bloomberg*, *Chicago Tribune*, and *Detroit Free Press* How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? *Talking to Strangers* is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm

Gladwell has written a gripping guidebook for troubled times.

Sunderland, Industrial Giant Marie Gardiner, 2017-11-24 Sunderland was once one of Britain's industrial giants.

Famous for its shipyards, mines and glass-making, it thrived at a time when its country needed it most. After the Second World War the town saw incredible change, as the heavy industry that seemed so permanent, faded and died. How do you cope with the loss of centuries of working tradition? These are the stories of the people who worked through this evolution, watched their town change around them and become a city – the people who saw the end of one era and the beginning of a challenging new one.

Entrepreneur to Author Scott A. MacMillan, 2020-10-06 Small business owners are struggling to stand out in authority-

driven fields. They're losing deals to the competition, getting ignored by the media, and missing out on partnerships that could change the trajectory of their business. Increasingly, entrepreneurs realize that authorship can help by building authority, generating quality leads, and providing IP that lets them efficiently scale their business. But most aren't confident in their ability to become an author...until now. In *Entrepreneur to Author*, you'll learn: The secret to a book strategy that's in lock-step with your business strategy How to efficiently plan, write, test, and refine a high-quality manuscript so you can tend to your business, family, and personal priorities The ins and outs of getting your book published, including publishing models, costs, book formats, and distribution channels The foundational strategy for building authority and the three monetization strategies you can use to grow your business with your book Using analytical, business-minded concepts, you'll gain confidence in your ability to become an outstanding first-time author, and in your book's ability to build your authority and grow your business in a way that scales up without burning you out. If you're an ambitious entrepreneur, business leader, or subject-matter expert whose business success depends on your personal authority and professional credibility, then *Entrepreneur to Author* is your strategy guide to building authority and growing your business through writing and publishing.

Adobe After Effects CS6 Visual Effects and Compositing Studio Techniques Mark Christiansen, 2012-08-08 This is the only book to focus exclusively on the creation of visual effects for After Effects, and is a one-stop resource for anyone who wants in-depth explanations that demystify the realm of visual effects and how they were created, thanks to veteran author Mark Christiansen's friendly and accessible style. A thoroughly packed, informative read, this masterful guide focuses on explaining the essential concepts, features, and techniques that are key to creating seamless movie-quality visual effects. Users who are comfortable with After Effects will find a helpful review of the fundamentals—managing footage, viewing and editing layers, animating type, and more—so they can learn how to work smarter and more efficiently. Readers of all levels will learn core techniques for effects compositing including color matching, keying, rotoscoping, motion tracking, emulating the camera, and concluding with using expressions in After Effects, written by contributor and expert Dan Ebberts. The final section of the book delves into creative explorations, demonstrating professional effects that readers might want to re-create. ÷ Readers will also find comprehensive coverage of all that's new in CS6, including variable mask feathering, Rolling Shutter Repair, Camera Tracker, and the new ray-traced 3D rendering engine which allows users to quickly design in 3D space. ÷ Included with the book are files used for many of the techniques in the book: Sample clips and projects include HD footage from Pixel Corps and Artbeats, as well as demos of plug-ins that you can use to experiment with in your own effects. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for Where are the lesson files? Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the

media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Media Piracy in Emerging Economies Joe Karaganis, 2011 Media Piracy in Emerging Economies is the first independent, large-scale study of music, film and software piracy in emerging economies, with a focus on Brazil, India, Russia, South Africa, Mexico and Bolivia. Based on three years of work by some thirty five researchers, Media Piracy in Emerging Economies tells two overarching stories: one tracing the explosive growth of piracy as digital technologies became cheap and ubiquitous around the world, and another following the growth of industry lobbies that have reshaped laws and law enforcement around copyright protection. The report argues that these efforts have largely failed, and that the problem of piracy is better conceived as a failure of affordable access to media in legal markets.
