Control Alt Achieve Eric Curts, 2020-05-10 Transform Your Classroom with Tech Tools You Already Know With *Control Alt Achieve*, educational-technology wizard Eric Curts offers you the keys to revolutionizing classroom learning with the Google tools you already use. Dazzle your students by transforming Google Docs into blackout poetry, fire up creative possibilities by using Google Slides for comic strips, and make math more accessible--and fun--by turning to Google Drawings as an unlikely ally. With Eric as your guide to the technological horizons of Google tools, the possibilities are endless. With the step-by-step and easy-to-follow directions in *Control Alt Achieve*, you'll learn how to use common digital tools in unexpected ways. Whether you're new to technology or have been using Google tools for years, Eric Curts will help you innovate as you educate with ready-to-use activities that will reboot--and transform--your classroom. Reading this book is like sitting in on a presentation from one of educational technology's best presenters. Eric's writing reminds me of his sessions: comfortable and accessible for new tech users, while still valuable for experienced users. Jake Miller, @JakeMillerTech, host of The Educational Duct Tape Podcast *Control Alt Achieve* provides both practical and pedagogical strategies that go way beyond simple technology integration. This is a great handbook for any teacher looking to go beyond the how-to and shift toward a learning transformation. Ken Shelton, kennethshelton.net In this book, Eric has created a powerful method for meaningfully integrating technology into teaching and learning. His unique way of crafting technology-rich experiences will allow anyone from a novice techie to an edtech expert the ability to control, alt, achieve! Michael Cohen, the Tech Rabbi, creativity instigator and author of *Educated by Design*

Ditch That Textbook Matt Miller, 2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

PC Mag, 1988-09-27 PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and

get more from technology.

Sweating Bullets Robert Gaskins, 2012-04-20 PowerPoint was the first presentation software designed for Macintosh and Windows, received the first venture capital investment ever made by Apple, then became the first significant acquisition ever made by Microsoft, who set up a new Graphics Business Unit in Silicon Valley to develop it further. Now, twenty-five years later, PowerPoint is installed on more than one billion computers, worldwide. In this book, Robert Gaskins (who invented the idea, managed its design and development, and then headed the new Microsoft group) tells the story of its first years, recounting the perils and disasters narrowly evaded as a startup, dissecting the complexities of being the first distant development group in Microsoft, and explaining decisions and insights that enabled PowerPoint to become a lasting success well beyond its original business uses.

When Genius Failed Roger Lowenstein, 2001-10-09 “A riveting account that reaches beyond the market landscape to say something universal about risk and triumph, about hubris and failure.”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUSINESSWEEK In this business classic—now with a new Afterword in which the author draws parallels to the recent financial crisis—Roger Lowenstein captures the gripping roller-coaster ride of Long-Term Capital Management. Drawing on confidential internal memos and interviews with dozens of key players, Lowenstein explains not just how the fund made and lost its money but also how the personalities of Long-Term’s partners, the arrogance of their mathematical certainties, and the culture of Wall Street itself contributed to both their rise and their fall. When it was founded in 1993, Long-Term was hailed as the most impressive hedge fund in history. But after four years in which the firm dazzled Wall Street as a \$100 billion moneymaking juggernaut, it suddenly suffered catastrophic losses that jeopardized not only the biggest banks on Wall Street but the stability of the financial system itself. The dramatic story of Long-Term’s fall is now a chilling harbinger of the crisis that would strike all of Wall Street, from Lehman Brothers to AIG, a decade later. In his new Afterword, Lowenstein shows that LTCM’s implosion should be seen not as a one-off drama but as a template for market meltdowns in an age of instability—and as a wake-up call that Wall Street and government alike tragically ignored. Praise for When Genius Failed “[Roger] Lowenstein has written a squalid and fascinating tale of world-class greed and, above all, hubris.”—BusinessWeek “Compelling . . . The fund was long cloaked in secrecy, making the story of its rise . . . and its ultimate destruction that much more fascinating.”—The Washington Post “Story-telling journalism at its best.”—The Economist

Wonderfall Michael Hall, 2016-09-06 This beautiful and informative picture book follows a single tree through the fall season, from the end of summer to winter’s first snowfall. A great read-aloud for home and the classroom by the New York Times–bestselling creator of *My Heart Is Like a Zoo* and *Red: A Crayon’s Story*. Wonderfall follows a single tree through the changing of the seasons. People, animals, and vehicles pass in front of the tree, celebrating holidays, playing in its leaves,

and getting ready for winter. Fifteen combined words (thankful + fall = thankFALL, plentiful + fall = plentiFALL) underscore the themes and concepts of the season, while the main attraction—the beautiful tree—drops acorns, loses leaves, and provides food and a home for a pair of scurrying squirrels. Two full spreads at the back of the book offer additional information about the animals featured in the book, as well as the science behind squirrels, acorns, and saplings.

Designing Science Presentations Matt Carter,2020-11-28 *Designing Science Presentations: A Visual Guide to Figures, Papers, Slides, Posters, and More*, Second Edition, guides scientists of any discipline in the design of compelling science communication. Most scientists never receive formal training in the design, delivery and evaluation of scientific communication, yet these skills are essential for publishing in high-quality journals, soliciting funding, attracting lab personnel, and advancing a career. This clear, readable volume fills that gap, providing visually intensive guidance at every step—from the construction of original figures to the presentation and delivery of those figures in papers, slideshows, posters and websites. The book provides pragmatic advice on the preparation and delivery of exceptional scientific presentations and demonstrates hundreds of visually striking presentation techniques. - Features clear headings for each section, indicating its message with graphic illustrations - Provides clear and concise explanations of design principles traditionally taught in design or visualization courses - Includes examples of high-quality figures, page layouts, slides, posters and webpages to aid readers in creating their own presentations - Includes numerous before and after examples to illustrate the contrast between poor and outstanding presentations

There Was an Old Lady Who Swallowed Some Leaves! Lucille Colandro,2010-11-01 Get ready to fall over laughing in this autumnal-themed story featuring everyone's favorite old lady! That lovely old lady is ready for her fall comeback! What can you make from leaves, clothes, a pumpkin, and rope? Only this old lady knows the secret!With rhyming text and funny illustrations, this lively version of the classic song will appeal to young readers with every turn of the page--a fun story to get ready for the fall season.

Full of Fall April Pulley Sayre,2017-08-29 Discover the magic—and the science—behind fall leaves with this companion to the celebrated *Raindrops Roll* and *Best in Snow*. With gorgeous photo illustrations, award-winning author April Pulley Sayre explores the transformation trees undergo in fall. The book takes readers through the leaves' initial change from green to red, yellow, and orange, the shedding of the leaves, and the leaves crumbling as winter approaches. Extensive back matter explains the science behind this process to the youngest of budding scientists.

The Human Centered Brand Nela Dunato,2018-10-04 Promote your business with clarity, ease, and authenticity. The Human Centered Brand is a practical branding guide for service based businesses and creatives, that helps you grow meaningful relationships with your clients and your audience. If you're a writer, marketing consultant, creative agency owner, lawyer, illustrator, designer, developer, psychotherapist, personal trainer, dentist, painter, musician, bookkeeper, or

other type of service business owner, the methods described in this book will assist you in expressing yourself naturally and creating a resonant, remarkable, and sustainable brand. Read this book to learn: Why conventional branding approaches don't work for service based businesses. How to identify your core values and use them in your business and marketing decisions. Different ways you can make your business unique among all the competition. How to express yourself verbally through your website, emails, articles, videos, talks, podcasts... What makes your ideal clients truly ideal, and how to connect with real people who appreciate you as you are. How to craft an effective tagline. What are the most important elements of a visual brand identity, and how to use them to design your own brand. How to craft an exceptional client experience and impress your clients with your professionalism. How your brand relates to your business model, pricing, company culture, fashion style, and social impact. Whether you're a complete beginner or have lots of experience with marketing and design, you'll get new insights about your own brand, and fresh ideas you'll want to implement right away. The companion workbook, checklists, templates, and other bonuses ensure that you not only learn new information, but create a custom brand strategy on your own. Learn more at humancenteredbrand.com

Printed on single side pages Easy color guide on opposite page Color test page Coloring tips page Bonus images from other coloring books Totally relaxing! This coloring book is great for anyone who really needs to destress, unwind, and just be present.

Endangered Eliot Schrefer, 2012-10-01 From National Book Award Finalist Eliot Schrefer comes the compelling tale of a girl who must save a group of bonobos -- and herself -- from a violent coup. Congo is a dangerous place, even for people who are trying to do good. When Sophie has to visit her mother at her sanctuary for bonobos, she's not thrilled to be there. Then Otto, an infant bonobo, comes into her life, and for the first time she feels responsible for another creature. But peace does not last long for Sophie and Otto. When an armed revolution breaks out in the country, the sanctuary is attacked, and the two of them must escape unprepared into the jungle. Caught in the crosshairs of a lethal conflict, they must struggle to keep safe, to eat, and to live. In **ENDANGERED**, Eliot Schrefer plunges us into a heart-stopping exploration of the things we do to survive, the sacrifices we make to help others, and the tangled geography that ties us all, human and animal, together.

Hyperfocus Chris Bailey, 2018-08-28 By the author of *How To Calm Your Mind*, a practical guide to managing your attention—the most powerful resource you have to get stuff done, become more creative, and live a meaningful life Our

attention has never been as overwhelmed as it is today. Many of us recognize that our brains struggle to multitask. Despite this, we feel compelled to do so anyway while we fill each moment of our lives to the brim with mindless distraction. Hyperfocus provides profound insights into how you can best take charge of your attention to achieve a greater sense of purpose and productivity throughout the day. The most recent neuroscientific research reveals that our brain has two powerful modes that can be unlocked when we use our attention effectively: a focused mode (hyperfocus), which is the foundation for being highly productive, and a creative mode (scatterfocus), which enables us to connect ideas in novel ways. Hyperfocus helps you access each of the two mental modes so you can concentrate more deeply, think more clearly, and work and live more deliberately every day. Chris Bailey examines such topics such as: identifying and dealing with the four key types of distraction and interruption; establishing a clear physical and mental environment in which to work; controlling motivation and working fewer hours to become more productive; taking time-outs with intention; multitasking strategically; and learning when to pay attention and when to let your mind wander wherever it wants to. By transforming how you think about your attention, Hyperfocus reveals that the more effectively you learn to take charge of it, the better you'll be able to manage every aspect of your life.

Blitzscaling: The Lightning-Fast Path to Building Massively Valuable Companies Reid Hoffman,Chris Yeh,2018-10-09 Foreword by Bill Gates From the authors of New York Times bestsellers, *The Alliance* and *The Start-up of You*, comes a smart and accessible must-have guide for budding entrepreneurs everywhere.

The Financial Crisis Inquiry Report, Authorized Edition United States. Financial Crisis Inquiry Commission,2011-01-27 Examines the causes of the financial crisis that began in 2008 and reveals the weaknesses found in financial regulation, excessive borrowing, and breaches in accountability.

Turkey Trouble Wendi J. Silvano,2009 As Thanksgiving Day approaches, Turkey nervously makes a series of costumes, disguising himself as other farm animals in hopes that he can avoid being served as Thanksgiving dinner.

Story Robert McKee,1999-01 In *Story* screenwriting guru Robert McKee presents his powerful and much sought-after knowledge in a comprehensive guide to the essentials of screenwriting and storytelling. -- Methuen.

Design as Democracy David de la Pena,2017-12-07 How can we design places that fulfill urgent needs of the community, achieve environmental justice, and inspire long-term stewardship? By bringing community members to the table with designers to collectively create vibrant, important places in cities and neighborhoods. For decades, participatory design practices have helped enliven neighborhoods and promote cultural understanding. Yet, many designers still rely on the same techniques that were developed in the 1950s and 60s. These approaches offer predictability, but hold waning promise for addressing current and future design challenges. *Design as Democracy* is written to reinvigorate democratic design, providing inspiration, techniques, and case stories for a wide range of contexts. Edited by six leading practitioners and

academics in the field of participatory design, with nearly 50 contributors from around the world, it offers fresh insights for creating meaningful dialogue between designers and communities and for transforming places with justice and democracy in mind.
