Brown Bag Lessons Don Alexander, Eric R Jaren, 2012 *Brown Bag Lessons*, *The Magic of Bullet Writing* centers on effective bullet writing and guarantees immediate improvement. Skillful writing doesn't have to be difficult. No other book approaches writing the way this book does, and no other book teaches these techniques. After reading this book, you will fully understand how to write strong bullets and why every word matters. In 2003 the author created a seminar to teach a fair and consistent process to evaluate recognition packages. This seminar transformed an entire organization within six months. Since then, the techniques have decisively transformed the writing, recognition, and promotions of every organization applying them. The practices in this book continue to positively impact the Air Force and sister services through professional military education. In addition, the concepts have helped transitioning service members and college students better communicate acquired capabilities and competencies on their résumés. Read on to discover the magic and open your eyes to a brand new way to look at writing. The US Air Force promotion system emphasizes the importance of documenting your very best accomplishments. Under this system, promotion comes from the most recent performance reports, so Airmen must communicate the best accomplishments and not just words that fill the white space. *This Magic of Bullet Writing* will ensure you know how to articulate not just what you are doing but also convey your strongest competencies and capabilities so the promotion board can fully assess your readiness for promotion. Training materials that correspond to the lessons in this book are available for free download at <http://www.brownbaglessons.com>. Are you ready for the magic?

The Leadership Partnership Daryl Fischer, Laura B. Roberts, 2018-04-05 *The Leadership Partnership* is volume two in the Museum Trustee Association's *Templates for Trustees* series. The book and customizable web-based templates feature tools that help boards to consider their options, identify their priorities, and plan their actions at this critical moment in a museum's life cycle. In addition to the manual and on-line website, purchasers have access to the ongoing assistance of MTA

staff. As nonprofit management becomes more challenging, thinking about the relationship between the board and the director is evolving. The bright line between the board's responsibility for policy and the staff's responsibility for management is blurring. The Leadership Partnership explores and supports this critical partnership between the executive director and the board and helps leadership develop strategies and approaches appropriate for the individual institution. A series of online surveys allows board members to look at their own performance, that of the board as a whole and that of the executive director across ten critical areas of museum management: mission, vision and strategy; professional development, board operations, individual relationships, oversight, finances and fundraising, collections, facilities, and public engagement. The final template guides users into turning the findings from the surveys into a leadership plan, to be presented and discussed with the board.

Winning Your Election the Wellstone Way Jeff Blodgett,Bill Lofy,Ben Goldfarb,Erik Peterson,2008-07-10 As the 2008 presidential race dominates political discussion and media coverage worldwide, thousands of lesser-known local contests are being hard-fought in our neighborhoods, cities, and states. Winning Your Election the Wellstone Way is based on the work of Wellstone Action, a leading-edge progressive training center that has instructed thousands of political activists, campaign managers, and volunteers, of whom more than two hundred have gone on to run for office and win. Jeff Blodgett and Bill Lofy analyze the crucial lessons learned from many successful (and several losing) campaigns and demystifies what it takes to run for—and win—a political seat. This companion guide to Politics the Wellstone Way, the best-selling introduction to political action, features the in-depth knowledge that campaigns need to take energy and engagement to the next level—getting elected. With detailed and informative examples from progressive campaigns at every level throughout the United States, Winning Your Election the Wellstone Way combines grassroots organizing with political strategy, articulating a bold populist agenda. If you have ever considered volunteering for a political candidate, working for a campaign, or even running for public office yourself, Winning Your Election the Wellstone Way is the key resource you need to devise a sophisticated, progressive, and successful strategy and, ultimately, affect people's lives for the better.
