Beach Soccer Histories Lee McGowan, Elizabeth Ellison, Michele Lastella, 2023-09-22 Beach Soccer Histories is the first text to consider the sport as a historical, social and cultural phenomenon, to define its traditions, and present leading research on the development and significance of football played on sand. Following a period of expansive, rapid growth, beach soccer is an internationally governed professional sport, which has come a long way from its origins in Rio de Janeiro in the 1920s. The sand-based variant is distinguished from football by a range of factors, including the dramatic impact of the playing surface. Yet, the game has undergone very little academic scrutiny. This research adopts and adapts qualitative methods related to oral history and football studies, including extensive archival research, semi-structured interviews, and textual and thematic analyses. As it looks beneath the game's contemporary reach, it considers origins, organisations - including FIFA's influence - and the beach cultures that underpin its sporting and historical development. This the most comprehensive exploration of beach soccer and a century of its existence. Beach Soccer Histories examines the game's historical development, critical moments and movements in its progress, successes and contentions, and its contemporary state of play with a view to deepening and advancing our understanding of the game.

[Feng Shui Mommy](#) Bailey Gaddis, 2017-04-14 Impending motherhood serves up a confusing cocktail of heroic strength and terrifying vulnerability. Our culture has seized on the "vulnerability" part of this experience and tends to reinforce a pregnant woman's insecurities instead of encouraging her to embrace this most natural time and trust her body, her intuition, and her own mind. *Feng Shui Mommy* takes a different approach, helping the expecting mother build her own unique, epic journey to motherhood. It's about supporting her while she shores up her mind-body-spirit alignment so she can

best handle the cosmic kick in the uterus and juicy kiss on the soul that pregnancy is. Bailey Gaddis guides women through the experience, providing specific suggestions for mind, body, and spirit for each trimester (including the “fourth,” after birth), leading to birth preparation designed for each mother and baby, and culminating in strong mother-child bonding. She includes detailed and practical information about prenatal exercise and nutrition, birth preferences and birthing positions, breath work, breastfeeding, and much more. Her advice allows mothers to welcome delight and curiosity into the journey while taking each phase with purpose and calm — and even a sense of fun. This comprehensive guide makes challenge and change joyful, allowing new life to be as incomparably wonder-filled as it is meant to be.
