technical communication is rapidly expanding in both the academic world and the private sector, yet a problematic divide remains between theory and practice. Here Stuart A. Selber and Johndan Johnson-Eilola, both respected scholars and teachers of technical communication, effectively bridge that gap. *Solving Problems in Technical Communication* collects the latest research and theory in the field and applies it to real-world problems faced by practitioners—problems involving ethics, intercultural communication, new media, and other areas that determine the boundaries of the discipline. The book is structured in four parts, offering an overview of the field, situating it historically and culturally, reviewing various theoretical approaches to technical communication, and examining how the field can be advanced by drawing on diverse perspectives. Timely, informed, and practical, *Solving Problems in Technical Communication* will be an essential tool for undergraduates and graduate students as they begin the transition from classroom to career.

*What Can and Can't be Said* Dell Upton, 2015-01-01 An original study of monuments to the civil rights movement and African American history that have been erected in the U.S. South over the past three decades, this powerful work explores how commemorative structures have been used to assert the presence of black Americans in contemporary Southern society. The author cogently argues that these public memorials, ranging from the famous to the obscure, have emerged from, and speak directly to, the region's complex racial politics since monument builders have had to contend with widely varied interpretations of the African American past as well as a continuing presence of white supremacist attitudes and monuments.--Book jacket.

**Eve of a Hundred Midnights** Bill Lascher, 2016-06-21 The unforgettable true story of two married journalists on an island-hopping run for their lives across the Pacific after the Fall of Manila during World War II—a saga of love, adventure, and danger. On New Year's Eve, 1941, just three weeks after the attack on Pearl Harbor, the Japanese were bombing the Philippine capital of Manila, where journalists Mel and Annalee Jacoby had married just a month earlier. The couple had worked in China as members of a tight community of foreign correspondents with close ties to Chinese leaders; if captured by invading Japanese troops, they were certain to be executed. Racing to the docks just before midnight, they barely escaped on a freighter—the beginning of a tumultuous journey that would take them from one island outpost to another. While keeping ahead of the approaching Japanese, Mel and Annalee covered the harrowing war in the Pacific Theater—two of only a handful of valiant and dedicated journalists reporting from the region. Supported by deep historical research, extensive

interviews, and the Jacobys' personal letters, Bill Lascher recreates the Jacobys' thrilling odyssey and their love affair with the Far East and one another. Bringing to light their compelling personal stories and their professional life together, *Eve of a Hundred Midnights* is a tale of an unquenchable thirst for adventure, of daring reportage at great personal risk, and of an enduring romance that blossomed in the shadow of war.

*Living and Sustaining a Creative Life* Sharon Loudon, 2013 In this day and age, when art has become more of a commodity and art school graduates are convinced that they can only make a living from their work by attaining gallery representation, it is more important than ever to show the reality of how a professional, contemporary artist sustains a creative practice over time. The forty essays collected in *Living and Sustaining a Creative Life* are written in the artists' own voices and take the form of narratives, statements, and interviews. Each story is different and unique, but the common

thread is an ongoing commitment to creativity, inside and outside the studio. Both day-to-day and big picture details are revealed, showing how it is possible to sustain a creative practice that contributes to the ongoing dialogue in contemporary art. These stories will inform and inspire any student, young artist, and art enthusiast and will help redefine what success means to a professional artist.

**Mcdp 1-3 Tactics** Department of Defense,2017-05-22 This publication is about winning in combat. Winning requires many things: excellence in techniques, an appreciation of the enemy, exemplary leadership, battlefield judgment, and focused combat power. Yet these factors by themselves do not ensure success in battle. Many armies, both winners and losers, have possessed many or all of these attributes. When we examine closely the differences between victor and vanquished, we draw one conclusion. Success went to the armies whose leaders, senior and junior, could best focus their efforts-their skills and their resources-toward a decisive end. Their success arose not merely from excellence in techniques, procedures, and material but from their leaders' abilities to uniquely and effectively combine them. Winning in combat depends upon tactical leaders who can think creatively and act decisively.

**Kiki and Jacques** Susan Ross,2015-08-17 Can Kiki and Jacques be friends—or are they just too different? Life could be better for twelve-year-old Jacques. But the arrival of Somali refugees shakes up nearly everything in his French-American Maine town, even soccer. Jacques isn't the only star anymore—Mohamed is just as good as him, maybe better. School, church, sports . . . everything suddenly seems different. So Jacques is surprised to find himself becoming friends with Kiki, a smart, kind, and strong-minded Somali Muslim girl with a mysterious scar. Can kids as seemingly different as Jacques and Kiki be friends? *Kiki and Jacques* offers a realistic and heartwarming portrait of a town learning to embrace its changing face. **Guns, Democracy, and the Insurrectionist Idea** Joshua Horwitz,Casey Anderson,2018-05-09 Guns, Democracy, and the Insurrectionist Idea recasts the gun debate by showing its importance to the future of democracy and the modern regulatory state. Until now, gun rights advocates had effectively co-opted the language of liberty and democracy and made it their own. This book is an important first step in demonstrating how reasonable gun control is essential to the survival of democracy and ordered liberty. ---Saul Cornell, Ohio State University When gun enthusiasts talk about constitutional liberties guaranteed by the Second Amendment, they are referring to freedom in a general sense, but they also have something more specific in mind---freedom from government oppression. They argue that the only way to keep federal authority in check is to arm individual citizens who can, if necessary, defend themselves from an aggressive government. In the past decade, this view of the proper relationship between government and individual rights and the insistence on a role for private violence in

a democracy has been co-opted by the conservative movement. As a result, it has spread beyond extreme militia groups to influence state and national policy. In *Guns, Democracy, and the Insurrectionist Idea*, Joshua Horwitz and Casey Anderson set the record straight. They challenge the proposition that more guns equal more freedom and expose Insurrectionism as a true threat to freedom in the United States today. Joshua Horwitz received a law degree from George Washington University and is currently a visiting scholar at the Johns Hopkins Bloomberg School of Public Health. Casey Anderson holds a law degree from Georgetown University and is currently a lawyer in private practice in Washington, D.C.

**Ownership and Appropriation** Veronica Strang, Mark Busse, 2020-06-03 In a world of finite resources, expanding populations and widening structural inequalities, the ownership of things is increasingly contested. Not only are the commons being rapidly enclosed and privatized, but the very idea of what can be owned is expanding, generating conflicts over the ownership of resources, ideas, culture, people, and even parts of people. Understanding processes of ownership and appropriation is not only central to anthropological theorizing but also has major practical applications, for policy, legislative development and conflict resolution. *Ownership and Appropriation* significantly extends anthropology's long-term concern with property by focusing on everyday notions and acts of owning and appropriating. The chapters document the relationship between ownership, subjectivities and personhood; they demonstrate the critical consequences of materiality and immateriality on what is owned; and they examine the social relations of property. By approaching ownership as social communication and negotiation, the text points to a more dynamic and processual understanding of property, ownership and appropriation.

[Searching for Lottie](#) Susan Ross, 2019-03-05 Lottie, a talented violinist, disappeared during the Holocaust. Can her grand-niece, Charlie, discover what happened? A long-lost cousin, a mysterious locket, a visit to Nana Rose in Florida, a diary written in German, and a very special violin all lead twelve-year-old Charlie to the truth about her great-aunt Lottie in this intriguing, intergenerational mystery. Charlie, a budding violinist, decides to research the life of her great-aunt and namesake for her middle school ancestry project. Everyone in Charlie's family believes Great-Aunt Charlotte (called Lottie), a violin prodigy, died at the hands of the Nazis, but the more Charlie uncovers about her long-lost relative, the more muddled Great-Aunt Lottie's story becomes. Could it be that Lottie somehow survived the war by hiding in Hungary? Could she even still be alive today? In *Searching for Lottie*, Susan Ross has written a highly personal work of historical fiction that is closely inspired by her own family history, exploring the ongoing effects of the Holocaust on families today. Includes a letter from the author describing the research that shaped this story.

**Heirloom Kitchen** Anna Francese Gass, 2019-04-30 A gorgeous, full-color illustrated cookbook and personal cultural history, filled with 100 mouthwatering recipes from around the world, that celebrates the culinary traditions of strong, empowering immigrant women and the remarkable diversity that is American food. As a child of Italian immigrants, Anna

Francesca Goss grew up eating her mother's Calabrian cooking. But when this professional cook realized she had no clue how to make her family's beloved meatballs—a recipe that existed only in her mother's memory—Anna embarked on a project to record and preserve her mother's recipes for generations to come. In addition to her recipes, Anna's mother shared stories from her time in Italy that her daughter had never heard before, intriguing tales that whetted Anna's appetite to learn more. Reaching out to her friends whose mothers were also immigrants, Anna began cooking with dozens of women who were eager to share their unique memories and the foods of their homelands. In Heirloom Kitchen, Anna brings together the stories and dishes of forty-five strong, exceptional women, all immigrants to the United States, whose heirloom recipes have helped shape the landscape of American food. Organized by region, the 100 tantalizing recipes include: Magda's Pork Adobo from the Philippines Shari's Fersenjoon, a walnut and pomegranate stew, from Iran Tina's dumplings from Northern China Anna's mother's Calabrian Meatballs from Southern Italy In addition to the dishes, these women share their recollections of coming to America, stories of hardship and happiness that illuminate the power of food—how cooking became a comfort and a respite in a new land for these women, as well as a tether to their native cultural identities. Accented with 175 photographs, including food shots, old family photographs, and ephemera of the cooks' first years in America—such as Soon Sun's recipe book pristinely handwritten in Korean or Bea's cherished silver pitcher, a final gift from her own mother before leaving Serbia—Heirloom Kitchen is a testament to empowerment and strength, perseverance and inclusivity, and a warm and inspiring reminder that the story of immigrant food is, at its core, a story of American food.
