Playboy: The Complete Centerfolds, 1953-2016 ,2017-09-05 With the first centerfold image of the radiant Marilyn Monroe, Hugh M. Hefner masterminded a cultural icon: Playboy's Playmate of the Month. This voluptuous new edition celebrates every nude centerfold from every issue of Playboy, from 1953 to February 2016. Initially published a decade ago, and now comprehensively updated, this must-have edition boasts 734 nude centerfolds and decade openers from literary luminaries, including an all-new essay by Elizabeth Wurtzel on the last decade of centerfolds, and a redesigned package that perfectly captures the complete cultural and aesthetic arc of the Playboy centerfold. With contributions by: - Robert Coover - Paul Theroux - Robert Stone - Jay McInerney - Daphne Merkin - Maureen Gibbon - Elizabeth Wurtzel

A Woman's Fortune Josephine Cox,2018-06-28 The new novel from Sunday Times bestselling author Josephine Cox - the master storyteller.

Playboy's New Bar Guide Thomas Mario,1986 Recipes for more than one thousand mixed drinks are supplemented by sections on bar lore, hosting tips, and party drinking

More Than the Sum of His Parts Joe Haldeman,2020-07-21 The ultimate collection of classic science fiction stories and poems from the Hugo and Nebula Award-winning author of the Forever War Series. An omnibus edition of his collections *None So Blind* and *Dealing in Futures*, this volume features the best of Joe Haldeman's short speculative fiction, including such gems as the Hugo and Nebula Award-winning "The Hemingway Hoax," in which a forged Hemingway manuscript takes the reader on a journey through time and multiple universes; the Hugo and Locus Award-winning "None So Blind;" the World Fantasy and Nebula Award-winning "Graves;" and the Rhysling Award-winning poem "Saul's Death." From stories steeped in the horrors of the Vietnam War to tales of cyborg transformations and space explorations, Haldeman flexes his narrative powers to deliver works that will live on for generations to come. "If there was a Fort Knox for science fiction writers who really matter, we'd have to lock Haldeman up there." —Stephen King "One of the most prophetic writers of our times." —David Brin

Spawn #300 Todd McFarlane,Scott Snyder,2019-09-04 SPAWN MAKES HISTORY! With this 300th issue, SPAWN becomes the longest-running independent series in comic book history. To celebrate, legendary artists TODD McFARLANE and GREG CAPULLO return with ALL-NEW interior pencils, with additional art provided by JASON SHAWN ALEXANDER, J.

The Improv Handbook Tom Salinsky, Deborah Frances-White, 2017-10-19 The Improv Handbook is the most comprehensive, smart, helpful and inspiring guide to improv available today. Applicable to comedians, actors, public speakers and anyone who needs to think on their toes, it features a range of games, interviews, descriptions and exercises that illuminate and illustrate the exciting world of improvised performance. First published in 2008, this second edition features a new foreword by comedian Mike McShane, as well as new exercises on endings, managing blind offers and master-servant games, plus new and expanded interviews with Keith Johnstone, Neil Mullarkey, Jeffrey Sweet and Paul Rogan. The Improv Handbook is a one-stop guide to the exciting world of improvisation. Whether you're a beginner, an expert, or would just love to try it if you weren't too scared, The Improv Handbook will guide you every step of the way.

The Playboy Interview G. Barry Golson, 1981 Forty memorable Playboy interviews collected over the past eighteen years reveal the ideas and personalities of such public figures as Jimmy Carter, Malcolm X, Timothy Leary, Albert Schweitzer, and Mae West

The End of Normal Lennard Davis, 2014-01-03 In an era when human lives are increasingly measured and weighed in relation to the medical and scientific, notions of what is “normal” have changed drastically. While it is no longer useful to think of a person’s particular race, gender, sexual orientation, or choice as “normal,” the concept continues to haunt us in other ways. In *The End of Normal*, Lennard J. Davis explores changing perceptions of body and mind in social, cultural, and political life as the twenty-first century unfolds. The book’s provocative essays mine the worlds of advertising, film, literature, and the visual arts as they consider issues of disability, depression, physician-assisted suicide, medical diagnosis, transgender, and other identities. Using contemporary discussions of biopower and biopolitics, Davis focuses on social and cultural production—particularly on issues around the different body and mind. *The End of Normal* seeks an analysis that works comfortably in the intersection between science, medicine, technology, and culture, and will appeal to those interested in cultural studies, bodily practices, disability, science and medical studies, feminist materialism, psychiatry, and psychology.

My New Roots Sarah Britton, 2015-03-31 Holistic nutritionist and highly-regarded blogger Sarah Britton presents a refreshing, straight-forward approach to balancing mind, body, and spirit through a diet made up of whole foods. Sarah Britton's approach to plant-based cuisine is about satisfaction--foods that satiate on a physical, emotional, and spiritual level. Based on her knowledge of nutrition and her love of cooking, Sarah Britton crafts recipes made from organic vegetables, fruits, whole grains, beans, lentils, nuts, and seeds. She explains how a diet based on whole foods allows the body to regulate itself, eliminating the need to count calories. *My New Roots* draws on the enormous appeal of Sarah Britton's blog, which strikes the perfect balance between healthy and delicious food. She is a whole food lover, a cook who makes simple

accessible plant-based meals that are a pleasure to eat and a joy to make. This book takes its cues from the rhythms of the earth, showcasing 100 seasonal recipes. Sarah simmers thinly sliced celery root until it mimics pasta for Butternut Squash Lasagna, and whips up easy raw chocolate to make homemade chocolate-nut butter candy cups. Her recipes are not about sacrifice, deprivation, or labels--they are about enjoying delicious food that's also good for you.

The Art of Doug Sneyd: a Collection of Playboy Cartoons Doug Sneyd,2016 Doug Sneyd's scintillating cartoons have graced the pages of Playboy magazine since the early 1960s. This collection features nearly three hundred of the most sumptuous, striking, and hilarious of Doug's full-page, full-color cartoons. Readers will be charmed by the gorgeous, scantily (and even non-) clad 'Sneyd' girls and the clever one-liners they so ably illustrate.--Page 4 of cover.

Speculative Everything Anthony Dunne,Fiona Raby,2013-12-06 How to use design as a tool to create not only things but ideas, to speculate about possible futures. Today designers often focus on making technology easy to use, sexy, and consumable. In *Speculative Everything*, Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas. For them, design is a means of speculating about how things could be—to imagine possible futures. This is not the usual sort of predicting or forecasting, spotting trends and extrapolating; these kinds of predictions have been proven wrong, again and again. Instead, Dunne and Raby pose “what if” questions that are intended to open debate and discussion about the kind of future people want (and do not want). *Speculative Everything* offers a tour through an emerging cultural landscape of design ideas, ideals, and approaches. Dunne and Raby cite examples from their own design and teaching and from other projects from fine art, design, architecture, cinema, and photography. They also draw on futurology, political theory, the philosophy of technology, and literary fiction. They show us, for example, ideas for a solar kitchen restaurant; a flypaper robotic clock; a menstruation machine; a cloud-seeding truck; a phantom-limb sensation recorder; and devices for food foraging that use the tools of synthetic biology. Dunne and Raby contend that if we speculate more—about everything—reality will become more malleable. The ideas freed by speculative design increase the odds of achieving desirable futures.

No Logo Naomi Klein,2000-01-15 What corporations fear most are consumers who ask questions. Naomi Klein offers us the arguments with which to take on the superbrands. Billy Bragg from the bookjacket.

Expanded Cinema Gene Youngblood,2020-03-03 Fiftieth anniversary reissue of the founding media studies book that helped establish media art as a cultural category. First published in 1970, Gene Youngblood's influential *Expanded Cinema* was the first serious treatment of video, computers, and holography as cinematic technologies. Long considered the bible for media artists, Youngblood's insider account of 1960s counterculture and the birth of cybernetics remains a mainstay reference in today's hypermediated digital world. This fiftieth anniversary edition includes a new Introduction by the author that offers conceptual tools for understanding the sociocultural and sociopolitical realities of our present world. A unique

eyewitness account of burgeoning experimental film and the birth of video art in the late 1960s, this far-ranging study traces the evolution of cinematic language to the end of fiction, drama, and realism. Vast in scope, its prescient formulations include “the paleocybernetic age,” “intermedia,” the “artist as design scientist,” the “artist as ecologist,” “synaesthetics and kinesthetics,” and “the technosphere: man/machine symbiosis.” Outstanding works are analyzed in detail. Methods of production are meticulously described, including interviews with artists and technologists of the period, such as Nam June Paik, Jordan Belson, Andy Warhol, Stan Brakhage, Carolee Schneemann, Stan VanDerBeek, Les Levine, and Frank Gillette. An inspiring Introduction by the celebrated polymath and designer R. Buckminster Fuller—a perfectly cut gem of countercultural thinking in itself—places *Youngblood*’s radical observations in comprehensive perspective. Providing an unparalleled historical documentation, *Expanded Cinema* clarifies a chapter of countercultural history that is still not fully represented in the arthistorical record half a century later. The book will also inspire the current generation of artists working in ever-newer expansions of the cinematic environment and will prove invaluable to all who are concerned with the technologies that are reshaping the nature of human communication.

Gahan Wilson Gahan Wilson, Hugh Hefner, 2009 Gahan Wilson is among the most popular, widely-read and beloved cartoonists in the history of the medium, whose career spans the second half of the 20th century. His work has been seen by hundreds of millions of people in the pages of *Playboy*, *The New Yorker*, *Punch*, *The National Lampoon* and many other magazines. He is revered for his playfully sinister take on childhood, adulthood, men, women - and monsters. This three-volume set contains every cartoon Wilson ever drew for *Playboy*, along with all his prose fiction and text-and-art features.

Roadside Picnic Arkady Strugatsky, Boris Strugatsky, Olena Bormashenko, 2012-05-01 Red Schuhart is a stalker, one of those young rebels who are compelled, in spite of extreme danger, to venture illegally into the Zone to collect the mysterious artifacts that the alien visitors left scattered around. His life is dominated by the place and the thriving black market in the alien products. But when he and his friend Kirill go into the Zone together to pick up a “full empty,” something goes wrong. And the news he gets from his girlfriend upon his return makes it inevitable that he’ll keep going back to the Zone, again and again, until he finds the answer to all his problems. First published in 1972, *Roadside Picnic* is still widely regarded as one of the greatest science fiction novels, despite the fact that it has been out of print in the United States for almost thirty years. This authoritative new translation corrects many errors and omissions and has been supplemented with a foreword by Ursula K. Le Guin and a new afterword by Boris Strugatsky explaining the strange history of the novel’s publication in Russia.

Drugs Unlimited Mike Power, 2014-10-14 The very first thing ever bought or sold on the Internet was marijuana, when Stanford and MIT students used ARPANET to cut a deal in the early '70s. Today, you can order any conceivable pill or powder with the click of a mouse. In *Drugs Unlimited*, Mike Power tells the tale of drugs in the Internet Age, in which users

have outmaneuvered law enforcement, breached international borders, and created a massive worldwide black market. But the online market in narcotics isn't just changing the way drugs are bought and sold; it's changing the nature of drugs themselves. Enterprising dealers are using the Web to engage highly skilled foreign chemists to tweak the chemical structures of banned drugs—just enough to create a similar effect and just enough to render them legal in most parts of the world. Drugs are marketed as not for human consumption, but everyone knows exactly how they're going to be used—what they can't know is whether their use might prove fatal. From dancefloors to the offices of apathetic government officials, via social networking sites and underground labs, Power explores this agile, international, virtual subculture that will always be one step ahead of the law.

Fundamentals of Multimedia Ze-Nian Li, Mark S. Drew, Jiangchuan Liu, 2014-04-09 This textbook introduces the “Fundamentals of Multimedia”, addressing real issues commonly faced in the workplace. The essential concepts are explained in a practical way to enable students to apply their existing skills to address problems in multimedia. Fully revised and updated, this new edition now includes coverage of such topics as 3D TV, social networks, high-efficiency video compression and conferencing, wireless and mobile networks, and their attendant technologies. Features: presents an overview of the key concepts in multimedia, including color science; reviews lossless and lossy compression methods for image, video and audio data; examines the demands placed by multimedia communications on wired and wireless networks; discusses the impact of social media and cloud computing on information sharing and on multimedia content search and retrieval; includes study exercises at the end of each chapter; provides supplementary resources for both students and instructors at an associated website.

Chicago Whet Moser, 2018-10-15 Chicago has been called the “most American of cities” and the “great American city.” Not the biggest or the most powerful, nor the richest, prettiest, or best, but the most American. How did it become that? And what does it even mean? At its heart, Chicago is America’s great hub. And in this book, Chicago magazine editor and longtime Chicagoan Whet Moser draws on Chicago’s social, urban, cultural, and often scandalous history to reveal how the city of stinky onions grew into the great American metropolis it is today. Chicago began as a trading post, which grew into a market for goods from the west, sprouting the still-largest rail hub in America. As people began to trade virtual representations of those goods—futures—the city became a hub of finance and law. And as academics studied the city’s growth and its economy, it became a hub of intellect, where the University of Chicago’s pioneering sociologists shaped how cities at home and abroad understood themselves. Looking inward, Moser explores how Chicago thinks of itself, too, tracing the development of and current changes in its neighborhoods. From Boystown to Chinatown, Edgewater to Englewood, the Ukrainian Village to Little Village, Chicago is famous for them—and infamous for the segregation between them. With insight sure to enlighten both residents and anyone lucky enough to visit the City of Big Shoulders, Moser offers an informed local’s

perspective on everything from Chicago's enduring paradoxes to tips on its most interesting sights and best eats. An affectionate, beautifully illustrated urban portrait, his book takes us from the very beginnings of Chicago as an idea—a vision in the minds of the region's first explorers—to the global city it has become.

Predictably Irrational Dan Ariely, 2008-02 Intelligent, lively, humorous, and thoroughly engaging, *The Predictably Irrational* explains why people often make bad decisions and what can be done about it.
