*Ditch That Textbook* Matt Miller, 2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as

soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

**Blue Ocean Leadership (Harvard Business Review Classics)** W. Chan Kim, Renée A. Mauborgne, 2017-05-30 Ten years ago, world-renowned professors W. Chan Kim and Renee Mauborgne broke ground by introducing blue ocean strategy, a new model for discovering uncontested markets that are ripe for growth. In this bound version of their bestselling Harvard Business Review classic article, they apply their concepts and tools to what is perhaps the greatest challenge of leadership: closing the gulf between the potential and the realized talent and energy of employees. Research indicates that this gulf is vast: According to Gallup, 70% of workers are disengaged from their jobs. If companies could find a way to convert them into engaged employees, the results could be transformative. The trouble is, managers lack a clear understanding of what changes they could make to bring out the best in everyone. In this article, Kim and Mauborgne offer a solution to that problem: a systematic approach to uncovering, at each level of the organization, which leadership acts and activities will inspire employees to give their all, and a process for getting managers throughout the company to start doing them. Blue ocean leadership works because the managers' customers--that is, the people managers oversee and report to--are involved in identifying what's effective and what isn't. Moreover, the approach doesn't require leaders to alter who they are, just to undertake a different set of tasks. And that kind of change is much easier to implement and track than changes to values and mind-sets. The Harvard Business Review Classics series offers you the opportunity to make seminal Harvard Business Review articles a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world--and will have a direct impact on you today and for years to come.

**D-Day Invasion** iMinds,2014-05-14 The story behind D-Day begins in 1939 when Nazi Germany, led by Adolf Hitler, attacked Poland and ignited World War Two. The following year, the Germans occupied France and Western Europe and launched a vicious air war against Britain. In 1941, they invaded the Soviet Union. Seemingly unstoppable, the Nazis now held virtually all of Europe. They imposed a ruthless system of control and unleashed the horror of the Holocaust. However, by 1943, the tide had begun to turn in favor of the Allies, the forces opposed to Germany. In the east, despite huge losses, the Soviets began to force the Germans back.

**The Raven (Illustrated)** Edgar Allan Poe,2013-09-13 This Top Five Classics illustrated edition of Edgar Allan Poe's The Raven includes: • All 25 illustrations by Gustave Doré for Harper & Brothers' 1884 edition • An informative Introduction • A detailed Biography of Edgar Allan Poe • The illustrated version and text-only version of the full poem No poem has ever received the kind of immediate and overwhelming response that Poe's "The Raven" did when it first appeared in the New York Evening Mirror on January 29, 1845. It made Poe an overnight sensation (though his great fame never brought him much wealth) and the poem, a powerfully haunting elegy to lost love, remains one of the most beloved and recognizable verses in the English language. The illustrations that accompany this Top Five Classics edition are reproductions of the renowned French artist Gustave Doré's steel-plate engravings created for Harper & Brothers' 1884 release of The Raven. It would be Doré's last commission as he died shortly after completing the 25 illustrations in January 1883. His illustrations would become famous in their own right, evoking as they do the lyrical and mystical air of Poe's masterpiece.
