*Ditch That Textbook* Matt Miller,2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

**The Educator's Guide to Designing Games and Creative Active-Learning Exercises** Joe Bisz,Victoria L. Mondelli,2023 Readers will explore 9 original complex mechanic templates along with principles from game-based learning that guide their activities towards serious play. Beginners and veterans will find entry points for applying the ALLURE method as deeply as desired, such as making playful changes to their existing discussions or activities (adding a random element, or student roles), crafting physical components (cards, board, plastic pieces), or building light digital options (discussion board riddles, PowerPoint and Google Slides games), for in-person and online learning--

Tools for Teaching Comprehensive Human Sexuality Education Dominick Splendorio,Lori Reichel,2014-03-14 A hands-on resource filled with interactive activities to engage students' thinking and skill development This book contains ready-to-use lesson plans referencing both the National Sexuality Education Standards and the National Health Education Standards, and is arranged into chapters by the seven topic areas outlined in the National Sexuality Education Standards. These include: anatomy and physiology, puberty and adolescent development, identity, pregnancy and reproduction, sexually transmitted infections, healthy relationships, and personal safety. These dynamic pick and choose lessons and activities have been field-tested in classrooms and workshops by the authors, who are recognized experts in this area. Many of the lessons contain an opening activity to immediately engage students, followed by student-centered learning experiences such as case studies, simulations, real-life scenarios, self-assessments, journals, and individual and group projects/presentations. Features lessons that incorporate the essential knowledge and skills to empower students to make healthy decisions related to their sexual health Includes performance indicators detailed what students should know and be able to do by the end of grades eight and twelve Offers supplementary web resources and assessment projects, as well as Home-School Connection assignments to

support family communication about sexuality

Better Than Bullet Points Jane Bozarth,2011-01-07 This book focuses exclusively on the application of PowerPoint to the creation of online training programs. Better than Bullet Points, Creating Engaging e-Learning with PowerPoint fills that gap. By providing in-depth guidance, specific instructions, and helpful exercises, the book will enable training practitioners to create impactful learning interactions in PowerPoint. The author steps readers through the powerful features of this popular desktop application, covering everything from text to art, animation to interactivity. Provided that the reader owns a copy of PowerPoint, this book will immediately put free real-world tools into the hands of those who need it. The information is practical rather than theoretical and immediately applicable. Most importantly, this book will help make e-learning accessible

to those who have previously been excluded from taking advantage of the opportunities e-learning can provide. Jane Bozarth is the e-learning coordinator for the North Carolina Office of State Personnel's Human Resource Development Group and has been a training practitioner since 1989. She is a columnist for Training Magazine and has written for numerous publications including Creative Training Techniques Newsletter and the Journal of Educational Technology and Society.

**Slides for Students** Gary D. Fisk,2018-10-16 300 million powerpoint presentations are given daily, yet there is a disconnect between the amazing technology of powerpoint and a mediocre student learning experience. To unleash the full potential of powerpoint presentations, we must do a better job of creating presentations that fit the educational needs of students. Slides for Students does just that.Slides for Students is an open and honest discussion about powerpoint in the classroom. A need exists for thoughtfully designed and implemented classroom instruction that focuses on the learner rather than on the technology. This book was written to translate academic research findings into practical suggestions about powerpoint that educators can use. Divided into two parts, Slides for Students discusses the history of powerpoint, explores academic studies on the topic, and demonstrates how to design slides to best suit educational needs and engage with students to avoid the dreaded death by powerpoint.

*The Essential Guide to Classroom Practice* Andrew Redfern,2018-10-03 The Essential Guide to Classroom Practice has been written with two questions in mind. These are the questions that are most important to all practitioners who seek to improve the quality of learning in their classrooms - what strategies work? and, how do we implement them? Covering all the areas that are key to effective teaching and learning, this text consists of over 200 practical strategies that secondary teachers can adopt and apply within their classroom. These strategies range from simple tools to improve the quality of questioning, to principles that can shape the whole approach to learning. Key topics covered include: The five-part lesson plan Developing thinking skills How to engage learners Encouraging collaborative learning Challenging and supporting Feedback and assessment A key feature of this book is the handy collection of 'Top 10s' that appear in each chapter, such as 10 ways to use data in the classroom and 10 ways to streamline your marking. The book clearly explains the benefit of each approach described and offers additional guidance on using websites and digital tools effectively in the classroom. Packed full of ideas, the book offers a one stop shop for busy teachers.

Attention-Grabbing Starters & Plenaries for Teachers: 99 Outrageously Engaging Activities to Increase Student Participation and Make Learning Fun Rob Plevin,2017-07-05 In line with Rob Plevin's hugely popular Needs-Focused Classroom Management System for teachers, this book offers a huge range of ready-to-use activities, resources and ideas to start your lessons with a BANG and end them on a HIGH. Adaptable for any subject area, the ideas and suggestions in this book will enable you to capture students' interest and attention from the outset, increase engagement and encourage participation among even the most reluctant learners. You'll learn how to... - hook ALL your students from the moment your

lesson begins, - set up exciting reviews to cement learning in a fun, memorable way, - minimise classroom management issues related to boredom and low engagement and turn your lessons into an enjoyable, positive learning experience for all concerned. Once you learn the Needs-Focused Classroom Management System, your classroom, your teaching and your students will be TRANSFORMED. Includes downloadable BONUS material and printable resources.

**Triadic Game Design** Casper Harteveld,2011-02-26 Many designers, policy makers, teachers, and other practitioners are beginning to understand the usefulness of using digital games beyond entertainment. Games have been developed for teaching, recruiting and to collect data to improve search engines. This book examines the fundamentals of designing any game with a serious purpose and provides a way of thinking on how to design one successfully. The reader will be introduced to a design philosophy called “Triadic Game Design.”; a theory that all games involve three worlds: the worlds of Reality, Meaning, and Play. Each world is affiliated with aspects. A balance needs to be found within and between the three worlds. Such a balance is difficult to achieve, during the design many tensions will arise, forcing designers to make trade-offs. To deal with these tensions and to ensure that the right decisions are made to create a harmonic game, a frame of reference is needed. This is what Triadic Game Design offers.

**Building PowerPoint Templates Step by Step with the Experts** Echo Swinford, Julie Terberg, 2012-09-28 Building PowerPoint Templates Supercharge your PowerPoint® presentations with custom templates and themes! Want to create presentations that are more consistent and cost-effective? Presentations that fully reflect your branding? Then don't settle for Microsoft's "out-of-the-box" templates and themes: create your own! In this easy, hands-on guide, two PowerPoint MVPs teach you every skill and technique you'll need to build the perfect template—from planning and design, through theme building, custom layouts, colors, and deployment. Echo Swinford and Julie Terberg have distilled their immense PowerPoint knowledge into simple, step-by-step techniques you can use right now, whether you're using PowerPoint 2010 or 2007 for Windows, or PowerPoint 2011 for Mac. Well-built templates are the backbone of great presentations—whether building them for your own use or designing for thousands of users, this book will guide you through the process of creating the most effective templates. Important Note: Upgrading from older versions of PowerPoint, such as PowerPoint 2003? Your old templates may no longer work. This book will help you make the transition painlessly!

- Plan new templates and themes to maximize their business value for years to come
- Understand the differences between templates and themes, and how they work together
- Make better choices about color, fonts, and slide layouts
- Create efficient templates for individual users, teams, and large organizations
- Incorporate Notes and Handout Masters into your presentation templates
- Provide example slides and default settings that lead to better presentations
- Use Microsoft's little-known Theme Builder to create effects and background styles
- Work around hidden quirks in PowerPoint's advanced template and theme features

**Teach with Magic** Kevin Roughton, 2021-05 Learn from the Engagement Masters Education is a battle for attention. Whether you are a teacher trying to reach a classroom full of students or a parent trying to prepare your child for the world to come, getting our audience to just listen can be a real challenge. When students have access to personalized entertainment sitting in their pockets, anything that doesn't jump out and grab their attention right away is easily drowned out. But there is a place where even today all those modern distractions melt away--Disneyland. When you're there, you're not only in a different world, you're in Walt Disney's world. Whether you are Peter Pan flying over London in Fantasyland or a rebel fighter struggling against the First Order in Galaxy's Edge, you are 100% engaged. Sights, sounds and even smells ensure that your brain is locked into the experience. If we can bring those techniques into our teaching, we can create engaging experiences for our students, grab their attention, and boost their learning. You'll improve your teaching and create a place students want to visit. In this book we'll learn from the world's greatest engagement masters--the Disney Imagineers. Through narrative visits to attractions throughout Disneyland and Disney California Adventure, you'll experience a visit to the park as we share memories and see how the Imagineers make it all work. We'll be guided by Imagineering icon Marty Sklar's Mickey's 10 Commandments of Theme Park Design as we turn our classrooms into the most engaging places on Earth!
