Joan Garry's Guide to Nonprofit Leadership Joan Garry, 2017-03-06 Nonprofit leadership is messy. Nonprofits leaders are optimistic by nature. They believe with time, energy, smarts, strategy and sheer will, they can change the world. But as staff or board leader, you know nonprofits present unique challenges. Too many cooks, not enough money, an abundance of passion. It's enough to make you feel overwhelmed and alone. The people you help need you to be successful. But there are so many obstacles: a micromanaging board that doesn't understand its true role; insufficient fundraising and donors who make unreasonable demands; unclear and inconsistent messaging and marketing; a leader who's a star in her sector but a difficult boss... And yet, many nonprofits do thrive. Joan Garry's Guide to Nonprofit Leadership will show you how to do just that. Funny, honest, intensely actionable, and based on her decades of experience, this is the book Joan Garry wishes she had when she led GLAAD out of a financial crisis in 1997. Joan will teach you how to: Build a powerhouse board Create an impressive and sustainable fundraising program Become seen as a 'workplace of choice' Be a compelling public face of your nonprofit This book will renew your passion for your mission and organization, and help you make a bigger difference in the world.

Your Virtual Classroom Scott La Counte, 2020-08-08 ☐☐☐ Bring your classroom online! ☐☐☐ Teaching has never been easy. Taking your teaching online can complicate this. This book is not about how to make the switch and strategies to use in your classroom, rather it is about the tools you will more than likely use. Every school is different. Some will use Google Meet, some will use Zoom, and some will use some other tool, so I've tried to include as much software as possible. The focus, however, will be on Google-related software. The book covers Zoom Google Meet Trello Slack Chromebook Google Apps Google Classroom Disclaimer: Please note, while every effort has been made to ensure accuracy, this book is not endorsed by Zoom Video Communications, Inc., Google LLC, Slack Technologies, Inc., or Atlassian Corporation Plc and should be considered unofficial.

Scaling for Success T. Brad Harris,Andrew C. Bartlow,2021-07-06 Managing a high-growth organization requires both strategy and adaptability. Unfortunately, start-up founders and executives seeking to scale up to the next level find all too frequently that growth turns into chaos. Rather than laying the groundwork for the future, organizations get stuck by covering up complex problems with unsustainable band-aids and duct-tape fixes, implementing anecdote-based solutions from the latest tech-industry unicorns or leadership books, and relying on too much on-the-fly learning from inexperienced managers. This book is the definitive guide for leaders of high-growth organizations seeking to understand and execute the people-management principles that are essential to continued success. Combining a wealth of practical experience, well-grounded academic research, and easy-to-apply frameworks, Andrew Bartlow and T. Brad Harris offer a practical toolkit that founders, functional leaders, and managers of people can use to rethink their practices to meet their organizations' needs. They help readers identify the core people-management programs and practices that are best for an organization at its current stage and size while also supporting a foundation for continued development and the capacity to adapt to inevitable surprises. Practical, actionable, and supplemented with numerous diagnostic tools and illustrative examples, Scaling for Success is a must-have playbook for organizational leaders pursuing smart and sustainable growth.
