Building PowerPoint Templates Step by Step with the Experts Echo Swinford, Julie Terberg, 2012-09-28 Building PowerPoint Templates Supercharge your PowerPoint® presentations with custom templates and themes! Want to create presentations that are more consistent and cost-effective? Presentations that fully reflect your branding? Then don't settle for Microsoft's "out-of-the-box" templates and themes: create your own! In this easy, hands-on guide, two PowerPoint MVPs teach you every skill and technique you'll need to build the perfect template—from planning and design, through theme building, custom layouts, colors, and deployment. Echo Swinford and Julie Terberg have distilled their immense PowerPoint knowledge into simple, step-by-step techniques you can use right now, whether you're using PowerPoint 2010 or 2007 for Windows, or PowerPoint 2011 for Mac. Well-built templates are the backbone of great presentations—whether building them for your own use or designing for thousands of users, this book will guide you through the process of creating the most effective templates. This book will help you make the transition painlessly! • Plan new templates and themes to maximize their business value for years to come • Understand the differences between templates and themes, and how they work together • Make better choices about color, fonts, and slide layouts • Create efficient templates for individual users, teams, and large organizations • Incorporate Notes and Handout Masters into your presentation templates • Provide example slides and default settings that lead to better presentations • Use Microsoft's little-known Theme Builder to create effects and background styles • Work around hidden quirks in PowerPoint's advanced template and theme features Echo Swinford, a Microsoft PowerPoint MVP since 2000, has been a featured speaker at the Presentation Summit (formerly PowerPoint Live) since its inception. Persuade on Purpose: Eric Fitzpatrick, 2017-02-17 By combining all his research and ideas on what makes an effective presentation, Eric Fitzpatrick has compiled the 'Presentation Scorecard', which itemises all the things that a speaker needs to consider when making a presentation. He has summed up the key points with the acronym 'TRUE': the presentation should make your audience THINK, should be easy to REMEMBER and UNDERSTAND and should ENGAGE the audience. He outlines all the traps and pitfalls of making a presentation and how to avoid them, and details the tricks and techniques that will attract your audience's attention and convince them of your message. In straightforward chapters he addresses preparation, the structure of your presentation, the use of stories and humour, delivering the presentation, how to use slides and - more importantly - how not to. While the ideas in the book are focused on presentations, they are equally effective when giving speeches, pitching ideas, for one-to-one meetings and communicating in general.
