and *Our Violent Ends* comes the “equal parts intoxicating and dazzling” (Roshani Chokshi, New York Times bestselling author of *The Gilded Wolves*) first book in a captivating new duology following an ill-matched pair of spies posing as a married couple to investigate a series of brutal murders in 1930s Shanghai. It’s 1931 in Shanghai, and the stage is set for a new decade of intrigue. Four years ago, Rosalind Lang was brought back from the brink of death, but the strange experiment that saved her also stopped her from sleeping and aging—and allows her to heal from any wound. In short, Rosalind cannot die. Now, desperate for redemption for her traitorous past, she uses her abilities as an assassin for her country. Code name: Fortune. But when the Japanese Imperial Army begins its invasion march, Rosalind’s mission pivots. A series of murders is causing unrest in Shanghai, and the Japanese are under suspicion. Rosalind’s new orders are to infiltrate foreign society and identify the culprits behind the terror plot before more of her people are killed. To reduce suspicion, however, she must pose as the wife of another Nationalist spy, Orion Hong, and though Rosalind finds Orion’s cavalier attitude and playboy demeanor infuriating, she is willing to work with him for the greater good. But Orion has an agenda of his own, and Rosalind has secrets that she wants to keep buried. As they both attempt to unravel the conspiracy, the two spies soon find that there are deeper and more horrifying layers to this mystery than they ever imagined.

**The Ring of the Niblung** Richard Wagner, 2017-01-18 The Ring of the Niblung by Richard Wagner and illustrated by Arthur Rackham. Translation by Margaret Armour. Some critics mention that The Lord of the Rings was directly and heavily derived from Richard Wagner's opera cycle, Der Ring des Nibelungen. This edition includes:- The Rheingold- The Valkyrie- Siegfried- Twilight of the Gods Der Ring des Nibelungen (The Ring of the Nibelung), WWV 86, is a cycle of four German-language epic music dramas composed by Richard Wagner. The works are based loosely on characters from the Norse sagas and the Nibelungenlied. The cycle is a work of extraordinary scale. Perhaps the most outstanding facet of the monumental work is its sheer length: a full performance of the cycle takes place over four nights at the opera, with a total playing time of about 15 hours, depending on the conductor's pacing. The first and shortest work, Das Rheingold, typically lasts two and a half hours, while the final and longest, Götterdämmerung, takes up to five hours, excluding intervals. The cycle is modelled after ancient Greek dramas that were presented as three tragedies and one satyr play. The Ring proper begins with Die Walküre and ends with Götterdämmerung, with Rheingold as a prelude. Wagner called Das Rheingold a Vorabend or Preliminary Evening, and Die Walküre, Siegfried and Götterdämmerung were subtitled First Day, Second Day and Third Day, respectively, of the trilogy proper. The plot revolves around a magic ring that grants the power to rule the world, forged by the Nibelung dwarf Alberich from gold he stole from the Rhine maidens in the river Rhine. The Ring itself as described by Wagner is a Rune-magic tawdr (tine, or talisman) intended to rule the feminine multiplicative power by a fearful magical act termed as 'denial of love' (Liebesverzicht), which is probably an allusion to ritual circumcision.
