Building PowerPoint Templates Step by Step with the Experts Echo Swinford, Julie Terberg, 2012-09-28 Building PowerPoint Templates Supercharge your PowerPoint® presentations with custom templates and themes! Want to create presentations that are more consistent and cost-effective? Presentations that fully reflect your branding? Then don't settle for Microsoft's "out-of-the-box" templates and themes: create your own! In this easy, hands-on guide, two PowerPoint MVPs teach you every skill and technique you'll need to build the perfect template—from planning and design, through theme building, custom layouts, colors, and deployment. Echo Swinford and Julie Terberg have distilled their immense PowerPoint knowledge into simple, step-by-step techniques you can use right now, whether you're using PowerPoint 2010 or 2007 for Windows, or PowerPoint 2011 for Mac. Well-built templates are the backbone of great presentations—whether building them for your own use or designing for thousands of users, this book will guide you through the process of creating the most effective templates. Resonate Nancy Duarte,2013-07-02 Reveals the underlying story form of all great presentations that will not only create impact, but will move people to action Presentations are meant to inform, inspire, and persuade audiences. So why then do so many audiences leave feeling like they've wasted their time? All too often, presentations don't resonate with the audience and move them to transformative action. Just as the author's first book helped presenters become visual communicators, Resonate helps you make a strong connection with your audience and lead them to purposeful action. The author's approach is simple: building a presentation today is a bit like writing a documentary. Using this approach, you'll convey your content with passion, persuasion, and impact. D-Day Invasion iMinds,2014-05-14 The story behind D-Day begins in 1939 when Nazi Germany, led by Adolf Hitler, attacked Poland and ignited World War Two. The following year, the Germans occupied France and Western Europe and launched a vicious air war against Britain. In 1941, they invaded the Soviet Union. Seemingly unstoppable, the Nazis now held virtually all of Europe. They imposed a ruthless system of control and unleashed the horror of the Holocaust. However, by 1943, the tide had begun to turn in favor of the Allies, the forces opposed to Germany. In the east, despite huge losses, the Soviets began to force the Germans back.

PowerPoint 2007 Vander Veer,2007-02-13 A new handbook not only covers the basics and new features of PowerPoint 2007, but also teaches users how to combine multimedia, animation, and interactivity into a presentation; how to take full advantage of advanced functions; and how to create reusable design templates and automate tasks with macros.

The Raven (Illustrated) Edgar Allan Poe, 2013-09-13 This Top Five Classics illustrated edition of Edgar Allan Poe's The Raven includes: • All 25 illustrations by Gustave Doré for Harper & Brothers' 1884 edition • An informative Introduction • A detailed Biography of Edgar Allan Poe • The illustrated version and text-only version of the full poem No poem has ever

received the kind of immediate and overwhelming response that Poe's "The Raven" did when it first appeared in the New York Evening Mirror on January 29, 1845. It made Poe an overnight sensation (though his great fame never brought him much wealth) and the poem, a powerfully haunting elegy to lost love, remains one of the most beloved and recognizable verses in the English language. The illustrations that accompany this Top Five Classics edition are reproductions of the renowned French artist Gustave Doré's steel-plate engravings created for Harper & Brothers' 1884 release of *The Raven*. It would be Doré's last commission as he died shortly after completing the 25 illustrations in January 1883. His illustrations would become famous in their own right, evoking as they do the lyrical and mystical air of Poe's masterpiece.
