Atomic Habits James Clear, 2018-10-16 The #1 New York Times bestseller. Over 20 million copies sold! Translated into 60+ languages! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

*Contract Management Body of Knowledge, Sixth Edition* National Contract Management Association, 2019-07-20

**Managing Contracts - Project Controls** Planning Planet, The Managing Contracts Module is to introduce those tools, techniques and methodologies for managing contracts that have been identified as being “best tested and proven” practices which have been found to work on “most projects, most of the time”; provide a logical or rational sequence showing when those tools or techniques would normally and customarily be used and in selected instances, show how to use those tools/techniques and/or where to find additional information on how to use or apply them.

Fundamentals of Contract and Commercial Management Jane Chittenden, 2014-01-01 This ground-breaking title from the

world's leading authority on contemporary contracting best practices, the IACCM (International Association for Contract and Commercial Management) delivers a lively and practical complete insight into the contracting process which is useful in both business and personal life. Contracts are the language of business, and this book gives readers the essentials that can make a difference to any deal, no matter how big or small. Designed for the non-contract business professional, this book takes project managers and other professionals through the basic process and gives them a road map to improved results, increased value, and successful outcomes. In this book you'll find sensible guidance and approaches to ensure business success. Case studies showing you what can go wrong and what can go right -- bring theory into the real world. Checklists give confidence and enable you to be certain that you have asked and answered the right questions as you go through any deal. This real-world approach demonstrates the value of effective contracting. This is not dry, academic prose. It is compelling and dynamic advice and tools to manage business relationships for both buyers and sellers.

The Purchasing Chessboard Christian Schuh, Joseph L. Raudabaugh, Robert Kromoser, Michael F. Strohmer, Alenka Triplat, 2011-11-27 The approach used on a given spend item should largely depend on the balance between supply power and demand power. That is the logic behind the bestselling Purchasing Chessboard®, used by hundreds of corporations worldwide to reduce costs and increase value with suppliers. The 64 squares in the Purchasing Chessboard provide a rich reservoir of methods that can be applied either individually or combined. And because many of these methods are not customarily used by procurement, the Purchasing Chessboard is also the perfect tool for helping buyers to think and act outside the box and find new solutions. A well-proven concept that works across all industries and all categories in any given situation, it is little wonder that business leaders and procurement professionals alike are excited by, and enjoy strategizing around, the Purchasing Chessboard. This second edition of *The Purchasing Chessboard* addresses the new realities of a highly volatile economic environment and describes the many—sometimes surprising—ways in which the Purchasing Chessboard is being used in today's business world. Yet despite all of the great achievements of procurement executives and their teams, they do not always receive the recognition they deserve. In response, the authors have developed and outlined within the book an unequivocal approach to measure procurement's impact on a company's performance—Return on Supply Management Assets (ROSMA®).

*The White Coat Investor* James M. Dahle, 2014-01 Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life-saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial

professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a Backdoor Roth IRA and Stealth IRA to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place. - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research. - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books This book should be in every career counselor's office and delivered with every medical degree. - Rick Van Ness, Author of Common Sense Investing The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk. - Joe Jones, DO Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis. - Dennis Bethel, MD An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust. - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

**The Art of Non-Conformity** Chris Guillebeau,2010-09-07 If you've ever thought, There must be more to life than this, The Art of Non-Conformity is for you. Based on Chris Guillebeau's popular online manifesto A Brief Guide to World Domination, The Art of Non-Conformity defies common assumptions about life and work while arming you with the tools to live differently. You'll discover how to live on your own terms by exploring creative self-employment, radical goal-setting, contrarian travel, and embracing life as a constant adventure. Inspired and guided by Chris's own story and those of others who have pursued unconventional lives, you can devise your own plan for world domination-and make the world a better place at the same time.

All of Us Villains Amanda Foody,C. L. Herman,2021-11-09 A NEW YORK TIMES BESTSELLER An Indie Bestseller! An Indie Next Pick! The blockbuster co-writing debut of Amanda Foody and C. L. Herman, All of Us Villains begins a dark tale of

ambition and magick... You Fell in Love with the Victors of the Hunger Games. Now Prepare to Meet the Villains of the Blood Veil. The Blood Moon rises. The Blood Veil falls. The Tournament begins. Every generation, at the coming of the Blood Moon, seven families in the remote city of Ilvernath each name a champion to compete in a tournament to the death. The prize? Exclusive control over a secret wellspring of high magick, the most powerful resource in the world—one thought long depleted. But this year a scandalous tell-all book has exposed the tournament and thrust the seven new champions into the worldwide spotlight. The book also granted them valuable information previous champions never had—insight into the other families' strategies, secrets, and weaknesses. And most important, it gave them a choice: accept their fate or rewrite their legacy. Either way, this is a story that must be penned in blood. The All of Us Villains Duology: #1) All of Us Villains #2) All of Our Demise At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Municipal Finances** Catherine D. Farvacque-Vitkovic, Mihaly Kopanyi, 2014-06-27 This book tells a fascinating story on municipal finances for local government practitioners with rich examples, global practices, and good and bad experiences the authors gained in decades of field work.

Optimization Modeling with Spreadsheets Kenneth R. Baker, 2012-01-10 Reflects the latest applied research and features state-of-the-art software for building and solving spreadsheet optimization models Thoroughly updated to reflect the latest topical and technical advances in the field, Optimization Modeling with Spreadsheets, Second Edition continues to focus on solving real-world optimization problems through the creation of mathematical models and the use of spreadsheets to represent and analyze those models. Developed and extensively classroom-tested by the author, the book features a systematic approach that equips readers with the skills to apply optimization tools effectively without the need to rely on specialized algorithms. This new edition uses the powerful software package Risk Solver Platform (RSP) for optimization, including its Evolutionary Solver, which employs many recently developed ideas for heuristic programming. The author provides expanded coverage of integer programming and discusses linear and nonlinear programming using a systematic approach that emphasizes the use of spreadsheet-based optimization tools. The Second Edition also features: Classifications for the various problem types, providing the reader with a broad framework for building and recognizing optimization models Network models that allow for a more general form of mass balance A systematic introduction to Data Envelopment Analysis (DEA) The identification of qualitative patterns in order to meaningfully interpret linear programming solutions An introduction to stochastic programming and the use of RSP to solve problems of this type Additional examples, exercises, and cases have been included throughout, allowing readers to test their comprehension of the material. In addition, a related website features Microsoft Office® Excel files to accompany the figures and data sets in the book. With its accessible and comprehensive presentation, Optimization Modeling with Spreadsheets, Second Edition is an excellent book for courses on deterministic models, optimization, and spreadsheet modeling at the upper-undergraduate and graduate levels. The book can

also serve as a reference for researchers, practitioners, and consultants working in business, engineering, operations research, and management science.

**Effective Cost Cutting in Asia** Karlheinz Zuerl,2022-02-28 The days of cheap raw materials and energy sources are gone. Suppliers will demand price increases due to the rising costs of energy and materials. This book describes how your purchasing department is able to gain (more) profit for your company and includes new ideas for successful purchasing and supplier development in Asia. The author discusses how to reduce costs in productive (BOM) and non-productive materials (NPMs) and how to calculate product and tool costs. As well, the book shows ways to negotiate your results with your suppliers in Asia and build an effective system of supplier relationship management.

Construction Estimating Using Excel Steven J. Peterson,2007 For courses in Construction Estimating in two year and four year construction management programs. Construction Estimating with Excel introduces readers to the fundamental principles of estimating and includes drawing sets, real-world exercises, and examples that give beginners critical estimating experience. The book moves step-by-step through the estimating process, discussing the art of estimating, the quantity takeoff, how to put costs to the estimate and how to finalize the bid. It is also the first text to demonstrate how Microsoft Excel can be used to improve the estimating process. Because it introduces spreadsheets as a way of increasing estimating productivity and accuracy, the book can help both beginning and experienced estimators improve their skills.

**Fair Play: Reese's Book Club** Eve Rodsky,2021-01-05 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh\*t I Do List. Tired of being the “shefault” parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. “Winning” this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.

Drawing from extensive research and over 35 years of combined experience, the authors provide practical tools and insights to navigate the complexities of supervision in behavior analysis. From establishing a competency-based framework to fostering cultural responsiveness and ethical conduct, this revised edition equips supervisors and supervisees with the resources needed to excel in their roles. Chapters align to the Board Certified Behavior Analyst Test Content Outline (6th ed.), with the second half of the book focusing on competencies developed by the authors. Within each competency are practical activities exploring different skill levels, allowing for individualized growth strategies. With a focus on enabling supervisees to take ownership of their personal growth and development, this book equips both parties with the tools needed to excel in their roles. New to the Second Edition: Expanded content on how to foster and strengthen the supervisor-supervisee relationship. Integrated essential topics such as compassionate care and trauma-informed practice. Updated content throughout to reflect changes in supervision research and growth of the literature. Incorporated cultural responsiveness and ethical conduct into all competency areas. Key Features: Step-by-step guides for running supervision meetings streamline the process for supervisors and empower supervisees to take control of their own development. Emphasis on the supervisee's experience enhances outcomes by addressing the interdependent nature of the supervisor-supervisee relationship. Practical activities, case scenarios, and meeting templates provide tangible resources for supervisors to tailor supervision to individual needs. Competencies are broken down into different skill levels, allowing for targeted

development and increased individualization. Written by seasoned professionals with over three decades of supervisory experience in different contexts, offering unparalleled expertise and perspective.
