Lucky Bitch Denise Duffield-Thomas, 2018-03-20 Can you learn to be lucky? Self-made millionaire Denise Duffield-Thomas not only believes this is possible, she knows it's possible. From being broke, hating her office job and generally having a life that made her completely miserable, Denise went on to travel the world and make all of her dreams come true within the space of a few years. She attracted more than half a million dollars-worth of free travel, scholarships, prizes and bank errors in her favour, and in this book she reveals how you can do the same. Whether you're already lucky and want to attract even more into your life, or you feel like your luck is just about to run out, *Lucky Bitch* will show you how to take action in areas of your life that are lacking in magic. With her trademark humour and encouragement, Denise gives clear and effective instructions based on the principles of the Law of Attraction to get you closer to living your dream life. You'll also learn the 'Ten Lucky Bitch Commandments' and how to use them to create luck in all areas of life, including business and money. This book has already changed the lives of tens of thousands of women. Now it has the potential to change yours. If you've been asking for an answer or a miracle, this book is it! 9781788171342

Profit First Mike Michalowicz, 2017-02-21 Author of cult classics *The Pumpkin Plan* and *The Toilet Paper Entrepreneur* offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and

achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that:

- Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances.
- A small, profitable business can be worth much more than a large business surviving on its top line.
- Businesses that attain early and sustained profitability have a better shot at achieving long-term growth.

With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

Fair Play: Reese's Book Club Eve Rodsky, 2021-01-05 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the "shefault" parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is Fair Play: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to

figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, Fair Play helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. "Winning" this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try Fair Play? Let's deal you in.

Business Voyages Richard John Stapleton, 2010-05-06 *Business Voyages* is not a business fairy tale. Much of it really happened. Don't read this book if you are looking for simple answers and magic formulas. Although the book includes some concepts and techniques anyone should know about people and business, it does not promise success. *Business Voyages* is

problem-oriented, presenting some of the problems encountered by the author and others on their business voyages, while explaining tools and processes anyone can use for analyzing and dealing with inevitable problems that will be encountered in any business world. Business Voyages is also opportunity-oriented, showing the reader how one might embark on a business venture at the right time and place and enjoy the winnings of a successful voyage.

The Magic Rhonda Byrne,2012-03-06 One word changes everything... For more than twenty centuries, words within a sacred text have mystified, confused, and been misunderstood by almost all who read them. Only a very few people through history have realised that the words are a riddle, and that once you solve the riddle—once you uncover the mystery—a new world will appear before your eyes. In *The Magic*, Rhonda Byrne reveals this life-changing knowledge to the world. Then, on an incredible 28-day journey, she teaches you how to apply this knowledge in your everyday life. No matter who you are, no matter where you are, no matter what your current circumstances, *The Magic* is going to change your entire life!

A Handbook in Business Management Jacob W. Chikuhwa, 2013-05-01 Present-day enterprises need insights into markets, customers and their own internal processes faster than their competitors to capitalise on opportunities and to deliver sustainable business performance. To do this, businesses must learn to cope with the high volume and velocity of real-time structured and unstructured data in different formats. In covering the fields of manpower development, accounting procedures and data processing, a middle-of-the-road analysis has been made to include those overlapping developments in business studies. Disciplines like accountancy and electronic data processing frequently have unavoidable use in commerce and industry. A Handbook in Business Management examines organisation and manpower management and reflects on their significant role in the arena of business management. The objective with manpower management is to distribute personnel to activities where their talents are required and are best utilised. In financial control, the book examines both the technical and managerial approaches. The technical approach is concerned with measurement where an analysis is made as to whether resources are being assigned to the right categories and whether generally accepted accounting principles are being followed. And the managerial approach is to understand and interpret what the financial figures mean. Critically, all managers should take responsibility for financial management and should not assume that this falls within the remit of the accounts team alone. Under data processing concepts, the book takes an overview of the availability, continuity, and security of data in public and private concerns. An efficient data processing system makes it possible to adjust the financial situation of a business before it gets out of hand by adjusting income distribution and combating organisation and manpower inefficiency. This book offers to the professional student and corporate executive a preliminary survey of the fields of manpower development, accountancy and electronic data processing; while the start-up entrepreneur may find in its pages something to stimulate reflection upon those larger issues in business management.

Accounting Fundamentals for Health Care Management Steven A. Finkler,David Marc Ward,Thad D. Principles of Accounting Volume 1 - Financial Accounting Mitchell Franklin,Patty Graybeal,Dixon Cooper,2019-04-11 The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the why as well as the how aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.
