The Gratitude Diaries Janice Kaplan,2022-01-04 In this New York Times bestseller, Janice Kaplan spends a year living gratefully and transforms her marriage, family life, work, and health. On New Year's Eve, journalist and former Parade editor in chief Janice Kaplan makes a promise to be grateful and look on the bright side of whatever happens. She realizes that how she feels over the next year will have less to do with the events that occur than her own attitude and perspective. Getting advice at every turn from psychologists, academics, doctors, and philosophers, Kaplan brings readers on a smart and witty journey to discover the value of appreciating what you have. Relying on both amusing personal experiences and extensive research, Kaplan explores how gratitude can transform every aspect of life, including marriage and friendship, money and ambition, and health and fitness. She learns how appreciating your spouse changes the neurons of your brain and why saying thanks helps CEOs succeed. Through extensive interviews with experts, and lively conversations with real people, including celebrities like Matt Damon, Daniel Craig, and Jerry Seinfeld, Kaplan discovers the role of gratitude in everything from our sense of fulfillment to our children's happiness. With warmth, humor, and appealing insight, Kaplan's journey will empower readers to think positively and start living their own best year ever.

Roadblocked Heath Brown,2024-06-24 Joe Biden and Kamala Harris began their transition to the White House in the most unusual of circumstances: a global pandemic, a sitting president violently refusing to accept the results of the election, and a historic racial reckoning all posed profound questions about how they would staff large parts of the government and articulate policy remedies to pressing problems in just eleven weeks. Heath Brown's Roadblocked is a revelatory look at the seventy days between the election and the inauguration with a focus on the ways the Biden-Harris transition team sought help and advice to overcome these obstacles. Informed by over 125 exclusive interviews with members of the transition team

and a wide cast of other stakeholders, Brown takes readers deep inside the 2020 presidential transition. More than that, *Roadblocked* is also a gripping history of US presidential transitions over the past half century that compares the transition teams of the last four administrations. Biden-Harris transition leaders had a massive team with a complex organizational structure and a stated aim to promote coordination, encourage teamwork, and avoid siloing staff. In the end, however, these aims were foiled by the conditions of the pandemic and steep hierarchies, which both reduced collaboration and information sharing and left many feeling isolated. Despite substantial changes in the Democratic coalition, newly influential groups armed with novel tactics, and great shifts in their political agenda, the Biden-Harris transition did not lead to transformation. *Roadblocked* explains why.

The Bullet Journal Method Ryder Carroll, 2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of *The Miracle Morning* In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls intentional living: making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***
