Humanocracy Gary Hamel, Michele Zanini, 2020-08-18 A Wall Street Journal Bestseller In a world of unrelenting change and unprecedented challenges, we need organizations that are resilient and daring. Unfortunately, most organizations, overburdened by bureaucracy, are sluggish and timid. In the age of upheaval, top-down power structures and rule-choked management systems are a liability. They crush creativity and stifle initiative. As leaders, employees, investors, and citizens, we deserve better. We need organizations that are bold, entrepreneurial, and as nimble as change itself. Hence this book. In Humanocracy, Gary Hamel and Michele Zanini make a passionate, data-driven argument for excising bureaucracy and replacing it with something better. Drawing on more than a decade of research and packed with practical examples, Humanocracy lays out a detailed blueprint for creating organizations that are as inspired and ingenious as the human beings inside them. Critical building blocks include: Motivation: Rallying colleagues to the challenge of busting bureaucracy Models: Leveraging the experience of organizations that have profitably challenged the bureaucratic status quo Mindsets: Escaping the industrial age thinking that frustrates progress Mobilization: Activating a pro-change coalition to hack outmoded management systems and processes Migration: Embedding the principles of humanocracy—ownership, markets, meritocracy, community, openness, experimentation, and paradox—in your organization's DNA If you've finally run out of patience with

bureaucratic bullshit . . . If you want to build an organization that can outrun change . . . If you're committed to giving every team member the chance to learn, grow, and contribute then this book's for you. Whatever your role or title, Humanocracy will show you how to launch an unstoppable movement to equip and empower everyone in your organization to be their best and to do their best. The ultimate prize: an organization that's fit for the future and fit for human beings.

They may show in the person who simultaneously talks, watches television and scrolls through social media, unable to

I did not realise that I was stressed and anxious, that my need to be constantly on the go was not a choice, it was a compulsion, and it was unhealthy. I found solutions and I share them in this book!

Lockdown for Two Sara Appleton,2020-10-20 Single parenthood is difficult but solo with a six year old in isolation...there's a challenge. Read about what worked for this single mum, and how to manage during a time when maturities and curiosities are blossoming.

City of the Falling Sky (the Seckry Sequence Book 1) Joseph Evans, 2012-05 When Seckry Sevenstars is forced out of his village by the greedy Endrin Corporation and relocated to the daunting metropolis of Skyfall City, he harbours resentment for the company and vows to get them back one day for taking away his home, his school and his friends. Fortunately, the marvels of the city do a good job in distracting Seckry from his anger and homesickness, and it isn't long before he's competing at Friction (the city's most popular multiplayer video game), slurping awe-inspiring multicoloured milkshakes, and getting butterflies on his first date. Then, when a mysterious email asks Seckry to break into the headquarters of the Endrin Corporation and steal a container full of worms for a hefty sum of money, his anger resurfaces, and he can't resist the revenge he promised himself. Alone at night, Seckry creeps through the sewers whilst wondering what experiments Endrin might be doing on the worms, and emerges into the silent complex. But the worms aren't the only thing that he finds. Staring at him through the darkness, with wide, innocent eyes, is something that makes Seckry's heart almost stop. A girl. She's shaking, petrified, and has no recollection of who she is or what she's doing there. Floodlights bleach the area and Seckry has no choice but to grab a hold of the girl and escape with her. Suddenly the question of what Endrin were doing with a few worms becomes the last thing on Seckry's mind. What were Endrin doing with a human?
