*Ancestors and Relatives* Eviatar Zerubavel, 2012-01-26 Noted social scientist Eviatar Zerubavel casts a critical eye on how we trace our past-individually and collectively arguing that rather than simply find out who our ancestors are from genetics or history, we actually create the stories that make them our ancestors.

**Tracing Your Ancestors Using DNA** Graham S. Holton, 2019-02-28 An easy-to-use, straightforward guide for British family historians looking to trace their ancestry using DNA testing. DNA research is one of the most rapidly advancing areas in modern science, and the practical use of DNA testing in genealogy is one of its most exciting applications. Yet there is no recent British publication in this field. That is why this accessible, wide-ranging introduction is so valuable. It offers a clear, practical way into the subject, explaining the scientific discoveries and techniques and illustrating with case studies how it can be used by genealogists to gain an insight into their ancestry. The subject is complex and perhaps difficult for traditional genealogists to understand but, with the aid of this book, novices who are keen to take advantage of it will be able to interpret test results and use them to help answer genealogical questions which cannot be answered by documentary evidence alone. It will also appeal to those with some experience in the field because it places the practical application of genetic genealogy within a wider context, highlighting its role as a genealogical tool and suggesting how it can be made more effective.

The extensive selection of play techniques described in this book will add to the clinical repertoire of students and practitioners of child therapy and counseling. When used in combination with formal education and clinical supervision, *Play Therapy Techniques, Second Edition*, can be especially useful for developing treatment plans to address the specific needs of various clinical populations. Students and practitioners of child therapy and counseling, including psychologists, psychiatrists, social workers, nurses, and child life specialists will find this second of *Play Therapy Techniques* informative and clinically useful.

**Do You Love to Be Needed, or Need to Be Loved?** Shari Schreiber, 2018-09-27 Shari Schreiber learned about healing people by having to surmount her own painful life experiences. Tenacious about her pursuit of wholeness and wellness, she invented tools in her mid-twenties to help her grow beyond mere survival and learn to thrive. She imparted these tools and methods to her clients for eighteen of the twenty-five years she was passionately dedicated to helping others repair themselves. Returning to school at forty-one, she'd hoped to legitimize the talents she'd always had, but found that experience lacking. Ms. Schreiber has not worked as a state-licensed professional, because in her view, "psychotherapy" or mind work never seemed to resolve or remedy human pain. Her own approach was extremely unconventional, unique and effective in contrast to other forms of intervention, even within the realm of addiction recovery. Having retired from her wellness practice in late 2017, she hopes to publish many more books that might help you gain clarity, wholeness, contentment, inner peace and joy.

**The Fulfilled Family** John F. MacArthur, 2008-06-08 In a world of divorce, casual sex, and homosexual unions, family?once the bedrock of our culture?is becoming a matter of uncertainty and argument. From some quarters, traditional roles for men and women are ridiculed. And standing firm in a healthy, well-functioning family is harder than ever. So how can you have a happy home? How can you pass on strong morals to your children in a world going awry? By following God's divine plan for family life, writes Bible teacher, pastor, father, and grandfather John MacArthur in this book. There's no magic formula. There's no gimmick. It's not about how many times you do something, or who is in charge of this or that, or what kind of processes or methods you use. It comes down to answering these questions: Am I committed to obedience to the

Spirit of God? Am I committed to the controlling influences of the Word of God? Am I going to live out a Christian life? If you can answer yes to all of those questions, then you are bound to have a successful, fulfilled, God-honoring family life.

Horse-and-buggy Mennonites Donald B. Kraybill, James P. Hurd, 2006 Examining how the Wengers have cautiously and incrementally adapted to the changes swirling around them, this book offers an invaluable case study of a traditional group caught in the throes of a postmodern world.--Jacket.

**Families in an Era of Increasing Inequality** Paul R. Amato, Alan Booth, Susan M. McHale, Jennifer Van Hook, 2014-10-07 The widening gap between the rich and the poor is turning the American dream into an impossibility for many, particularly children and families. And as the children of low-income families grow to adulthood, they have less access to opportunities and resources than their higher-income peers--and increasing odds of repeating the experiences of their parents. *Families in an Era of Increasing Inequality* probes the complex relations between social inequality and child development and examines possibilities for disrupting these ongoing patterns. Experts across the social sciences track trends in marriage, divorce, employment, and family structure across socioeconomic strata in the U.S. and other developed countries. These family data give readers a deeper understanding of how social class shapes children's paths to adulthood and how those paths continue to diverge over time and into future generations. In addition, contributors critique current policies and programs that have been created to reduce disparities and offer suggestions for more effective alternatives. Among the topics covered: Inequality begins at home: the role of parenting in the diverging destinies of rich and poor children. Inequality begins outside the home: putting parental educational investments into context. How class and family structure impact the transition to adulthood. Dealing with the consequences of changes in family composition. Dynamic models of poverty-related adversity and child outcomes. The diverging destinies of children and what it means for children's lives. As new initiatives are sought to improve the lives of families and children in the short and long term, *Families in an Era of Increasing Inequality* is a key resource for researchers and practitioners in family studies, social work, health, education, sociology, demography, and psychology.

**Divorced, Bigamist, Bereaved? the Family Historian's Guide to Marital Breakdown, Separation, Widowhood, and Remarriage: From 1600 to the 1970s** Rebecca Probert,2015-03-24 Most of our ancestors were wed only once, and after the death of a spouse did not remarry. Yet every family tree has individuals whose lives did not fit that pattern: a minority of the bereaved chose to take a second or even a third spouse, and with some marriages breaking down and divorce increasingly an option there were always bigamists and divorcees ready to find a new partner. In this follow-up to the bestselling Marriage Law for Genealogists, Rebecca Probert explains divorce, bigamy, bereavement and remarriage from the 1600s through to the late twentieth century. How long did marriages last? Was the loss of a spouse in middle age as common as we might assume? And for those who did lose a spouse, what factors influenced their choice to remarry or remain single? What signs hint that a marriage might have been bigamous, or that a divorce had been hushed up? How were marital breakdown, bigamy, and cohabitation linked at a time when relationships outside marriage were rare and unacceptable? From the evidential requirements of the divorce courts through to the testimonies of convicted bigamists, and from men who married their late wife's sister through to couples who went through more than one wedding ceremony together, this book examines law and social custom from every angle. Rebecca Probert is the leading authority on the history of marriage law and practice in England and Wales. She holds a chair in family law at the University of Warwick and regularly appears on TV and radio.
