Self-Defense for Gentlemen and Ladies Colonel Thomas Hoyer Monstery, 2015-04-21 This 19th-century self-defense manual—written by a master swordsman—will appeal to fencers and martial artists as well as fans of Victorian-era culture, steampunk, and American history. Colonel Thomas Hoyer Monstery was a master swordsman who participated in more than fifty duels, fought under twelve flags, battled gangsters, and was constantly involved in the great conflicts and upheavals of his time. In the 1870s, he began writing his magnum opus—a series of newspaper articles that are now collected here for the first time in *Self-Defense for Gentleman and Ladies*. In this book, Colonel Monstery presents a unique look into the Victorian-era fighting world. He describes styles such as British “purring” (shin-kicking), Welsh jump-kicking, and American rough-and-tumble fighting, in addition to providing illustrated instruction in the art of gentlemanly self-defense with a cane, staff, or one’s bare hands. Fifty rare drawings and photographs from the period illuminate Monstery’s world, while an extensive glossary of terms and an introductory biography of Colonel Monstery—including fascinating details of his many duels as well as his groundbreaking devotion to teaching fencing and self-defense skills to women—update his text to make it accessible and useful to gentlemen and ladies of any era.

Fences August Wilson, 2019-08-06 From legendary playwright August Wilson comes the powerful, stunning dramatic bestseller that won him critical acclaim, including the Tony Award for Best Play and the Pulitzer Prize. Troy Maxson is a strong man, a hard man. He has had to be to survive. Troy Maxson has gone through life in an America where to be proud and black is to face pressures that could crush a man, body and soul. But the 1950s are yielding to the new spirit of liberation

in the 1960s, a spirit that is changing the world Troy Maxson has learned to deal with the only way he can, a spirit that is making him a stranger, angry and afraid, in a world he never knew and to a wife and son he understands less and less. This is a modern classic, a book that deals with the impossibly difficult themes of race in America, set during the Civil Rights Movement of the 1950s and 60s. Now an Academy Award-winning film directed by and starring Denzel Washington, along with Academy Award and Golden Globe winner Viola Davis.

Five Eyes On the Fence Tony A. Rose,2014-09-05 Five Eyes on the Fence: Protecting the Five Core Capitals of Your Business debunks the myth that a business's health is judged by its bottom line alone—by its financial capital. Instead, the book proves that financial capital is a byproduct of four other capitals: (1) human capital, is defined by a company's and its employees' soft and ingrained attributes like personalities, intelligences, behavioral traits, values, attributes, and motivators; (2) intellectual capital, defined by the company's and its employees' knowledge and experience; (3) social capital, or the company's network of people and associates; and (4) structural capital, the glue that holds all of these capitals together in the form of processes, systems, and modes of delivering a product or service. By exploring both positive and negative case studies, readers learn to consider these five capitals as an intricate web, making decisions according to the interplay between

each of the capitals rather than focusing all of their energies on the cold, hard, and logic-driven financial statement.
