The Elements of Online Journalism Rey G. Rosales,2006 Citizen journalism, blogging, community and user activity are today's buzzwords in the online news business. Publishers and editors see the potential windfall that the web can offer and are now investing heavily into this venture. With today's newspaper circulation, readership, and profit slipping, media outfits have no choice but to embrace a new reality: the Web is now the most powerful medium. This means a unique brand of journalism is needed to cater to the demands of the new generation of media consumers. This new brand is called multimedia journalism. How do we execute multimedia journalism online? What type of things do we have to do in order for our news site to succeed? What are the tools needed to be able to execute multimedia journalism, effectively? This book guides the reader as to how to create innovative multimedia reports and presentations. It explains the nature of today's media consumer and talks about ways to gain new users as well as sustain a high rate of return visits. The book also talks about other important factors of online journalism such as audience, design, promotion, ethics, job prospects, and future directions for online news.

The Cool Stuff in Premiere Pro Jarle Leirpoll,Dylan Osborn,Paul Murphy,Andy Edwards,2017-10-11 Gain in-depth knowledge of Premiere Pro, and learn how the software "thinks." You'll acquire new skills that will help you choose the best workflow for your project, and simplify and accelerate your video editing process. Learn how you can edit a lot faster with smarter workflows that automate several steps in the editing process. You'll also see how custom settings, presets, keyboard

shortcuts and templates saves hours of work. By tailoring the software to your needs you save clicks on just about every task. With many traditional jobs now being done by one person, its important to understand audio smoothing, color grading, motion graphics, and advanced editing techniques. You'll learn these skills and disciplines and see how they'll enhance your project's workflow. All the authors are professional editors and want to know exactly how to cut your film as fast as possible with top quality output. There is invaluable information in *The Cool Stuff in Premiere Pro* that's not available anywhere else – not even in Adobe's own manuals. What You'll Learn Edit faster, no matter what the project Understand the technical stuff, like timeline settings, render codecs, color subsampling, export settings, effect controls and monitor settings Know when to send your clips to other Adobe software, and how to treat them there. Master the Premiere Pro timeline, even stacks of timelines, and edit, trim and adjust with ease Who This Book Is For Video journalists (and everyone else) will learn how to edit faster and get home in time for dinner. Bloggers will learn how to make their online video and audio “pop”. Film cutters will learn how to organize, rough cut and fine tune huge amounts of material effectively and how to output for digital cinema. Experienced video editors will learn how to deal with multi-track audio and to work faster in every step of the edit. Marketing people who edit video for social media and web pages will learn simpler ways to make a faster cut. Teachers in media studies will understand the logic in Premiere Pro, and be better prepared for teaching video editing.

**Ditch That Textbook** Matt Miller,2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

*School, Family, and Community Partnerships* Joyce L. Epstein,Mavis G. Sanders,Steven B. Sheldon,Beth S. Simon,Karen Clark Salinas,Natalie Rodriguez Jansorn,Frances L. Van Voorhis,Cecelia S. Martin,Brenda G. Thomas,Marsha D. Greenfeld,Darcy J. Hutchins,Kenyatta J. Williams,2018-07-19 Strengthen programs of family and community engagement to promote equity and increase student success! When schools, families, and communities collaborate and share responsibility for students' education, more students succeed in school. Based on 30 years of research and fieldwork, the fourth edition of the bestseller *School, Family, and Community Partnerships: Your Handbook for Action*, presents tools and guidelines to help develop more effective and more equitable programs of family and community engagement. Written by a team of well-known experts, it provides a theory and framework of six types of involvement for action; up-to-date research on school, family, and community collaboration; and new materials for professional development and on-going technical assistance. Readers also

will find: Examples of best practices on the six types of involvement from preschools, and elementary, middle, and high schools Checklists, templates, and evaluations to plan goal-linked partnership programs and assess progress CD-ROM with slides and notes for two presentations: A new awareness session to orient colleagues on the major components of a research-based partnership program, and a full One-Day Team Training Workshop to prepare school teams to develop their partnership programs. As a foundational text, this handbook demonstrates a proven approach to implement and sustain inclusive, goal-linked programs of partnership. It shows how a good partnership program is an essential component of good school organization and school improvement for student success. This book will help every district and all schools strengthen and continually improve their programs of family and community engagement.

The 12 Magic Slides Paul M. Getty, 2014-02-28 Author Paul Getty has seen thousands of brilliant founding CEOs present to angel investors, venture capitalists, and institutional investors. And he has seen thousands of them fail in their quest for the money they sincerely believed would lead to entrepreneurial success and riches for all. Again and again, he watched would-be tech titans fail to create a good first impression, deliver poor presentations, tell lengthy stories that put investors to sleep, and fail to address the critical issues sophisticated investors are most eager to hear about. If only they'd read *The Twelve Magic Slides: Insider Secrets for Raising Growth Capital*. Getty's slide topics—developed while coaching hundreds of company founders to fundraising success—cover each of the twelve key themes investors want to know about in depth before they part with their hard-earned money: the problem you see, your solution to it, the resulting business opportunity, the amount of money you need to grow the firm, and the potential returns for investors, among others. Getty, managing director of Satwik Capital Advisors in San Jose, California, shows that properly developing each slide—and the thinking behind it—can get you the investment capital required to vault your company to the next level. But *The Twelve Magic Slides* is more than a book about how raise money from professional investors. It presents a whole new way of how to think about and develop a successful startup. Regardless, it will show you better ways to accomplish your goals and increase the chances you'll get the

green light from investors. Whether you are seeking startup funding from the angel down the street, or trying to convince investment bankers to help take you public, The Twelve Magic Slides provides a clear step-by-step process that will enable you to: Identify the key elements of the business that must be developed to attract external capital Understand the critical dos and don'ts CEOs must know to sell their story to investors in a quick and efficient manner Create twelve perfect slides and a presentation that secures investor interest from the start and gives them plenty of reasons to write you a check You need to find money to fund your company's growth. Investors need to find entrepreneurs and ideas they can believe in. The Twelve Magic Slides presents a proven method for attracting funds from angel investors, venture capital firms, private equity firms, and institutional investors. It will give you the knowledge and confidence you need to ask for—and receive—the capital you need to launch or grow a business.

*Feature and Narrative Storytelling for Multimedia Journalists* Duy Linh Tu, 2015-01-09 Feature and Narrative Storytelling for Multimedia Journalists is the first text that truly focuses on the multimedia and documentary production techniques required by professional journalists. Video and audio production methods are covered in rich detail, but more importantly, various storytelling techniques are explored in depth. Likewise, author Duy Linh Tu tackles the latest topics in multimedia storytelling, including mobile reporting, producing, and publishing, while also offering best practices for using social media to help promote finished products. Whether you're a student, a professional seeking new techniques, or simply looking to update your skills for the new digital newsroom, this book will provide you with the information and tools you need to succeed as a professional journalist. Integrated: The lessons in this book deftly combine traditional media production principles with storytelling craft. It is written with the perspective of modern professional journalists in mind. Practical: While rich with theory, this text is based on the real-world work of the author and several of his colleagues. It features Q&As with some of the best editors and video producers from top publications, including NPR, Vice, and Detroit Free Press, as well as profiles of leading video news organizations such as Frontline, Mediastorm, and Seattle Times. Proven: The author uses pedagogy from the world-renowned Columbia Journalism School as well as case studies from his own award-winning work. Interactive: The text is exercise- and drill-based, and the companion website provides multimedia examples and lesson files,

as well as tutorials, case studies, and video interviews.

*The Art of Renaissance Europe* Bosiljka Raditsa, 2000 Works in the Museum's collection that embody the Renaissance interest in classical learning, fame, and beautiful objects are illustrated and discussed in this resource and will help educators introduce the richness and diversity of Renaissance art to their students. Primary source texts explore the great cities and powerful personalities of the age. By studying gesture and narrative, students can work as Renaissance artists did when they created paintings and drawings. Learning about perspective, students explore the era's interest in science and mathematics. Through projects based on poetic forms of the time, students write about their responses to art. The activities and lesson plans are designed for a variety of classroom needs and can be adapted to a specific curriculum as well as used for independent study. The resource also includes a bibliography and glossary.

We Are Here to Stay: Voices of Undocumented Young Adults Susan Kuklin, 2019-01-08 With refreshing candor, photos and interviews usher us into the lives of eleven undocumented young people bravely speaking out. “Maybe next time they hear someone railing about how terrible immigrants are, they'll think about me. I'm a real person.” Meet nine courageous young adults who have lived in the United States with a secret for much of their lives: they are not U.S. citizens. They came from Colombia, Mexico, Ghana, Independent Samoa, and Korea. They came seeking education, fleeing violence, and escaping poverty. All have heartbreaking and hopeful stories about leaving their homelands and starting a new life in America. And all are weary of living in the shadows. *We Are Here to Stay* is a very different book than it was intended to be when originally slated for a 2017 release, illustrated with Susan Kuklin's gorgeous full-color portraits. Since the last presidential election and the repeal of DACA, it is no longer safe for these young adults to be identified in photographs or by name. Their photographs have been replaced with empty frames, and their names are represented by first initials. We are honored to publish these enlightening, honest, and brave accounts that encourage open, thoughtful conversation about the complexities of immigration — and the uncertain future of immigrants in America.

**Understanding by Design** Grant P. Wiggins, Jay McTighe, 2005 What is understanding and how does it differ from knowledge? How can we determine the big ideas worth understanding? Why is understanding an important teaching goal, and how do we know when students have attained it? How can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance in today's high-stakes, standards-based environment? Authors Grant Wiggins and Jay McTighe answer these and many other questions in this second edition of *Understanding by Design*. Drawing on feedback from thousands of educators around the world who have used the UbD framework since its introduction in 1998, the authors have greatly revised and expanded their original work to guide educators across the K-16 spectrum in the design of curriculum, assessment, and instruction. With an improved UbD Template at its core, the book explains the rationale of backward design and explores in greater depth the meaning of such key ideas as essential questions and transfer

tasks. Readers will learn why the familiar coverage- and activity-based approaches to curriculum design fall short, and how a focus on the six facets of understanding can enrich student learning. With an expanded array of practical strategies, tools, and examples from all subject areas, the book demonstrates how the research-based principles of Understanding by Design apply to district frameworks as well as to individual units of curriculum. Combining provocative ideas, thoughtful analysis, and tested approaches, this new edition of Understanding by Design offers teacher-designers a clear path to the creation of curriculum that ensures better learning and a more stimulating experience for students and teachers alike.
