Make Your Own Living Trust provides all of the plain English instructions, worksheets, and forms you need to create an individual or shared living trust and a basic will (for yourself and your family), without the need for a lawyer. Whether you are single or part of a couple, you can use this book to: decide whether a living trust is right for your family keep control over trust property while you live appoint someone to manage trust property, if needed name beneficiaries to inherit your assets set up property management for young beneficiaries, and learn how to transfer all types of assets to your trust, including real estate, stocks, jewelry, art, or business assets. Even if you prefer to hire a lawyer to draw up your trust, you can use this book to learn about living trusts before you go to the lawyer. Using the book to learn about living trusts will save you a considerable amount of money, compared to paying a lawyer to explain it to you. All of the explanations, instructions, and examples are in the book, and the forms are available for download details inside the book. Tangible Personal Property List - lets person easily outside Will write more gifts to occur after death of tangible personal property like furniture, jewelry, vehicles, art, electronics, tools, and clothes. - - HEALTH CARE FORMS - - Form 6. Advance Health Care Directive - in case they're incapacitated later lets person name someone as Agent to control health care, give health care instructions, and maybe do serious step of saying later stop care if incapacitated and bad health likely won't improve (this part is often called doing a Living Will) - - this form also can give Agent power over bodily remains and funeral, burial, cremation, and related issues. Form 7. This self-help legal kit includes step-by-step instructions, detailed information and all the legal forms necessary to prepare your own last will and testament without the need or expense of hiring a lawyer. □ Prepare a legal will in minutes. □ Step-by-step instructions. □ Lawyer approved legal kit. □ Valid in all states (except Louisiana). □ See below for a full product description. Both of these matters will be determined by state laws which are often decades old. There is also the added risk that your estate could be substantially depleted due to the high levels of legal and professional fees associated with dying intestate. Making a last will and testament is the only way to ensure that you have control over these matters and that you can properly provide for the needs of your family. This self-help kit provides you with step-by-step instructions, detailed information and all the legal forms necessary to make a will and to ensure that your property passes to your loved ones after your death. □ Make cash and specific property gifts to your loved ones. □ Appoint guardians to care for your minor children. □ Appoint executors to wind up your estate. □ Create trusts for minor beneficiaries. □ Make funeral arrangements.

California Legal Research Aimee Dudovitz,Hether C. Macfarlane,Suzanne E. Rowe,2016 The third edition of California Legal Research continues to fill a unique niche in the literature available for California state law research, explaining both the sources of California law and the process of conducting research using those sources. After introductory chapters devoted to the basic research process and research techniques, California Legal Research explores judicial opinions, the state constitution, statutes and legislative history, and administrative law. The book then turns to updating research with Shepard's and KeyCite, using secondary sources and practice guides, and planning a research strategy. A final chapter explains legal citation, with information on the California Style Manual, the ALWD Citation Manual, and the Bluebook. The book should be valuable to a wide range of audiences--from first-year students to seasoned veterans. Outlines of the research process and excerpts from key state sources make the book easy to use. The text includes brief discussions of legal analysis throughout, recognizing the interplay between research and analysis. California Legal Research supplements its detailed discussion of state research with brief discussions of federal research. Thus, it can be used as the sole text in a research course or in conjunction with texts focusing on topical or federal research.

Living Trust Kit Estatebee,2021-01-09 A living trust is a trust used for the purpose of avoiding the delays and costs

associated with probate. They are easy to set up and simply involve completing and signing a trust agreement in which you name yourself as both grantor (creator of the trust) and trustee (manager of the trust assets). Once set up, you transfer some or all your assets to the trust. As trustee, you then take over management of the trust assets. When you die, the assets are distributed to the beneficiaries named in the trust agreement. However, as the assets are held in the trust's name rather than in your personal name, they will not need to go through probate. This allows for the assets to be distributed quickly after your death, and without the probate fees. This self-help kit provides you with step-by-step instructions, detailed information and all the legal forms necessary to help you create your own revocable living trust and avoid probate. □ Prepare a living trust quickly and easily. □ Avoid the costs and delays of probate. □ Protect yourself and your assets during incapacity. □ Make gifts to your loved ones. □ Create trusts for young beneficiaries.
