The 12 Week Year Brian P. Moran, Michael Lennington, 2013-05-15 The guide to shortening your execution cycle down from one year to twelve weeks Most organizations and individuals work in the context of annual goals and plans; a twelve-month execution cycle. Instead, The 12 Week Year avoids the pitfalls and low productivity of annualized thinking. This book redefines your year to be 12 weeks long. In 12 weeks, there just isn't enough time to get complacent, and urgency increases and intensifies. The 12 Week Year creates focus and clarity on what matters most and a sense of urgency to do it now. In the end more of the important stuff gets done and the impact on results is profound. Explains how to leverage the power of a 12 week year to drive improved results in any area of your life Offers a how-to book for both individuals and organizations seeking to improve their execution effectiveness Authors are leading experts on execution and implementation Turn your organization's idea of a year on its head, and speed your journey to success.

Sideways Stories From Wayside School Louis Sachar, 2021-08-05 Meet the delightfully eccentric and unusually gifted pupils of Wayside School in this instalment of the brilliantly quirky Wayside School series – from Louis Sachar, author of the bestselling novel Holes As recommended on Radio 4 Kids Book Club, August 2024 There has been a terrible mistake. Instead of having thirty classrooms side by side, Wayside School is thirty storeys high! (The builder said he was sorry.) Perhaps that's why all sorts of strange and unusual things keep happening – especially in Mrs Jewls's classroom on the very top floor. There's the terrifying Mrs Gorf, who gets an unusually fruity comeuppance; Terrible Todd, who always gets sent home early; and Mauricia, who has a strange ice-cream addiction. Meanwhile, John can only read upside down, and Leslie is determined to sell her own toes. From top to bottom, Wayside is packed with quirky and hilarious characters who are all brought to life in this new edition with delightful illustrations by Aleksei Bitskoff throughout. This is an unmissable, irrepressible story of mixed-up mayhem from Louis Sachar, the bestselling author of Holes.

Ditch That Textbook Matt Miller, 2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help

educators free their teaching and revolutionize their classrooms.

GMC: Goal, Motivation, and Conflict Debra Dixon, 2013-07-15 This book belongs on every fiction writer's bookshelf. Anyone who has ever had a story to tell and is dying to get it down on paper will find guidance and inspiration in GMC. The presentation is clear, immediate, and relevant to all writers--from novices to seasoned professionals. Experienced author Debra Dixon has done a magnificent job of demystifying the toughest aspect of fiction writing: that of giving a story shape, form and urgency. -- Susan Wiggs, New York Times bestselling and RITA® Award winning author of over 40 novels and novellas One of the best in her craft. -- Toronto Star Goal, Motivation & Conflict is one of my all time favorites. -- Jane Porter (Flirting With Forty), award winning and bestselling author with 10 million books in print, in twenty languages and 25 countries Goal, motivation, and conflict are the foundation of everything that happens in the story world. Using charts, examples, and movies, the author breaks these key elements down into understandable components and walks the reader through the process of laying this foundation in his or her own work. Learn what causes sagging middles and how to fix them, which goals are important, which aren't and why, how to get your characters to do what they need for your plot in a believable manner, and how to use conflict to create a good story. GMC can be used not only in plotting, but in character development, sharpening scenes, pitching ideas to an editor, and evaluating whether an idea will work. Be confident your ideas will work before you write 200 pages. Plan a road map to keep your story on track. Discover why your scenes aren't working and what to do about it. Create characters that editors and readers will care about.

Living Forward Michael Hyatt, Daniel Harkavy, 2016-03-01 Each of us has but one life to live on this earth. What we do with it is our choice. Are we drifting through it as spectators, reacting to our circumstances when necessary and wondering just how we got to this point anyway? Or are we directing it, maximizing the joy and potential of every day, living with a purpose or mission in mind? Too many of us are doing the former--and our lives are slipping away one day at a time. But what if we treated life like the gift that it is? What if we lived each day as though it were part of a bigger picture, a plan? That's

what New York Times bestselling author Michael Hyatt and executive coach Daniel Harkavy show us how to do: to design a life with the end in mind, determining in advance the outcomes we desire and path to get there. In this step-by-step guide, they share proven principles that help readers create a simple but effective life plan so that they can get from where they are now to where they really want to be--in every area of life.

Computing and Combinatorics Tao Jiang,1997-07-30 The book is aimed at graduate students, researchers, engineers and physicists involved in fluid computations. An up-to-date account is given of the present state of the art of numerical methods employed in computational fluid dynamics. The underlying numerical principles are treated with a fair amount of detail, using elementary methods. Attention is given to the difficulties arising from geometric complexity of the flow domain. Uniform accuracy for singular perturbation problems is studied, pointing the way to accurate computation of flows at high Reynolds number. Unified methods for compressible and incompressible flows are discussed. A treatment of the shallow-water equations is included. A basic introduction is given to efficient iterative solution methods. Many pointers are given to the current literature, facilitating further study.

Free Good Note Templates Introduction

In the digital age, access to information has become easier than ever before. The ability to download Free Good Note Templates has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Free Good Note Templates has opened up a world of possibilities. Downloading Free Good Note Templates provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable

resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Free Good Note Templates has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Free Good Note Templates. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered

authors to share their work with the world. However, it is essential to be cautious while downloading Free Good Note Templates. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Free Good Note Templates, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Free Good Note Templates has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF

downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
