From top to bottom, *Wayside* is packed with quirky and hilarious characters who are all brought to life in this new edition with delightful illustrations by Aleksei Bitskoff throughout. This is an unmissable, irrepressible story of mixed-up mayhem from Louis Sachar, the bestselling author of *Holes*.

Right Brain Rescue Lara Salyer, 2020-09-17 There is a sparkly creative muse inside each of us. As children, creativity is our effortless language. We play games and explore our world with delight. In the journey to adulthood, our innate brilliance is insidiously tarnished by responsibilities to be dutiful partners, coworkers, friends, and citizens. We tell ourselves to be grateful. Don't complain. This is how it is. We hide our disappointment in sips of wine, yoga classes, and mandated resiliency seminars. But what if you're given the gift of a near-death experience that forces your eyes wide open to the beauty of a creative life again? This is what happened to Lara Salyer, a burned-out, family doctor mom in the rural Midwest who

rediscovered her dormant creativity and saved her career. Just when she wanted to quit medicine entirely, this experience inspired her grassroots mission to incorporate art and creativity back into medical care. Candid and sassy, expressive and fearless, *Right Brain Rescue* is both a touching memoir and a call to action for all of us to color outside the lines and reinvent life on our own terms. This is a story of how one woman did everything right to enjoy a triumphant career as a family physician, but crumbled under the same pressure as many others in conventional factory medicine—the pressure to flip patients every fifteen minutes like burgers on a grill. It's a story about bravely walking away from a stable, profitable career into a blank canvas of the unknown in order to live a fully authentic and awake life. This is not a self-help book or a how-to book, but you might recognize some self and help in these pages. *Right Brain Rescue* is a literary creativity prescription that will inspire us to think differently about how we use our energy, explore our values, and care for our bodies and minds so we can become the most sparkly version of ourselves.

The Bullet Journal Method Ryder Carroll, 2021-12 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of *The Miracle Morning* In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The

system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls intentional living: making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald.
