Indiana Notary Public Guide Indiana Secretary of State,2019-04-06 A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual.

When he receives an astronomical invoice from a random national bureaucratic agency, everything will tumble into madness as he calls the hotline night and day to find out why he is the recipient of the largest bill in the entire country. What is the price of a cherished memory? How much would you pay for a beautiful summer day? All these questions pull you through *The Invoice* and prove once again that Jonas Karlsson is simply a master of entertaining, intelligent, and life-affirming work.
