Revitalizing Endangered Languages Justyna Olko, Julia Sallabank, 2021-04-29 Of the approximately 7,000 languages in the world, at least half may no longer be spoken by the end of the twenty-first century. Languages are endangered by a number of factors, including globalization, education policies, and the political, economic and cultural marginalization of minority groups. This guidebook provides ideas and strategies, as well as some background, to help with the effective revitalization of endangered languages. It covers a broad scope of themes including effective planning, benefits, wellbeing, economic aspects,

attitudes and ideologies. The chapter authors have hands-on experience of language revitalization in many countries around the world, and each chapter includes a wealth of examples, such as case studies from specific languages and language areas. Clearly and accessibly written, it is suitable for non-specialists as well as academic researchers and students interested in language revitalization. This book is also available as Open Access on Cambridge Core.

New School Dash Shaw,2013-07-05 In this brand new graphic novel from the acclaimed author of Bottomless Belly Button and BodyWorld, Dash Shaw dramatizes the story of a boy moving to an exotic country and his infatuation with an unfamiliar culture that quickly shifts to disillusionment. A sense of “being different” grows to alienation, until he angrily blames this once-enchanting land for his feelings of isolation. All of this is told through the fantastical eyes of young Danny, a boy growing up in the '90s fed on dramatic adventure stories like Jurassic Park and X-Men. Danny's older brother, Luke, travels to a remote island to teach English to the employees of ClockWorld, an ambitious new amusement park that recreates historical events. When Luke doesn't return after two years, Danny travels to ClockWorld to convince Luke to return to America. But Luke has made a new life, new family, and even a new personality for himself on ClockWorld, rendering him almost unrecognizable to his own brother. Danny comes of age as he explores the island, ClockWorld, and fights to bring his brother home. New School is unlike anything in the history of the comics medium: at once funny and deadly serious, easily readable while wildly artistic, personal and political, familiar and completely new.

The Spiritual Roots of the Tarot Russell A. Sturgess,2020-09-22 Learn the path to enlightenment and inner peace encoded by the Cathar in the Major Arcana of the Marseille Tarot • Reveals how the secret wisdom teachings of the heretical Cathar sect were hidden in plain sight in the imagery of the Major Arcana of the Marseille Tarot deck • Decodes each of the cards in detail and shows how they offer clear instructions for recalibrating human consciousness and achieving enlightenment • Shares the author's self-development program, based on the wisdom of the cards, for creating a lifestyle filled with peace, joy, good health, and meaning The Holy Grail has been discovered. Not a cup or chalice as myth leads us to

believe, the Holy Grail is sacred knowledge of the path to enlightenment and inner peace. While author Russell Sturgess was conducting research on the Marseille Tarot, he found evidence that this tarot deck, while masquerading as a simple card game, held the teachings of an ancient heretical religious group from southern France, the Cathar, believed to be the keepers of the Holy Grail. To avoid persecution by the papacy, this sect used portable art like illuminations to convey their Gnostic Christian teachings, in the same way the stained glass windows of churches spoke to their congregations. This portable Cathar art then inspired the creation of the Tarot. After his breakthrough discovery of a hidden key on the Magician and Strength cards, Sturgess examined the Major Arcana cards further and used the key to unlock their symbolism, discovering clear instructions for recalibrating human consciousness and achieving enlightenment, with specific cards representing pivotal points in making the journey from ignorance to awareness. Decoding the cards in detail, the author shows how they reveal a journey of transformed consciousness that can result in finding what the Cathar called “the kingdom of heaven.” Calling this sacred knowledge “the Cathar Code,” Sturgess reveals his personal development program based on the Code that opens access to a meaningful lifestyle filled with peace and joy and that naturally fosters health and well-being. He shows how these teachings offer a clear path that transforms a life burdened by fear of failure, rejection, and scarcity into one with clarity of purpose, self-honoring, kindness, and the abundance that comes with making a fulfilling difference in the world.

Here within the heart of Africa, adventure and horror await those brave or foolhardy enough to seek them out. Secrets of Kenya details the cultures, geography, and history of Kenya through the 1930's; provides an African bestiary; details several secret societies; and includes four adventures to jump start your own explorations of Kenya and the surrounding African wilds.
