Sideways Stories From Wayside School Louis Sachar,2021-08-05 Meet the delightfully eccentric and unusually gifted pupils of Wayside School in this instalment of the brilliantly quirky Wayside School series - from Louis Sachar, author of the bestselling novel Holes As recommended on Radio 4 Kids Book Club, August 2024 There has been a terrible mistake. Instead of having thirty classrooms side by side, Wayside School is thirty storeys high! (The builder said he was sorry.) Perhaps that's why all sorts of strange and unusual things keep happening - especially in Mrs Jewls's classroom on the very top floor. There's the terrifying Mrs Gorf, who gets an unusually fruity comeuppance; Terrible Todd, who always gets sent home early; and Mauricia, who has a strange ice-cream addiction. Meanwhile, John can only read upside down, and Leslie is determined to sell her own toes. From top to bottom, Wayside is packed with quirky and hilarious characters who are all brought to life in this new edition with delightful illustrations by Aleksei Bitskoff throughout. This is an unmissable, irrepressible story of mixed-up mayhem from Louis Sachar, the bestselling author of Holes.

The Mom Test Rob Fitzpatrick,2013-10-09 The Mom Test is a quick, practical guide that will save you time, money, and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

Helping Teachers Develop Sara Bubb, 2005-09-20 'Helping Teachers Develop is a positive, uplifting, encouraging publication... very good value for money. It is the sort of publication we need in the profession and it is well worth being part of every head teacher or staff development tutor's collection of really useful books. I have to confess, even before I had finished reading it for review I was using Helping Teachers Develop with my trainee teachers' - Peter Stammers, in the Journal of In-service Education 'The book explores ways teachers at all levels can mentor others and improve their careers. [It] also contains guidance on ways to cope with having your lessons observed and how to make constructive comments as an observer' - Michael Shaw, Times Educational Supplement 'This is another excellent and accessible practice guide from someone who, unusually, understands both the classroom teacher from long years of practice and the theory. The chapter on observation of teachers should be read by every headteacher, deputy and teacher who engages in monitoring classroom practice. Note, a few inspectors would benefit too! It's one to read and then refer to on a regular basis if you work in schools or PGCE departments' - Tim Brighouse, Chief Adviser for London Schools Helping teachers develop - whether they're trainees, newly or recently qualified, in their first three, ten or twenty years, and whether they're superb or struggling - is vital for the profession, for the millions of children who'll learn more as a result. Schools have to take greater responsibility for staff's continuing professional development (CPD) but there is little real help for the people who develop teachers. The best teachers will be expected to mentor trainee and newly qualified teachers (NQTs) and share good practice with all colleagues. Drawing directly on real-life experience and the latest research, this book will help people in a mentoring, coaching, advisory or management role to: o develop teachers, through understanding adult learning and the CPD cycle o meet needs from the range of professional development activities o carry out observations and give oral and written feedback in a range of situations o help and monitor planning and other parts of the job o help teachers develop their careers. Using examples from current practice, Sara will take you through every stage of CPD, from what professional development is to how you can support and monitor staff in your own school. There are photocopiable materials for you to use. The guidance in this

book will be essential for mentors, induction tutors, CPD/staff development coordinators, people with advanced skills or excellent teacher status, and all those with a leadership and management role in schools or local authorities. Sara Bubb is the UK's leading induction expert and has vast expertise in the CPD field. She runs many courses for different levels of school staff, assesses trainee and advanced skills teachers and is the new teacher expert for the Times Educational Supplement. Sara has been seconded from the Institute of Education to the DfES as the consultant for the Chartered London Teacher initiative. She is the co-author, with Peter Earley, of *Leading and Managing Continuing Professional Development and Managing Teacher Workload*.

How to Make Money Online Larry Elliott Bussey,2010-08-16 HOW TO MAKE MONEY ONLINE EBOOK CREATION FOR ENTREPRENEURS DO IT LIKE THE BIG DOGS!! When you hire for a writer for your ebook, what you are doing is enlisting the services of a ghostwriter. A ghostwriter is a writer who publishes under someone else's name, with the consent of both parties. (It's legal and writers are available to provide the service). The straightest route to ebook profits is in the nonfiction ebook market. Fiction is making a story; journalism is finding one. That's the big difference. When I am writing a book, I am usually dealing with events or ideas that have already arranged themselves in memory. With nonfiction, you need to find your prospective before time has arranged it. The trick is to write about something as if you've been thinking about it for 10 years. Larry Bussey resides in Las Vegas, Nevada. He's an expert on Internet Marketing and Ghostwriting. He has successfully pinned numerous books as a ghostwriter. Larry Bussey makes it his business to be aware of the latest developments in his field as a Pro Internet Marketer / Blogger / Social Media Marketer, Business Expert, Social Marketing Trainer and Consultant. Larry Bussey prides himself as being a thought leader in social media, who likes to inspire others to use new media to create positive change in their lives. Readers of his ebooks write from all over the globe to ask for marketing advice and to share their own success stories.
