Report of 2019 FAO Regional workshops on best practices to prevent and reduce abandoned, lost or discarded fishing gear in collaboration with the Global Ghost Gear Initiative Food and Agriculture Organization of the United Nations ,2020-06-01 FAO in collaboration with the Global Ghost Gear Initiative (GGGI), convened a series of regional workshops on Best Practices to Prevent and Reduce Abandoned, Lost and Otherwise Discarded Fishing Gear (ALDFG) between May and November 2019. The workshops which involved Government representatives, Regional Bodies, relevant intergovernmental and non-governmental organizations, the fishing industry and other regional stakeholders covered the Southwest Pacific, Southeast Asia, West Africa, and South America and the Caribbean regions. Workshop participants

reviewed existing measures for addressing fishing-related marine debris in particular ALDFG, considered best available information that supports further development of best practices for the management of fishing gear, discussed provisions required within international instruments and identify region-specific challenges, opportunities and priority needs. The main objective was to increase understanding and awareness of the Voluntary Guidelines for the Marking of Fishing Gear (VGMFG) and relevant best practice as outlined in the GGGI's Best Practice Framework for the Management of Fishing Gear (BPF). The main output of the workshops were a set of recommendations to inform next steps to be taken towards the development of national action plans or strategies to align, as appropriate, policies, legislation, systems and operations to the provisions of the VGMFG and the BPF, which will support the implementation of regional action plans to address marine litter from sea-based activities, especially ALDFG.
