Lean UX Jeff Gothelf, Josh Seiden, 2016-09-12 UX design has traditionally been deliverables-based. Wireframes, site maps, flow diagrams, content inventories, taxonomies, mockups helped define the practice in its infancy. Over time, however, this deliverables-heavy process has put UX designers in the deliverables business. Many are now measured and compensated for the depth and breadth of their deliverables instead of the quality and success of the experiences they design. Designers have become documentation subject matter experts, known for the quality of the documents they create instead of the end-state experiences being designed and developed. So what's to be done? This practical book provides a roadmap and set of practices and principles that will help you keep your focus on the the experience back, rather than the deliverables. Get a tactical understanding of how to successfully integrate Lean and UX/Design; Find new material on business modeling and outcomes to help teams work more strategically; Delve into the new chapter on experiment design and Take advantage of updated examples and case studies.

Dear Data Giorgia Lupi, Stefanie Posavec, 2016-09-13 Equal parts mail art, data visualization, and affectionate correspondence, *Dear Data* celebrates the infinitesimal, incomplete, imperfect, yet exquisitely human details of life, in the words of Maria Popova (*Brain Pickings*), who introduces this charming and graphically powerful book. For one year, Giorgia Lupi, an Italian living in New York, and Stefanie Posavec, an American in London, mapped the particulars of their daily lives as a series of hand-drawn postcards they exchanged via mail weekly—small portraits as full of emotion as they are data, both mundane and magical. *Dear Data* reproduces in pinpoint detail the full year's set of cards, front and back, providing a remarkable portrait of two artists connected by their attention to the details of their lives—including complaints, distractions, phone addictions, physical contact, and desires. These details illuminate the lives of two remarkable young women and also inspire us to map our own lives, including specific suggestions on what data to draw and how. A captivating and unique book

for designers, artists, correspondents, friends, and lovers everywhere.

The Jinni Key Bethany Atazadeh,2019-12-03 She holds the key to his heart, and he wants it back. When Arie reveals her Gift, she thinks the worst is over. But she couldn't be more wrong. The only one who can save her now is a mermaid named Rena. Rena is the youngest daughter of the Sea King, and she's dreamed of the surface for years. But her first visit on her 16th birthday isn't what she expects. She watches a Jinni fall from the sky—and chooses to save him, despite her mother's warnings that all Jinn are evil. Once she meets Gideon, she can't get him out of her mind. And maybe, with a little help from Arie and some magic of her own, she doesn't have to... The Jinni Key is a loose Little Mermaid retelling. Set in a world that humans share with mermaids, dragons, and the elusive Jinn, this is not the fairytale you remember... If you enjoy fantasy worlds, magical races, and surprising spins on classic fairy tales, then you'll love this enchanting retelling of The Little Mermaid. WHAT READERS ARE SAYING: There was very little that I predicted, when there was a moment of loss I truly felt it, and I loved the unique spins she placed on the well-known THE LITTLE MERMAID tale. Rachael Martin (Goodreads Reviewer) I went into this story super excited to find out more about Rena and Arie, and I was left unable to wait for the next book! I seriously read this book in one sitting (which left everything aching, but so worth it!). I absolutely loved The Stolen Kingdom, and book two did not disappoint. The Jinni Key's world-building was actually one of my favorites, so complex and detailed and very fun. Sarah Sutton (Goodreads Reviewer) I couldn't even put the book down because I had to know what happened... These are the kind of retellings that I love because while the base story is weaved in there lightly the story doesn't rely on The Little Mermaid. It goes so far past that and you are invested in everything that is happening... Katelyn Spedden (Goodreads Reviewer) There is so much action going on in this book and as the story moved on, the stakes kept getting higher and higher - I couldn't put it down (read it in a few hours) and I can't wait to read the next book in the series! Elira Barnes (Goodreads Reviewer) This was an amazing second book! All of Bethany's hard work paid off ten fold! I loved how all the relationships developed and all the animal moments. I especially love Rena and her quirky personality. She makes an amazing POV character. Andrea Roberts (Goodreads Reviewer) Once again, Bethany Atazadeh takes some risks with this Little Mermaid retelling and mixes in a lot of original story and world elements, along with engaging characters to make it an intriguing and magical read that I was sad to see end. Janine (Goodreads Reviewer) I loved finding out what happens next. I'm excited and am definitely going to read the third book. Captivating story. Kaylee White (Goodreads Reviewer) THE STOLEN KINGDOM SERIES READING ORDER: Book 1: The Stolen Kingdom: An Aladdin retelling Book 2: The Jinni Key: A Little Mermaid retelling Book 3: The Cursed Hunter: A Beauty and the Beast retelling Book 4: The Enchanted Crown: A Sleeping Beauty retelling THE QUEEN'S RISE SERIES (a connected trilogy in The Stolen Kingdom Universe) Book 1: The Secret Gift Book 2: The Secret Shadow Book 3: The Secret Curse
