Along the way, you'll understand at a much deeper level your customers, distribution channels, partners, revenue streams, costs, and your core value proposition. Business Model Generation features practical innovation techniques used today by leading consultants and companies worldwide, including 3M, Ericsson, Capgemini, Deloitte, and others. Designed for doers, it is for those ready to abandon outmoded thinking and embrace new models of value creation: for executives, consultants, entrepreneurs, and leaders of all organizations. If you're ready to change the rules, you belong to the business model generation!

Lean UX Jeff Gothelf,Josh Seiden,2016-09-12 UX design has traditionally been deliverables-based. Wireframes, site maps, flow diagrams, content inventories, taxonomies, mockups helped define the practice in its infancy.Over time, however, this

deliverables-heavy process has put UX designers in the deliverables business. Many are now measured and compensated for the depth and breadth of their deliverables instead of the quality and success of the experiences they design. Designers have become documentation subject matter experts, known for the quality of the documents they create instead of the end-state experiences being designed and developed. So what's to be done? This practical book provides a roadmap and set of practices and principles that will help you keep your focus on the the experience back, rather than the deliverables. Get a tactical understanding of how to successfully integrate Lean and UX/Design; Find new material on business modeling and outcomes to help teams work more strategically; Delve into the new chapter on experiment design and Take advantage of updated examples and case studies.

**The Stardust in My Soulbones** Rebekka Kaur, 2020-05-11 This book compiles poems written by a person who believes that the sky is not the limit; it never was. It is an expression of the distance traveled by the words between the home built by the human race here and the interstellar forces swarming around the Cosmos. So, the writer has nicely captured the words dipped in stardust and wisdom into beautiful poetries to make you envision beyond the mundane existence of daily life. It will take you to places covered in the space dust that you have accumulated while traveling to different places in this milky way and beyond. The poems will make you see that you are much more than the bones and blood and tissues and this world is much more than your eyes can see. Just like a spell, the words in the poems might make you see the extraordinary you, living under the human skin and also, might set you in the direction which will take you to places that are left unseen and unnoticed by the analytical mind of yours. These poems are more like chants that the writer happened to capture for you to read; so that you have something to look upon, the next time you look up in the sky. It's for you to look at what is hiding in the upper layers of the atmosphere of this blue gem. Sometimes, you just need the eyes to look at what's up there and if you don't have them, even standing on the surface of the moon won't seem magical to you. I hope these poems will give you that kind of light to your eyes.

Want to create presentations that are more consistent and cost-effective? Presentations that fully reflect your branding? Then don't settle for Microsoft's "out-of-the-box" templates and themes: create your own! In this easy, hands-on guide, two PowerPoint MVPs teach you every skill and technique you'll need to build the perfect template—from planning and design, through theme building, custom layouts, colors, and deployment. *Cambion's Law* Erin Fulmer, 2024-02 When the masks come off, only one law matters... Half-human. Half-succubus. All

work and no play. Ambitious prosecutor Lily Knight fights like a demon in the courtroom, but she's as dangerous to herself as others. Touch-starved by choice, she refuses to live beholden to any lover. Innocent doesn't describe Sebastian Ritter's craving for dominance in bedroom and boardroom. But one brush of his fingers over her skin tells Lily that he didn't commit the horrific crime he's charged with. With her life and secrets on the line, Lily races to find the real culprit. From the infuriating incubus who taught her to tempt and take, to intrigues and indiscretions at a masked cabaret, each unraveling thread entangles her further in a perilous game of seduction and lies. To survive, she must embrace her power, unleash her hunger, and surrender control...at the risk of becoming the monster she fears most of all. Cambion's Law offers trope-flipping paranormal suspense, modern noir fantasy, and dark romantic tension with a slow burn, subversive power dynamic grounded in mutual consent. Perfect for fans of Book of Azrael, Ninth House, and TV's Jessica Jones or Lucifer.
