*Wallet Activism* Tanja Hester, 2021-11-16 2022 NATIONAL INDIE EXCELLENCE AWARDS FINALIST — SOCIAL/POLITICAL CHANGE 2022 ASJA ANNUAL WRITING AWARD WINNER — SERVICE 2022 NAUTILUS BOOK AWARDS GOLD MEDALIST — SOCIAL CHANGE & SOCIAL JUSTICE 2022 AXIOM BUSINESS BOOK AWARD GOLD MEDALIST — PHILANTHROPY/NONPROFIT/SUSTAINABILITY How do we vote with our dollars, not just to make ourselves feel good, but to make a real difference? *Wallet Activism* challenges you to rethink your financial power so can feel confident spending, earning, and saving money in ways that align with your values. While we call the American system a democracy, capitalism is the far more powerful force in our lives. The greatest power we have—especially when political leaders won't

move quickly enough—is how we use our money: where we shop, what we buy, where we live, what institutions we entrust with our money, who we work for, and where we donate determines the trajectory of our society and our planet. While our votes and voices are essential, too, Wallet Activism helps you use your money for real impact. It can feel overwhelming to determine “the right way” to spend: a choice that might seem beneficial to the environment may have unintended consequences that hurt people. And marketers are constantly lying to you, making it hard to know what choice is best. Wallet Activism empowers us to vote with our wallets by making sense of all the information coming at us, and teaching us to cultivate a more holistic mindset that considers the complex, interrelated ecosystems of people and the planet together, not as opposing forces. From Tanja Hester, Our Next Life blogger and author of *Work Optional*, comes the mindset-shifting guide to help you put your money where your values are. Wallet Activism is not a list of dos and don'ts that will soon become outdated, nor does it call for anti-consumerist perfection. Instead, it goes beyond simple purchasing decisions to explore: The impacts a financial decision can have across society and the environment How to create a personal spending philosophy based on your values Practical questions to quickly assess the “goodness” of a product or an entity you may buy from The ethics of earning money, choosing what foods to eat, employing others, investing responsibly, choosing where to live, and giving money away For anyone interested in leaving the world better than you found it, Wallet Activism helps you build habits that will make your money matter.

**The Thank You Economy** Gary Vaynerchuk,2011-03-08 If this were 1923, this book would have been called *Why Radio Is Going to Change the Game* . . . If it were 1995, it would be *Why Amazon Is Going to Take Over the Retailing World* . . . The *Thank You Economy* is about something big, something greater than any single revolutionary platform. It isn't some abstract concept or wacky business strategy—it's real, and every one of us is doing business in it every day, whether we choose to recognize it or not. It's the way we communicate, the way we buy and sell, the way businesses and consumers interact online and offline. The Internet, where the *Thank You Economy* was born, has given consumers back their voice, and the tremendous power of their opinions via social media means that companies and brands have to compete on a whole different level than they used to. Gone are the days when a blizzard of marketing dollars could be used to overwhelm the airwaves, shut out the competition, and grab customer awareness. Now customers' demands for authenticity, originality, creativity, honesty, and good intent have made it necessary for companies and brands to revert to a level of customer service rarely seen since our great-grandparents' day, when business owners often knew their customers personally, and gave them individual attention. Here renowned entrepreneur Gary Vaynerchuk reveals how companies big and small can scale that kind of personal, one-on-one attention to their entire customer base, no matter how large, using the same social media platforms that carry consumer word of mouth. The *Thank You Economy* offers compelling, data-driven evidence that we have entered into an entirely new business era, one in which the companies that see the biggest returns won't be the ones that can throw the most money at an advertising campaign, but will be those that can prove they care about their customers more than anyone else. The businesses and brands that harness the word-of-mouth power from social media, those that can shift their culture to be more customer-aware and fan-friendly, will pull away from the pack and profit in today's markets. Filled with Vaynerchuk's irrepressible candor and wit, as well as real-world examples of companies that are profiting by putting *Thank You Economy* principles into practice, *The Thank You Economy* reveals how businesses can harness all the changes and challenges inherent in social media and turn them into tremendous opportunities for profit and growth.
