Darque Desires Raymond Bylthe, 2014-06-05 Dominic Darque is content with his life. He is a business owner and entrepreneur. Successful both professionally and personally, he is a dominant personality in all normal and several non-normal respects. Unfortunately, he is currently alone, and that is not something he tolerates. Therefore, he has been seeking someone new in his life, a sexually submissive, intelligent, and attractive woman. So far, that has been a fruitless search due to his standards and desires, but that is about to change when an angel in a black knit dress falls into his life. She is younger by a large margin, beautiful in a heartrendingly fresh way, smart and educated; and he soon learns, sexually submissive and responsive to him on a level he has rarely seen in all his years. He introduces her to his world and ways. To his delight, she grabs it as an infant grasps its first rattle. The relationship takes off like a rocket and the first two days are a nonstop exploration of their budding D/s relationship. The relationship blossoms from a passion-fueled sexual romp into a full-blown total power exchange of Domination/submission with her becoming his sexual slave in every conceivable way as she is 'taken in hand' and learns the rules of his world. However, this is not anything she has ever really experienced before and like the icebergs in the ocean, 90% of its substance remains concealed beneath the waves. As things are unveiled, she becomes more enamored of this lifestyle that is not a lifestyle, but a life, according to Dominic; she wants more and more of it. However, there is an issue, she has a lover currently, and not one she is willing to abandon, even for Dominic. Luckily, for all involved, her girlfriend is also interested and attracted to this lifestyle. Soon a crossroads is reached, and decisions must be made; decisions that will change the life of all three of them going forward. As the series unfolds, it will take them from desire to temptations and eventually into craving of taboos rarely spoken of and even more rarely understood and embraced by modern society.
