The Beats Larry Fink,2014 In the late 50s after an unsuccessful stint in college, Larry Fink dropped out and began an odyssey of hitchhiking through America. Striking out that great Beat mecca, New York City, Fink settled down on Minetta Lane with a chap who fancied himself a poet. Larry was quick to hit McDougal Street where he met Turk, Mary, Bobbie, Motha, Ambrose, Randy and Mike Stanley, and not to mention Hugh Romney (aka Wavy Gravy) and LeRoi Jones and so many more - they soon left New York to cross America for Mexico - in search of the freedoms of the road.

**Fashion Portfolio** Anna Kiper,2016-10-01 The book takes the reader through all the major steps of fashion portfolio creation. It features the main components of the design process from the identification of inspiration sources and fashion trends research to conceptualization of a complete fashion collection. The topics covered include mood/fabric boards development, creation of original and innovative textiles as well as fashion silhouettes and garment details development through extensive research, quick design sketching, fabric manipulation, and draping experimentation. Great original designs and illustrations by the author as well as design sketch samples by established designers are provided throughout. There are samples of sketchbooks from professional and emerging fashion artists. The book provides some insight from established fashion and accessories designers on the highlights and challenges of the creative process. It is a great professional reference for techniques in the portfolio development. A beautiful but practical book that provides useful techniques and helps the reader get inside the mind of the designer.

**Book Design Made Simple** Fiona Raven,Glenna Collett,2017 Book Design Made Simple gives DIY authors, small presses, and graphic designers--novices and experts alike--the power to design their own books. It's the first comprehensive book of its kind, explaining every step from installing Adobe(R) InDesign(R) right through to sending the files to press. For those who want to design their own books but have little idea how to proceed, Book Design Made Simple is a semester of book design instruction plus a publishing class rolled into one. Let two experts guide you through the process with easy step-by-step instructions, resulting in a professional-looking top-quality book

Photoshop Finishing Touches Dave Cross,2006 If you're primarily interested in finishing touches--the million creative ways you can use your favorite software to improve, polish, and add pizzazz to your images--this is the book for you! The first book devoted exclusively to the topic, Finishing Touches for Photoshop CS2 offers a treasure chest of creative finishing

techniques. With chapters on frames and border effects, color and artistic effects, presentation, sharpening, and printing, this full-color guide covers everything from creative cropping to dramatic lighting, stock photos, collage ideas, combining black-and-white and color, selective blurring, storybook layouts, PDF presentation, and more. Each technique is a stand-alone tutorial, so you can jump in at any point without weeding through a lot of info that's not relevant to the task at hand. Even better, author Dave Cross' two-column format--with simple instructions in one column and lavish, full-color photos and artwork running alongside--makes the techniques instantly accessible. You'll also find several variations for most techniques as well as instructions for creating reusable templates.

*Foundations of Digital Art and Design with the Adobe Creative Cloud* xtine burrough, 2013-07-27 Fuses design fundamentals and software training into one cohesive book! Teaches art and design principles with references to contemporary digital art alongside basic digital tools in Adobe's Creative Cloud Addresses the growing trend of compressing design fundamentals and design software into the same course in universities and design trade schools. Lessons are timed to be used in 50 to 90 minute class sessions with additional materials available online Free video screencasts demonstrate key concepts in every chapter All students of digital design and production—whether learning in a classroom or on their own—need to understand the basic principles of design. These principles are often excluded from books that teach software. Foundations of Digital Art and Design reinvigorates software training by integrating design exercises into tutorials fusing design fundamentals and core Adobe Creative Cloud skills. The result is a comprehensive design learning experience. This book is organized into six sections that focus on vector art, photography, image manipulation, typography, web design, and effective habits. Design topics and principles include: Bits, Dots, Lines, Shapes, Rule of Thirds, Zone System, Color Models, Collage, Appropriation, Gestalt, The Bauhaus Basic Course Approach, The Grid, Remix, Automation, and Revision.
