Meet Me at the Summit Mandi Lynn, 2021-08-31 For most 19-year-olds, a cross-country trip is an offer you can't refuse, but for Marly, it's the last thing she wants after losing both her parents in a car accident. Nine months after their death, Marly would rather stay home working the retail job she hates, than deal with her loss. It isn't until family and friends corner her into driving her mom's renovated 1978 VW bus from Washington to New Hampshire that Marly is forced to face her grief and understand the guilt she feels over her parents' death. Skeptical, Marly goes on the trip, warily exploring the life her parents knew she always wanted—hiking mountains and living out her photography dreams. On the way, she'll discover places and people who'll test her emotions and a guy who pushes at the walls she's so carefully built around herself. Marly must decide: can she face her deepest wounds and reclaim the life she thought was gone forever? *Meet Me at the Summit* is an intimate tale of grief, finding yourself after deep loss, and coming to terms with how life changes when you least expect it. It follows Marly as she both runs from and towards the emotions she has long held back regarding her parents' death. A deep, insightful look into the coming-of-age theme through a heart-breaking narrative.

The Devouring Wolf Natalie C. Parker, 2022-08-02 A perfect read for every kid and every kid at heart who's ever felt like they weren't enough. This story of family in all its many forms is as deliciously fun to read as it is deeply relevant. —Julie Murphy, #1 New York Times bestselling author of *Dear Sweet Pea* A queer tale about kid werewolves, big bad mistakes, and terrifying creatures, perfect for fans of Katherine Arden and R.L. Stine. Little wolf, little wolf, here I come. It's the eve of the first full moon of summer and twelve-year-old Riley Callahan is ready to turn into a wolf. Nothing can ruin her mood: not her little brother Milo's teasing, not Mama N's smothering, and not even Mama C's absence from their pack's ceremony. But then the unthinkable happens—something that violates every rule of wolf magic—Riley and four other kids don't shift. Riley is left with questions that even the pack leaders don't have answers to. And to make matters far worse, it appears something was awoken in the woods that same night. *The Devouring Wolf*. The elders tell the tale of the Devouring Wolf to scare young

pups into obedience. It's a terrifying campfire story for fledging wolves, an old legend of a giant creature who consumes the magic inside young werewolves. But to Riley, the Devouring Wolf is more than lore: it's real and it's after her and her friends.

Quick Guideline to Prepare Paperback Book Interior and Cover Files Using Different Applications Dr. Hidaia Mahmood Alassouli, 2021-11-17 In order to publish and sell a Book on any publishing website, you need a ready-to-print PDF layout that supports all the requirements of the publisher system. You can create the PDF independently or use other production software like InDesign, or you can buy a paid professional production service. Book cover creation is the very last creative step when publishing a book. That's because almost everything about the anatomy of a book cover is controlled by the final, edited version of the book: the trim size, paper color and number of pages all determine your cover's dimensions. You need to design the cover after the final draft is finished. Book cover design is comprised of text and images. You must

note: the front cover, back cover, spine, layout, picture, fonts, and other elements of the cover. The book consists of manuscript and cover. On the publishing website, you can upload your manuscript. The publishing website will automatically convert the manuscript to proofed PDF prior to publishing/printing. Depending on the publishing website, you can create your book cover using Cover Creator tool or submit your book cover in a PDF. Publishing Print books at KDP amazon kdp.amazon.com, Lulu.com and notionpress.com is straightforward, as you can just upload your manuscript as a PDF, DOC, DOCX, RTF, HTML, or TXT file. Kdp.amazon.com, notionpress.com and Lulu.com will automatically convert these file types to PDF prior to publishing/printing. You can create your book cover using Cover Creator tool within the websites. The free Cover Creator helps you to create and customize your eBook, paperback, or hardcover cover with a variety of layouts and fonts. Cover Creator uses the book details you enter during title setup and adds your book's ISBN to the barcode area on the back cover. But other publishing websites such as streetlib.com, ingramspark.com, blurb.com, press.barnesandnoble.com and feiyr.com requires from the authors to prepare the Paperback book manuscript in PDF format, and to design and submit the book cover in a PDF format according to their specifications. So, the author must have good knowledge on the formatting requirements for the book interior, and needs to create a paperback cover, using design software to be able to publish in such websites. So, when you create a paperback book, you need to format and upload two files: a manuscript file, which is the interior of your book, and a cover file, which is the outside of your book including the front, back, and spine. Here I will provide the steps on how to format both files, plus tools and resources to help you get started. The report consists from the following sections: 1. Book spine width calculator. 2. Online cover calculators. 3. Creating Barcode for the book ISBN. 4. Interior and cover files specifications for publishing at KDP amazon and using the online cover creator at KDP amazon. 5. Interior and cover files specifications for publishing at Lulu.com and using the online cover creator at Lulu.com. 6. Quick guideline for creating a bleed for your publication on Microsoft Word. 7. Quick guideline for creating a bleed for your publication on Adobe applications and other applications. 8. Configuring Word so that it doesn't compress images. 9.
