Invoice explores the true nature of happiness through the eyes of hero you won't soon forget. When he receives an astronomical invoice from a random national bureaucratic agency, everything will tumble into madness as he calls the hotline night and day to find out why he is the recipient of the largest bill in the entire country. What is the price of a cherished memory? How much would you pay for a beautiful summer day? How will our carefree idealist, who is content with so little and has no chance of paying it back, find a way out of this mess? Solving the World's Problems Robert Lee Brewer,2013-09-01 The World in Robert Lee Brewer's Solving the World's Problems is a slippery world ... where chaos always hovers near, where we are (and should be) splashing around in dark puddles. And one feels a bit dizzy reading these poems because (while always clear, always full of meaning) they come at reality slantwise so that nothing is quite the same and the reader comes away with a new way of looking at the ordinary objects and events of life. The poems are brim-full of surprises and delights, twists in the language, double-meanings of words, leaps of thought and imagination, interesting line-breaks. There are love and relationship poems, dream poems, poems of life in the modern world. And always the sense (as he writes) of pulling the world closer to me/leaves falling to the ground/ birds flying south. I read these once, twice with great enjoyment. I will go back to them often. -Patricia Fargnoli, former Poet Laureate of New Hampshire and author of Then, Something

Draws from the best features of existing RFPs and contracts nationwide In preparation for writing this book, author William Sims Curry contacted all 50 state governments, as

well a large selection of city and county governments, and asked them to participate in the development of templates for Requests for Proposals (RFPs) and service contracts. These agencies were asked to complete a questionnaire and provide copies of their RFP and service contract templates. Out of their contributions, the best features from each were incorporated into the Best Practices RFP and Service Contract, which are presented here in this volume. The templates can be readily downloaded from an included CD-ROM. These can be fully adapted to meet any specific need. In the text, both of these documents are examined, line by line, with the author explaining specific language choices. Guides you through the contracting process, step-by-step In addition to these model documents, additional techniques and tools are introduced to assist agencies in improving their services contracting programs. The book is presented in the sequence of the contracting cycle, beginning with advance contract planning and proceeding to pre-solicitation, solicitation, proposal evaluation, negotiation, and award through contract administration and closeout. By adopting the techniques in this book, state and local agencies will be able to effectively contract for services, get the best price available, and get important jobs done on time.
