A Crowdfunder's Strategy Guide Jamey Stegmaier,2015-09-14 More Than Money Jamey Stegmaier knows crowdfunding. He's a veteran of seven successful Kickstarter campaigns (and counting) that have raised over \$3.2 million, and he's the proprietor of the widely read Kickstarter Lessons blog. In this book he offers a comprehensive guide to crowdfunding, demonstrating that it can be a powerful way for entrepreneurs to grow their businesses by building community and putting their customers first. This book includes over forty stories of inspiring successes and sobering disasters. Stegmaier uses these examples to demonstrate how to (and how not to) prepare for a campaign, grow a fan base, structure a pitch, find new backers, and execute many other crucially important "nuts and bolts" elements of a successful crowdfunding project. But Stegmaier emphasizes that the benefits of crowdfunding are much more about the "crowd" than the "funding." He shows that if you treat your backers as people, not pocketbooks—communicate regularly and transparently with them, ask their opinions, attend to their needs—they'll become advocates as well as funders, exponentially increasing your project's chances of succeeding.

Kickstarter Launch Formula Salvador Briggman, 2017-01-13 If you're looking for a step-by-step launch framework for your upcoming Kickstarter or Indiegogo campaign, this is the handbook for you! I'll teach you how to use crowdfunding to raise money online and bring your project to life. You see, we're at the beginning of a movement as transformative as the industrial revolution. Never before in history have authors, musicians, artists, and film producers been able to connect with massive online audiences and get funding for their creative work. The outdated media gatekeepers are quickly disappearing. You can now get funding directly from your fans and distribute your content online. If you're a creative type, this is the BEST time to be alive. But, it doesn't stop there. This major change has also given rise to six and seven-figure online businesses. As a fellow entrepreneur, I know that one of the most common excuses for not quitting your job and launching that startup company is because you don't have the money. Now, in a few short weeks, you can have all of the capital you need to launch and grow a thriving ecommerce business. It's no longer a crazy idea to pursue your passion. In fact, more and more millennials are doing just that. I should know, I'm one of them! When I first started blogging about Kickstarter in 2012, I had no idea that crowdfunding would become a multi-billion-dollar industry. I was just a Junior in college, writing a mini-thesis on how different variables affected fundraising success on Kickstarter (for you nerds out there, it was a logistic regression). Flash forward several years, and I'm now one of the top experts in the crowdfunding industry. I started the blog, CrowdCrux, which did over one million views in 2015. I set up a forum called KickstarterForum, which has attracted over six thousand members. I even launched a popular podcast called Crowdfunding Demystified, which has racked up more than 100 positive reviews in iTunes. Finally, I also put out training videos on YouTube and I am proud to say that the channel is experiencing rapid growth. That all sounds impressive, but actually, when I first stumbled on the website, Kickstarter, I didn't have a clue how it worked. It seemed super confusing and I had SO MANY questions. Since 2012, I've come to master the platform and discover the ins and outs of how crowdfunding really works. I've published many of my findings online and I've been being linked to by sites like CNN, The New York Times, The Huffington Post, and even The Wall Street Journal. In this guide, I'm going to share with you the step-by-step launch strategy for absolutely crushing it on Kickstarter. In no time at all, you'll be raising money for your startup or creative project. I'll make it super easy to copy and implement these tactics and strategies. I'll also share some Jedi Mind Tricks that most marketers don't know about. Before you know it, you'll be a crowdfunding expert! Now, I bet you're thinking... boy this all sounds like a lot of work. Do I really have to learn all of this? I just want to get funding for my project. Truth be told, it is A LOT to master, which is why having the right teacher can make all of the difference. I'll make sure that you master this material as quickly as possible, so that you can stop fundraising and get back to doing what you love! Either way, whether you decide to run your own Kickstarter campaign, or outsource certain aspects, it pays to know what you're doing. I want to help you smash your Kickstarter goal and then I hope you come on my podcast as a crowdfunding success story. It's time to get serious about making that business you've been dreaming about a reality. It's

finally time to get paid for your creative work. Let's get started!

Crowdfund Investing For Dummies Sherwood Neiss,Jason W. Best,Zak Cassady-Dorion,2013-01-29 The easy way to get started in crowdfund investing Crowdfund investing (CFI) is going to be the next big thing on Wall Street. U.S. investment banks, brokerage houses, and law firms are gearing up for the creation and regulation of new financial products that will be available to the general public starting in early 2013. The introduction of these products will revolutionize the financing of small businesses and startups for these key reasons: Entrepreneurs and small business owners, who have had difficulty obtaining capital through traditional means (such as bank loans and angel investors) in recent years, will have access to investors around the world through social media. For the first time, investors (so-called unqualified investors) will be able to purchase an equity stake in a business or new investment vehicle. The Securities and Exchange Commission (SEC) is overseeing the creation of online portals that will allow entrepreneurs and small investors to connect. When these portals go live in 2013, Crowdfund Investing For Dummies will be on the front line to educate business owners, other entrepreneurs, and investors alike. Crowdfund Investing For Dummies will walk entrepreneurs and investors, like yourself, through this new investing experience, beginning with explaining how and why CFI developed and what the 2012 JOBS says about CFI. Entrepreneurs will find out how much funding they can realistically raise through CFI; how to plan and launch a CFI campaign; how to manage the crowd after a campaign is successful; and how to work within the SEC's regulations at every stage. Investors will discover: the benefits and risks of CFI ;how much they can invest; how a CFI investment may fit into a broader investment portfolio; how to provide value to the business or project being funded; and how to bow out of an investment when the time is right. Crowdfund Investing For Dummies is an indispensable resource for long time investors and novice investors alike.

The Young Knight's Dragon Plight N. T. Lazer,2020-09-05 The dragon is not what it seems. Aten has been prepared for his entire life to take on the dragon that plagued his village of Pallas after countless predecessors failed. It seems his only purpose was to defeat the dragon. But when he finally confronts the dragon, he finds it's nothing like he imagined. Can he keep the vow to his village and slay the so-called dragon that has been hurting the people of his hometown, or refuse and take on the consequences of his revenge-hungry village?

The Family Imprint Nancy Borowick,2017 When Photojournalist Nancy Borowick's parents--Howie and Laurel--were

diagnosed with stage IV cancer and simultaneously underwent treatment, she did the only thing she knew how--she documented it. By turning the camera on her family's life during this most intimate time, Borowick learned a great deal about herself, family, and relationships in general. She discovered that her parents' marriage--while complex--was an intricate symbiosis of compassion. Their partnership and sense of family only deepened. And no matter the prognosis, there was always room for laughter. Today, Borowick, herself, is married. Her father passed away in 2013, and her mom followed suit, 364 days later. The lessons she garnered from Howie and Laurel were plentiful: always call when the airplane lands, never pass on blueberry pie--and most importantly, family is love and love is family.
