Articulating Design Decisions Tom Greever,2015-09-25 Annotation Every designer has had to justify designs to non-designers, yet most lack the ability to explain themselves in a way that is compelling and fosters agreement. The ability to effectively articulate design decisions is critical to the success of a project, because the most articulate person often wins. This practical book provides principles, tactics and actionable methods for talking about designs with executives, managers, developers, marketers and other stakeholders who have influence over the project with the goal of winning them over and creating the best user experience.

Newsjacking David Meerman Scott,2011-11-07 IN A 24/7/365, SECOND-BY-SECOND NEWS ENVIRONMENT, SAVVY OPERATORS REALIZE THERE ARE NEW WAYS TO GENERATE MEDIA ATTENTION. The rules have changed. The traditional PR model—sticking closely to a preset script and campaign timeline—no longer works the way it used to. Public discourse now moves so fast and so dynamically that all it takes is a single afternoon to blast the wheels off someone’s laboriously crafted narrative. Enter newsjacking: the process by which you inject your ideas or angles into breaking news, in real-time, in order to generate media coverage for yourself or your business. It creates a level playing field—literally anyone can newsjack—but, that new level favors players who are observant, quick to react, and skilled at communicating. It’s a powerful tool that can be used to throw an opponent or simply draft off the news momentum to further your own ends. In Newsjacking, marketing and PR expert and bestselling author David Meerman Scott offers a quick and punchy read that prepares you to launch your business ahead of the competition and attract the attention of highly-engaged audiences by taking advantage of breaking news. Newsjacking will provide you with: Tools that you can use to monitor the news Case studies and examples that demonstrate how to strike at the right time Information on how to make your content available online for journalists to find The potential risks of newsjacking Keys to developing the real-time mindset required to succeed with the strategies presented in the book Newsjacking is powerful, but only when executed in real-time. It is about taking advantage of opportunities that pop up for a fleeting moment then disappear. In that instant, if you are clever enough to add a new dimension to the story in real-time, the news media will write about you.

The Circles All Around Us Brad Montague,2021-05-18 The debut picture book from the creator of the viral sensation Kid President is a moving take on how we can create bigger and bigger circles of community and connections as we grow—now a New York Times bestseller! In the circles all around us, everywhere that we all go, there's a difference we can make and a love we can all show. This is the story of a circle. When we're first born, our circle is very small, but as we grow and build relationships, our circle keeps getting bigger and bigger to include family, friends, neighbors, community, and beyond. Brad Montague originally created Circles as an Instagram video adorably narrated by his kids, and now this picture book adaptation is the perfect way to start a conversation about how to expand our worlds with kindness and inclusivity—even if it seems scary or uncomfortable. This book makes an ideal new-baby, first-day-of-school, or graduation gift, or any milestone that celebrates someone's world getting bigger.

Ditch That Textbook Matt Miller,2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as

soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

An Illustrated Book of Bad Arguments: Learn the Lost Art of Making Sense (Bad Arguments) Ali Almosawi, 2014-09-23 "This short book makes you smarter than 99% of the population. . . . The concepts within it will increase your company's 'organizational intelligence.' . . . It's more than just a must-read, it's a 'have-to-read-or-you're-fired' book."—Geoffrey James, INC.com From the author of *An Illustrated Book of Loaded Language*, here's the antidote to fuzzy thinking, with furry animals! Have you read (or stumbled into) one too many irrational online debates? Ali Almosawi certainly had, so he wrote *An Illustrated Book of Bad Arguments!* This handy guide is here to bring the internet age a much-needed dose of old-school logic (really old-school, a la Aristotle). Here are cogent explanations of the straw man fallacy, the slippery slope argument, the ad hominem attack, and other common attempts at reasoning that actually fall short—plus a beautifully drawn menagerie of animals who (adorably) commit every logical faux pas. Rabbit thinks a strange light in the sky must be a UFO because no one can prove otherwise (the appeal to ignorance). And Lion doesn't believe that gas emissions harm the planet because, if that were true, he wouldn't like the result (the argument from consequences). Once you learn to recognize these abuses of reason, they start to crop up everywhere from congressional debate to YouTube comments—which makes this geek-chic book a must for anyone in the habit of holding opinions.
