Using Free Scribus Software to Create Professional Presentations: Book Covers, Magazine Covers, Graphic Designs, Posters, Newsletters, Renderings, and Alice Chen,Gang Chen,2010-12-12 About 80% of people have the desire to write a book at some point. With the advance of computer and printing technology, this dream can become a reality. One important factor of publishing a book is to create a professional looking book cover. This book uses book cover design as a case study to teach you how to use FREE Scribus software (instead of expensive professional software like InDesign, Photoshop, and QuarkXpress) to create professional presentations. With fewer words and many full color screenshots, we walk you step by step through the entire process. No prior experience is needed. You will learn how to: 1. Download all the FREE software needed. 2. Put the cover template in correct formats. 3. Set up the sheet correctly using units, colors (RGB or CMYK), layers, the imported cover template, sizes, guides, bleed area, and safety margin. 4. Add the background color for the cover with a shape or image frame. 5. Add the cover image and author's photo, as well as how to handle a fully bleed image. 6. Add the titles and text accurately, including information on selecting or changing the text color, using the text box, centering the text, aligning different text boxes, and rotating the text. 7. Add the barcode by extracting the barcode from an EPS file and moving all the barcode elements together or by adding the barcode as a JPEG image file. 8. Use Scribus software to create professional presentations such as book covers, magazine covers, graphic designs, posters, newsletters, renderings, and more. About the authors Alice Chen is an avid Scribus user. She has extensive interest in presentation software, and resides in California. Gang Chen holds a master's degree from the School of Architecture, University of Southern California (USC), Los Angeles, and a bachelor's degree from the School of Architecture, South China University of

Technology. He has over 20 years of professional experience. Many of the projects he was in charge of or participated in have been published extensively in Architecture, Architectural Record, The Los Angeles Times, The Orange County Register, etc. He has worked on a variety of unusual projects, including well-known, large-scale healthcare and hospitality projects with over one billion dollars in construction costs, award-winning school designs, highly-acclaimed urban design and streetscape projects, multifamily housing, high-end custom homes, and regional and neighborhood shopping centers. Cover Peter Mendelsund,2014-08-05 Peter Mendelsund has enjoyed years as a much-sought-after book cover designer and art director. Among the many recognizable jackets he has created are those for The Girl with the Dragon Tattoo; collections of the works of Joyce, Kafka, Dostoevsky, de Beauvoir, and Foucault; the contemporary works of Martin Amis, Tom McCarthy, Ben Marcus, Jo Nesbø, and James Gleick; and many more. All have greatly benefitted from the care and touch Mendelsund gave them. Cover abounds with Mendelsund's completed book jackets along with ephemera from his previously unseen creative method, including jacket sketches, interior art and editorial illustrations, and scores of rejected drafts. Cover is a compendium of beautiful design and a beautiful design object itself; a profile and celebration of one of the publishing world's most talented and prolific contemporary creators, and a brilliant showcase of his deft touch for balanced and innovative design.

Guerrilla Publishing Derek Murphy,2017-01-24 TRAIN THE INTERNET TO SELL BOOKS FOR YOU Book marketing doesn't need to be an exhausting hamster wheel of promotion and publicity. Put your book sales on autopilot... so you can focus on writing your next bestseller. FAST AND EFFECTIVE BOOK MARKETING This book is a crash course on some of the more creative book marketing strategies I've discovered in my first year of publishing fiction. It will provide simple, actionable, measurable steps to publishing a high quality book quickly, doing only as much marketing as is necessary to

launch your book like a rock star, and keep it selling enough to support you while you write another. I only mention the things I actually use, that I know work, and ignore options that don't get results. We'll discuss paid advertising, release strategies, pricing and pre-orders, book giveaways, how to target your audience, viral exposure and press coverage, marketing hacks, and how to reach your first $1000 on Kindle. LAUNCH BIG EVEN IF YOU'RE STARTING SMALL Guerrilla is a style of warfare intended to surprise and harass enemies. It can also mean using unconventional and usually inexpensive means to generate interest or raise concern among the public. That's basically how I'll use it: book marketing strategies from the trenches to help you win the publishing war. However, instead of surprise and harass I will focus on surprise and delight. First you need to show up and get in front of the right people. Then you need to surprise and delight them. You need to be remarkable enough to be noticed. Few authors are using these strategies (yet) so it's relatively easy to outrank your competition, get more visibility and reach new readers.

Battlefield Doc William J. Anderson,2015-11-01 William Doc Anderson was a medic on the front lines during the Korean War. He tells of saving and losing lives and how soldiers on the ground battled not only a relentless enemy but blazing hot summers, below-zero winters, and monsoon rain and mud.

Book Marketing Is Dead Derek Murphy,2013-12-31 How to sell a ton of books (even if you're starting with no platform). If you've found this book I'm assuming you have or will soon have a book out on the market, and are exploring ways to turn it into a best-selling powerhouse that will slaughter the competition and pay for your retirement. The indie publishing world is thrilling because of the possible returns, and I hope you and your book do well. You're probably searching for things like book marketing and book promotion so you can learn how to find readers and convince them to buy your book. But almost everything you read will be wrong. That's because marketing in general is dead. Advertising is dead. Selling and convincing people to buy: also dead. The new law of book sales is this: if you're talking about your book, promoting your book, sharing your book... you're screwing it all up. Don't make Old School marketing mistakes that will sabotage your efforts! This book will help you to... Avoid the common mistakes that kill book sales Set up an author platform quickly that will triple your results Use Social Media (like an expert) without being annoying Advertise for maximum impact (at the lowest cost) Make powerful friends online who can move thousands of books Before you spend a lot of money on book marketing services or author publicity... Make sure you've plugged all the holes in your sales funnel so you're not throwing money away. If you're looking for a Bestseller Campaign but don't have a big budget... This book will show you plenty of ways to improve sales without spending a dime.
