Ditch That Textbook Matt Miller,2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Lean UX Jeff Gothelf, Josh Seiden, 2016-09-12 UX design has traditionally been deliverables-based. Wireframes, site maps, flow diagrams, content inventories, taxonomies, mockups helped define the practice in its infancy. Over time, however, this deliverables-heavy process has put UX designers in the deliverables business. Many are now measured and compensated for the depth and breadth of their deliverables instead of the quality and success of the experiences they design. Designers have become documentation subject matter experts, known for the quality of the documents they create instead of the end-state experiences being designed and developed. So what's to be done? This practical book provides a roadmap and set of practices and principles that will help you keep your focus on the the experience back, rather than the deliverables. Get a tactical understanding of how to successfully integrate Lean and UX/Design; Find new material on business modeling and outcomes to help teams work more strategically; Delve into the new chapter on experiment design and Take advantage of updated examples and case studies.

The Candle Star Michelle Isenhoff,2014-04-24 After a tantrum, Emily Preston is shipped from her plantation home to her inn-keeping uncle in Detroit. There she meets Malachi, son of freed slaves, who challenges many ideas she grew up believing. But when Emily stumbles upon two runaways hidden in her uncle's barn, she finds that old ways die hard. And Mr. Burrows, the charming Southern slave catcher, is only yards away, lodged in the hotel.The Divided Decade Collection includes three stand alone stories that view the American Civil War through three different lenses. All are set within Michigan. The Candle Star features the Underground Railroad. Blood of Pioneers illustrates the trials faced on the rural homefront after the menfolk leave for war. And Beneath the Slashings is set within a Northern lumber camp filled with returning soldiers. The books can be read out of order or read alone, depending on the theme that most interests the reader (or most closely relates to a classroom curriculum). All three have been highly acclaimed by teachers and home schoolers. Each has lesson plans and additional resources available.
