**Joan Garry's Guide to Nonprofit Leadership** Joan Garry, 2017-03-06 Nonprofit leadership is messy. Nonprofits leaders are optimistic by nature. They believe with time, energy, smarts, strategy and sheer will, they can change the world. But as staff or board leader, you know nonprofits present unique challenges. Too many cooks, not enough money, an abundance of passion. It's enough to make you feel overwhelmed and alone. The people you help need you to be successful. But there are so many obstacles: a micromanaging board that doesn't understand its true role; insufficient fundraising and donors who make unreasonable demands; unclear and inconsistent messaging and marketing; a leader who's a star in her sector but a difficult boss... And yet, many nonprofits do thrive. Joan Garry's Guide to Nonprofit Leadership will show you how to do just that. Funny, honest, intensely actionable, and based on her decades of experience, this is the book Joan Garry wishes she had when she led GLAAD out of a financial crisis in 1997. Joan will teach you how to: Build a powerhouse board Create an impressive and sustainable fundraising program Become seen as a 'workplace of choice' Be a compelling public face of your nonprofit This book will renew your passion for your mission and organization, and help you make a bigger difference in the world.

**The 12 Week Year** Brian P. Moran, Michael Lennington, 2013-05-15 The guide to shortening your execution cycle down from one year to twelve weeks. Most organizations and individuals work in the context of annual goals and plans; a twelve-month execution cycle. Instead, The 12 Week Year avoids the pitfalls and low productivity of annualized thinking. This book redefines your year to be 12 weeks long. In 12 weeks, there just isn't enough time to get complacent, and urgency increases and intensifies. The 12 Week Year creates focus and clarity on what matters most and a sense of urgency to do it now. In the end more of the important stuff gets done and the impact on results is profound. Explains how to leverage the power of a 12 week year to drive improved results in any area of your life. Offers a how-to book for both individuals and organizations seeking to improve their execution effectiveness. Authors are leading experts on execution and implementation. Turn your organization's idea of a year on its head, and speed your journey to success.

[Ditch That Textbook](#) Matt Miller, 2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning. In *Ditch That Textbook*, teacher and blogger Matt Miller

encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

**Sprint** Jake Knapp,John Zeratsky,Braden Kowitz,2016-03-08 From inside Google Ventures, a unique five-day process for solving tough problems, proven at thousands of companies in mobile, e-commerce, healthcare, finance, and more. Entrepreneurs and leaders face big questions every day: What's the most important place to focus your effort, and how do you start? What will your idea look like in real life? How many meetings and discussions does it take before you can be sure you have the right solution? Now there's a surefire way to answer these important questions: the Design Sprint, created at Google by Jake Knapp. This method is like fast-forwarding into the future, so you can see how customers react before you invest all the time and expense of creating your new product, service, or campaign. In a Design Sprint, you take a small team, clear your schedules for a week, and rapidly progress from problem, to prototype, to tested solution using the step-by-step five-day process in this book. A practical guide to answering critical business questions, Sprint is a book for teams of any size, from small startups to Fortune 100s, from teachers to nonprofits. It can replace the old office defaults with a smarter, more respectful, and more effective way of solving problems that brings out the best contributions of everyone on the team—and helps you spend your time on work that really matters.

**The Everything Guide to Remote Work** Jill Duffy,2022-02-08 Discover the secret to being productive and successful no matter where you are with this essential guide to remote work. During COVID-19, working from home became the new normal. Now, both employers and employees find that the remote work they were forced to adjust to may be, well, better—financially, sustainably, and even in terms of overall morale and productivity. But working from home is not without its challenges. It can be difficult to eliminate distractions, strike a solid work/life balance, and maintain social connections that are crucial in the workplace. Whether you're trying to find and land a job from the comfort of your home, learning to manage a virtual team, or dream of living a digital nomad lifestyle, The Everything Guide to Remote Work has everything you need to be successful. You'll learn to optimize your own workplace culture, whether it's in your home office or a constantly changing backdrop. So whether your company continues to work remotely full time or you only have to go to the office a few days a week, you'll be armed with all the tools you'll need to make the most out of this new lifestyle.

Building a StoryBrand 2.0 Donald Miller, 2025-01-07 When you apply the StoryBrand framework your brand will stand out. Developing that framework to clarify your message and grow your business is about to get a whole lot simpler. . . Since the original publication of Building a StoryBrand, over one million business leaders have discovered Donald Miller's powerful StoryBrand framework, and their businesses are growing. Now, the classic resource for connecting with customers has been fully revised and updated, making it an even more powerful tool to prepare you to engage customers. In a world filled with constant, on-demand distractions, it has become very hard for business owners to effectively cut through the noise to reach their customers. Without a clear, distinct message, customers will not understand what you can do for them and won't engage. In Building a StoryBrand 2.0, Donald Miller not only deepens his teaching on how to use his seven universal story elements—he'll provide you with one of the most powerful and cutting-edge tools to help with your brand messaging efficacy and output. The StoryBrand framework is a proven process that has helped thousands of companies engage with their existing customers, giving them the ultimate competitive advantage. Now you can have access to the perfected version, making it more essential. Whether you are the marketing director of a multibillion-dollar company, the owner of a small business, a politician running for office, or the lead singer of a rock band, Building a StoryBrand 2.0 will forever transform the way you talk about who you are, what you do, and the unique value you bring to your customers.

Modern Game Testing Nikolina Finska,2023-07-21 Implement modern and agile QA practices with the help of this part-color guide to ensure your games are high quality, on budget, and released on time Key Features Set up a test environment, create test plans, and learn to communicate with developers Discover how to build efficient QA teams either in-house or remotely Increase your chances of career advancement and your employability in the gaming industry Purchase of the print or Kindle book includes a free PDF eBook Book Description Few things are more annoying for gamers than encountering a buggy new game. This often leads to negative reviews, and in turn, you'll find that demand for your games declines. The solution lies in better quality assurance (QA) - and Modern Game Testing will show you how to achieve just that. Whether you're a new tester, developer or producer, the QA testing techniques shown in this book, using modern methodologies and the latest technology, will have you releasing quality games that are on time and, most importantly, on budget. The book begins by introducing you to QA and the various types of tests that are performed on games. You'll then explore test cases and bug reporting, building tests for different platforms (even consoles and PCs), and LiveOps and test management. As you advance, you'll build a QA team from scratch and work with remote QA testers. The chapters help you take a more traditional approach to learning lessons, enabling you to examine the modern agile approach and various testing strategies that you can then adopt. All angles are covered with oodles of examples, so you'll have everything you need to implement QA strategies in your organization. By the end of this book, you'll have a clear understanding of the modern methodologies of QA testing for games, and be able to build efficient, reliable, and long-lasting QA teams. What you will learn Conduct compliance, regression, and localization tests, among others Build and optimize test sets for testing mobile games Find out how to set up an efficient bug flow Write optimal bug reports that differentiate between priority and severity Pick the optimal testing approach for each phase of game development Discover how to use equivalence partitioning, boundary analysis, and decision tables Master live ops QA and handle live bugs Who this book is for This book is for game testers, game producers, game developers, testing managers, and other QA professionals who want to learn more about modern approaches to QA and utilizing them to build more efficient and cost-effective QA teams and products. Prior professional testing experience is desirable, either in software or games testing and/or experience working in the gaming industry. Basic familiarity with agile working practices such as scrum is needed to fully understand all the concepts explained in this book.
