**Twelve Hours' Sleep by Twelve Weeks Old** Suzy Giordano, Lisa Abidin, 2006-01-19 There is no bigger issue for healthy infants than sleeping through the night. In this simple, straightforward book, Suzy Giordano presents her amazingly effective Limited-Crying Solution that will get any baby to sleep for twelve hours at night—and three hours in the day—by the age of twelve weeks old. Giordano is the mother of five children and one of the most sought-after baby sleep specialists in the country. The Washington Post calls her a baby sleep guru and an underground legend in the Washington area for her ability to teach newborns how to achieve that parenting nirvana: sleeping through the night. Her sleep plan has been tested with singletons, twins, triplets, babies with special needs, and colicky babies—and it has never failed. Whether you are pregnant, first-time parents, or parents who seek a different path with your second or third child, anyone can benefit from the Baby Coach's popular system of regular feeding times, twelve hours of sleep at night and three hours of sleep during the day, and the peace of mind that comes with taking the parent and child out of a sleep-deprived world.

*The New Corner Office* Laura Vanderkam,2020-07-21 Drawing on her 18 years of experience working remotely, plus original interviews with managers, employees, and free agents who've perfected their remote routines, Laura Vanderkam shares strategies for productivity, creativity, and health in the new corner office. How do you do great work while sitting near the same spot where you watch Netflix? How can you be responsive without losing the focus necessary for getting things done? How can you maintain and grow your network when you spend less time face to face? The key is to detach yourself from old ways of working and adopt new habits to match your new environment. Long before public health concerns pushed many of us indoors, some of the most successful people fueled their careers with carefully perfected work-from-home routines. Drawing on those profiles and her own insights, productivity expert and mother of five Laura Vanderkam reveals how to turn being cooped up into the ultimate career advantage. Her hacks include: • Manage by task, not time. Going to an office for 8 hours makes you feel like you've done something, even if you haven't. Remote workers should set 3-5 ambitious goals for each day and consider the work day done when these are crossed off. • Get the rhythm right. A well-planned day features time for focused work, interactive work, and rejuvenating breaks. In place of a commute, a consciously chosen shut down ritual keeps work from continuing all night. • Nurture connections. Wise remote workers can build broader and more effective networks than people sitting in the same cubicle five days a week. Whether you're an introvert or an extrovert, a

self-starter or someone who prefers detailed directions, you can do your clearest thinking and deepest work at home--and have more energy left over to achieve personal goals or fuel bigger professional ambitions. In fact, soon you might find it hard to imagine working any other way.

**Fair Play: Reese's Book Club** Eve Rodsky,2021-01-05 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh\*t I Do List. Tired of being the “shefault” parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is *Fair Play*: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, *Fair Play* helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. “Winning” this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try *Fair Play*? Let's deal you in.

**Adrenaline Junkies and Template Zombies** Tom DeMarco,Peter Hruschka,Tim Lister,Steve McMenamin,James Robertson,Suzanne Robertson,2013-07-15 This is the digital version of the printed book (Copyright © 2008). Adrenaline junkies, dead fish, project sluts, true believers, Lewis and Clark, template zombies . . . Most developers, testers, and managers on IT projects are pretty good at recognizing patterns of behavior and gut-level hunches, as in, “I sense that this

project is headed for disaster.” But it has always been more difficult to transform these patterns and hunches into a usable form, something a team can debate, refine, and use. Until now. In *Adrenaline Junkies* and *Template Zombies*, the six principal consultants of The Atlantic Systems Guild present the patterns of behavior they most often observe at the dozens of IT firms they transform each year, around the world. The result is a quick-read guide to identifying nearly ninety typical scenarios, drawing on a combined one-hundred-and-fifty years of project management experience. Project by project, you’ll improve the accuracy of your hunches and your ability to act on them. The patterns are presented in an easy-reference format, with names designed to ease communication with your teammates. In just a few words, you can describe what’s happening on your project. Citing the patterns of behavior can help you quickly move those above and below you to the next step on your project. You’ll find classic patterns such as these: News Improvement Management by Mood Ring Piling On Rattle Yer Dags Natural Authority Food++ Fridge Door and more than eighty more! Not every pattern will be evident in your organization, and not every pattern is necessarily good or bad. However, you’ll find many patterns that will apply to your current and future assignments, even in the most ambiguous circumstances. When you assess your situation and follow your next hunch, you’ll have the collective wisdom of six world-class consultants at your side.

Alix Chamberlain is a woman who gets what she wants and has made a living, with her confidence-driven brand, showing other women how to do the same. So she is shocked when her babysitter, Emira Tucker, is

confronted while watching the Chamberlains' toddler one night, walking the aisles of their local high-end supermarket. The store's security guard, seeing a young black woman out late with a white child, accuses Emira of kidnapping two-year-old Briar. A small crowd gathers, a bystander films everything, and Emira is furious and humiliated. Alix resolves to make things right. But Emira herself is aimless, broke, and wary of Alix's desire to help. At twenty-five, she is about to lose her health insurance and has no idea what to do with her life. When the video of Emira unearths someone from Alix's past, both women find themselves on a crash course that will upend everything they think they know about themselves, and each other. With empathy and piercing social commentary, *Such a Fun Age* explores the stickiness of transactional relationships, what it means to make someone family, and the complicated reality of being a grown up. It is a searing debut for our times.

*Searching for Lottie* Susan Ross,2019-03-05 Lottie, a talented violinist, disappeared during the Holocaust. Can her grand-niece, Charlie, discover what happened? A long-lost cousin, a mysterious locket, a visit to Nana Rose in Florida, a diary written in German, and a very special violin all lead twelve-year-old Charlie to the truth about her great-aunt Lottie in this intriguing, intergenerational mystery. Charlie, a budding violinist, decides to research the life of her great-aunt and namesake for her middle school ancestry project. Everyone in Charlie's family believes Great-Aunt Charlotte (called Lottie), a violin prodigy, died at the hands of the Nazis, but the more Charlie uncovers about her long-lost relative, the more muddled Great-Aunt Lottie's story becomes. Could it be that Lottie somehow survived the war by hiding in Hungary? Could she even still be alive today? In *Searching for Lottie*, Susan Ross has written a highly personal work of historical fiction that is closely inspired by her own family history, exploring the ongoing effects of the Holocaust on families today. Includes a letter from the author describing the research that shaped this story.

Thousands of families throughout the world have used the Baby Sleep Trainer method to help their infants and toddlers learn to sleep through the night and take healthy naps, all with the fewest tears possible. My sleep deprivation was affecting every aspect of my life. I read several books on sleep training, as well as blogs and websites. I was at my wits end. After following the program for two weeks, my child was consistently sleeping 11-12 hours a night and was on a consistent schedule during the day! This program has literally given me my life back. - McKel Neilsen Two months ago I was at the end of my sleep rope with our 6-month-old, boy/girl twins. Exhausted doesn't begin to explain it, I felt desperate. After using the Baby Sleep Trainer Method we feel like we have our lives back. The babies are happy and well rested, and so are we! We have our evenings back to cook dinner, spend time with our 4-year-old daughter, hang out together, and actually do

things we enjoy. The process took commitment but has been absolutely worth every bit of it. - Beth Oller, MD Using the Baby Sleep Trainer Method, my daughter quickly went to a routine nap schedule during the day and sleeping through the night from 6:30pm to 6:30am! Also, rather than the exhausting and often unsuccessful rocking or soothing or feeding to sleep, we were able to put her down awake in her crib and she would fall asleep on her own in just a few minutes. It was just incredible. - Online Review

The Newspaper Nanny Maren Moore,2021-08-20 When I stumbled across my dream job in the classified section of my newspaper, I knew it had to be too good to be true. Turns out it was. Becoming the nanny for the grumpiest hockey coach in the NHL was more like a nightmare. Liam Cartright was infuriating, stubborn, and impossible. Oh, and he happened to be my new boss. I should have signed my resignation with a giant kiss my ass the moment he opened his mouth, but I couldn't. I fell for his little girls before I realized it was happening, and my resolve began to weaken. Our roles were clearly drawn out. He was the boss, and I was the nanny. But then we crossed a line. I wouldn't lose my job over a chiseled jawline and a few stolen kisses. I couldn't. Not when so much was at stake. But Liam was the one who made the rule book, and I had no choice but to play by his rules.
