Mapping Horizons Abhinav Agarwal, 2020-08-07 I present to you, my life, my goals, my highs, and my lows. It is a journey of my truths in life so you learn from mistakes and grasp about life from my successes. Who am I? I am Abhinav, just another 18-year-old with dreams that exceed the horizons of the imagination. Why would you read this book? This book presents you with the absolute hard truths of my life, objective tips, and tricks that might help you with your journey. This book is just another step towards my goals, to reach the unreachable, and to make quality education more accessible. I received a 100% scholarship to attend Stanford University. I lived the IIT dream, and I am a part of multiple organizations that enable me to learn more, educate myself and others every single day. This book is meant to act as a source of motivation, driving force, and guidebook for Indian students having a dream of studying abroad or any high school student in general. This is my story: How I evolved from a clueless, 13-year-old boy who was driven and blinded by the IIT dream to take the road hardly taken. With ups, where I scraped the sky, and downs, where I plummeted into the dark unable to see anything in daylight and wanting to see sunshine in the middle of the night, pursuing and chasing my goals day and night, I present to you the story of my life. I present to you *Mapping Horizons: Solving the College Conundrum*.

White Space Is Not Your Enemy Kim Golombisky, Rebecca Hagen, 2017-02-17 *White Space Is Not Your Enemy* is a practical graphic design and layout guide that introduces concepts and practices necessary for producing effective visual communication across a variety of formats—from web to print. Preemptive Love Jeremy Courtney, 2014-09-02 The founder of the Preemptive Love Coalition, an organization based in Iraq that provides heart surgeries to Iraqi children and trains local doctors and nurses, presents an account of lifesaving and peacemaking in this war-torn country.

Engines Of Prosperity: Templates For The Information Age John D Trudel, Gerardo R Ungson, 1998-09-28 The world of business is in the throes of a new revolution. It is, paradoxically, both the best and worst of times. Opportunity abounds, but the economic, societal, and technological foundations of the Machine Age are crumbling. Confounded by chaos and heavily pressured for results, most Western managers have no better ideas for how to compete than to endlessly copy each other, cut costs, and buy up rivals. Downsizing is epidemic and decline common. Clearly, the world is going through a major transition. When this transformation is completed, it will look very different. This upheaval will change everything, but the focus and maximum stress point is economic. In the future world power and national prosperity will increasingly depend on the ability to compete in high value added product-market areas. The winners will develop new societal models for business, economics, government, and education. This current and authoritative book is the joint product of an academician and a business practitioner, both of whom share a deep concern about the inadequacy of current models and practices. It examines the new environment and explores the underlying drivers — the “Engines of Prosperity” — that set the new rules of competitive rivalry. It provides timely advice for managers on how to operate in a world characterized by Information Age technology, rapid change, deepening global linkages, increasing returns to scale, and the continuous unbundling of value chains.

The Irresistible Consultant's Guide to Winning Clients David A. Fields, 2017-03-21 This deeply insightful guide to understanding what clients really want is “an indispensable resource for consultants” (Keith Ferrazzi, #1 New York Times bestselling author of *Never Eat Alone*). Independent consulting is a potentially lucrative enterprise—but the reality seldom matches the dream. Most solo consultants and boutique consulting firms are perpetually within six months of bankruptcy due to the sputtering unreliability of their new business engines. The problem, according to international consulting expert David A. Fields, is twofold: 1) lack of a consistent, proven plan, and 2) fundamental misunderstanding about what clients want in a

consultant. Fields, who has helped hundreds of consultants and boutique firms worldwide build profitable, sustainable practices, replaces the typical consultant's mindset of emphasizing expertise and differentiated processes with a focus on building relationships, engendering trust, and solving clients' existing problems. In *The Irresistible Consultant's Guide to Winning Clients*, Fields synthesizes his decades of experience into a step-by-step approach to winning more projects from more clients at higher fees. From nuts-and-bolts business advice and tactics to a deeply insightful breakdown of the human side of a very human profession, Fields, named one of Advertising Age magazine's "Marketing Top 100," delivers a comprehensive guidebook that is at once highly approachable and satisfyingly detailed. "If I could have just one book on client strategy, this book would be it." —Marshall Goldsmith, #1 New York Times–bestselling author of *Triggers*

Project Portfolios in Dynamic Environments Brian Hobbs, Yvan Petit, PMP, 2012-05-01 *Project Portfolios in Dynamic Environments: Organizing for Uncertainty* is a comprehensive report of research that addresses this important, rising issue. Authors Yvan Petit and Brian Hobbs present the results of their investigation in a report that significantly advances the theory and also offers tips for practice. Currently, those applying project portfolio management tend to focus on the selection, prioritization, and strategic alignment of projects. Little attention is afforded the potential disturbances to project portfolios such as new projects, terminated projects, delayed projects, incorrect planning due to high uncertainty, and changes in the external environment. Yet, these factors can have highly disruptive, even show-stopping influence. This research seeks to answer: How is uncertainty affecting project portfolios managed in dynamic environments?

Bury My Heart at Conference Room B Stan Slap, 2024-05-14 #3 New York Times Advice/How-To Bestseller #7 Wall Street Journal Nonfiction Bestseller This book is game changing in a way I have never seen in a business book. I learned about myself and gained new insights into the work I've been doing for thirty years. It is a spectacular read. – John Riccitiello, CEO, Electronic Arts This is not a management book. This is a book for managers. Ever have the feeling that no matter how rewarding your job is that there's an entirely different level of success and fulfillment available to you? Linger in the mist, just out of reach... There is, and Stan Slap is going to help you get it. You hold in your hands the book that entirely redraws the potential of being a manager. It will show you how to gain the one competency most critical to achieving business impact, but it won't stop there. This book will put a whole new level of meaning into your job description. You will never really work for your company until your company really works for you. *Bury My Heart at Conference Room B* is about igniting the massive power of any manager's emotional commitment to his or her company—worth more than financial, intellectual and physical commitment combined. Sometimes companies get this from their managers in the early garage days or in times of tremendous gain, but it's almost unheard of to get it on a sustained, self-reinforced basis. Of course your company is only going to get it if you're willing to give it. Slap proves that emotional commitment comes from the ability to live your deepest personal values at work and then provides a remarkable process that allows you to use your own values to achieve

tremendous success. This is not soft stuff; it is the stuff of hard-core results. Bury My Heart at Conference Room B is the highest-rated management development solution at a number of the world's highest-rated companies—companies that don't include patience on their list of corporate values. It has been exhaustively researched and bench tested with tens of thousands of real managers in more than seventy countries. You'll hear directly from managers about how this legendary method has transformed their careers and their lives. As Big as It Gets Stan Slap is doing nothing less than making the business case for a manager's humanity-for every manager and the companies that depend on them. Bury My Heart at Conference Room B gives managers the urgency to change their world and the energy to do it. It will stir the soul, race the heart, and throb the foot used for acceleration. Buckle Up. We're Going Off-Road. Slap is smart, provocative, wickedly funny and heartfelt. He fearlessly takes on some of the most cherished myths of management for the illogic they are and celebrates the experience of being a manager in all of its potential and potential weirdness. And he talks to managers like they really talk to themselves.
