Storyworthy Matthew Dicks, 2018-05-15 A five-time Moth GrandSLAM winner and bestselling novelist shows how to tell a great story — and why doing so matters. Whether we realize it or not, we are always telling stories. On a first date or job interview, at a sales presentation or therapy appointment, with family or friends, we are constantly narrating events and interpreting emotions and actions. In this compelling book, storyteller extraordinaire Matthew Dicks presents wonderfully straightforward and engaging tips and techniques for constructing, telling, and polishing stories that will hold the attention of your audience (no matter how big or small). He shows that anyone can learn to be an appealing storyteller, that everyone has something “storyworthy” to express, and, perhaps most important, that the act of creating and telling a tale is a powerful way of understanding and enhancing your own life.

The Power of Habit Charles Duhigg, 2012-02-28 NEW YORK TIMES BESTSELLER • MORE THAN 3 MILLION COPIES SOLD • This instant classic explores how we can change our lives by changing our habits. “Few [books] become essential manuals for business and living. Perl Template Toolkit Darren Chamberlain, Dave Cross, Andy Wardley, 2003-12-23 Among the many different approaches to templating with Perl--such as Embperl, Mason, HTML::Template, and hundreds of other lesser known systems--the Template Toolkit is widely recognized as one of the most versatile. Like other templating systems, the Template Toolkit allows programmers to embed Perl code and custom macros into HTML documents in order to create customized documents on the fly. But unlike the others, the Template Toolkit is as facile at producing HTML as it is at producing XML, PDF, or any other output format. And because it has its own simple templating language, templates can be written and edited by people who don't know Perl. In short, the Template Toolkit combines the best features of its competitors, with ease-of-use and flexibility, resulting in a technology that's fast, powerful and extensible, and ideally suited to the production and maintenance of web content and other dynamic document systems. In *Perl Template Toolkit* you'll find detailed coverage of this

increasingly popular technology. Written by core members of the technology's development team, the book guides you through the entire process of installing, configuring, using, and extending the Template Toolkit. It begins with a fast-paced but thorough tutorial on building web content with the Template Toolkit, and then walks you through generating and using data files, particularly with XML. It also provides detailed information on the Template Toolkit's modules, libraries, and tools in addition to a complete reference manual. Topics in the book include: Getting started with the template toolkit The Template language Template directives Filters Plugins Extending the Template Toolkit Accessing databases XML Advanced static web page techniques Dynamic web content and web applications The only book to cover this important tool, Perl Template Toolkit is essential reading for any Perl programmer who wants to create dynamic web content that is remarkably easy to maintain. This book is your surefire guide to implementing this fast, flexible, and powerful templating system.

[Redeeming Productivity](#) Reagan Rose, 2022-10-04 Feeling overwhelmed and unproductive? The answer isn't to do more. What image forms in your mind when you think of productivity? An assembly line? Spreadsheets? Business suits or workplace uniforms? In the ancient world, productivity didn't conjure images like these. Instead, it referred to crop yield and fruit bearing. This agrarian imagery helps us understand productivity through a biblical lens. Jesus taught, By this my Father is

glorified, that you bear much fruit (John 15:8). Who doesn't want to have a truly productive life—to bear much fruit? But how does this happen in the places we hold dear—the home, workplace, and in our communities? We often feel overworked and overrun, defeated and discouraged. The world says be productive so that you can get all you can out of this life. The Bible says be productive so you can gain more of the next life. In *Redeeming Productivity*, author Reagan Rose explores how God's glory is the purpose for which He planted us. And he shows how productivity must be firmly rooted in the gospel. Only through our connection to Christ—the True Vine—are we empowered to produce good fruit. This book shows how we can maintain the vitality of that connection through simple, life-giving disciplines. Readers will discover manageable applications like giving God the first fruits of our days. Additionally, Reagan discusses how our perspective on suffering is transformed as we see trials as God's pruning for greater productivity.

The Irresistible Consultant's Guide to Winning Clients David A. Fields, 2017-03-21 This deeply insightful guide to understanding what clients really want is “an indispensable resource for consultants” (Keith Ferrazzi, #1 New York Times bestselling author of *Never Eat Alone*). Independent consulting is a potentially lucrative enterprise—but the reality seldom matches the dream. Most solo consultants and boutique consulting firms are perpetually within six months of bankruptcy due to the sputtering unreliability of their new business engines. The problem, according to international consulting expert David A. Fields, is twofold: 1) lack of a consistent, proven plan, and 2) fundamental misunderstanding about what clients want in a consultant. Fields, who has helped hundreds of consultants and boutique firms worldwide build profitable, sustainable practices, replaces the typical consultant's mindset of emphasizing expertise and differentiated processes with a focus on

building relationships, engendering trust, and solving clients' existing problems. In *The Irresistible Consultant's Guide to Winning Clients*, Fields synthesizes his decades of experience into a step-by-step approach to winning more projects from more clients at higher fees. From nuts-and-bolts business advice and tactics to a deeply insightful breakdown of the human side of a very human profession, Fields, named one of Advertising Age magazine's "Marketing Top 100," delivers a comprehensive guidebook that is at once highly approachable and satisfyingly detailed. "If I could have just one book on client strategy, this book would be it." —Marshall Goldsmith, #1 New York Times–bestselling author of *Triggers*
