Microsoft Excel for Stock and Option Traders Jeff Augen,2011-04-18 Trade more profitably by exploiting Microsoft Excel's powerful statistical and data mining tools: · Uncover subtle anomalies and distortions that signal profit opportunities · Create powerful new custom indicators, alerts, and trading models · Visualize and analyze huge amounts of trading data with just a few clicks · Powerful techniques for every active investor who can use Excel Now that high-speed traders dominate the market, yesterday's slower-paced analysis strategies are virtually worthless. To outperform, individual traders must discover fleeting market trends and inefficiencies and act on them before they disappear. Five years ago, this required multimillion-dollar data mining and analytical infrastructures. Today, traders can use Excel with the help of world-class trader Jeff Augen's *Microsoft Excel for Stock and Option Traders: Build your Own Analytical Tools for Higher Returns*. Augen shows how to use Excel 2007 or 2010 to uncover hidden correlations and reliable trade triggers based on subtle anomalies and price distortions, create and test new hypotheses others haven't considered, and visualize data to reveal insights others can't see! Jeff Augen turns things inside out in his remarkable and challenging book *Microsoft Excel for Stock and Option Traders*. - John A. Sarkett, SFO Magazine, October 2011

Option Strategies for Earnings Announcements Ping Zhou,John Shon,2012-10-15 By trading on corporate earnings, investors can reliably profit in both up and down markets, while avoiding market risk for nearly the entire quarter. In this book, two leading traders and portfolio managers present specific, actionable techniques anyone can use to capture these sizable profits. Ping Zhou and John Shon have performed an unprecedented empirical analysis of thousands of stocks, reviewing tens of millions of data points associated with option prices, earnings announcement returns, and fundamentals. Their massive analysis has identified consistent opportunities associated with focusing on the magnitude of the market's

reaction to earnings, not its direction. Option Trading Set-Ups for Corporate Earnings News offers concrete guidance for improving the likelihood of making correct forecasts, and managing the risks of incorrect forecasts. It introduces several ways to exploit option trading opportunities around earnings news, discuss crucial issues that most retail investors haven't considered, and explore aspects of earnings-related option trading that have never been empirically examined and documented before. For example, they identify hidden patterns and potential opportunities based on valuation, industry, volatility, analyst forecasts, seasonality, and trades that immediately follow earnings announcements. Simply put, trading on earnings reports offers immense profit opportunities, if you know how. This book provides incontrovertible facts and detailed strategies, not just theories and anecdotes!

The Daily Trading Coach Brett N. Steenbarger, 2009-03-16 Praise for THE DAILY TRADING COACH A great book! Simply written, motivational with unique content that leads any trader, novice or experienced, along the path of self-coaching. This is by far Dr. Steenbarger's best book and a must-have addition to any trader's bookshelf. I'll certainly be recommending it to all my friends. Ray Barros CEO, Ray Barros Trading Group Dr. Steenbarger has been helping traders help themselves for many years. Simply put, this book is a must-read for anyone who desires to achieve great success in the market. Charles E. Kirk The Kirk Report 'Dr. Brett', as he is affectionately known by his blog readers, has assembled a practical guide to self coaching in this excellent book. The strategies he outlines are further enhanced with numerous resources and exercises for the reader to refer to and keep the principles fresh. I enthusiastically encourage anyone interested in bettering their trading and investing to read this book and keep it on their desk as a constant source of learning. Brian Shannon, www.alphatrends.net author of Technical Analysis Using Multiple Timeframes Dr. Brett has distilled his years of experience, as both a trader and a psychologist/coach, into the 101 practical lessons found in The Daily Trading Coach. Those lessons provide effective strategies for coping with the stumbling blocks that traders often face. This book should be a cornerstone of any serious trader's library. Michael Seneadza equities trader and blogger at TraderMike.net

The Complete Guide to Day Trading Markus Heitkoetter, 2008 Learn the Art of Day Trading With a Practical Hands-On Approach

Way of the Turtle: The Secret Methods that Turned Ordinary People into Legendary Traders Curtis Faith, 2007-03-30 “We're going to raise traders just like they raise turtles in Singapore.” So trading guru Richard Dennis reportedly said to his long-time friend William Eckhardt nearly 25 years ago. What started as a bet about whether great traders were born or made became a legendary trading experiment that, until now, has never been told in its entirety. *Way of the Turtle* reveals, for the first time, the reasons for the success of the secretive trading system used by the group known as

the “Turtles.” Top-earning Turtle Curtis Faith lays bare the entire experiment, explaining how it was possible for Dennis and Eckhardt to recruit 23 ordinary people from all walks of life and train them to be extraordinary traders in just two weeks. Only nineteen years old at the time—the youngest Turtle by far—Faith traded the largest account, making more than \$30 million in just over four years. He takes you behind the scenes of the Turtle selection process and behind closed doors where the Turtles learned the lucrative trading strategies that enabled them to earn an average return of over 80 percent per year and profits of more than \$100 million. You'll discover How the Turtles made money—the principles that guided their trading and the step-by-step methods they followed Why, even though they used the same approach, some Turtles were more successful than others How to look beyond the rules as the Turtles implemented them to find core strategies that work for any tradable market How to apply the Turtle Way to your own trades—and in your own life Ways to diversify your trading and limit your exposure to risk Offering his unique perspective on the experience, Faith explains why the Turtle Way works in modern markets, and shares hard-earned wisdom on taking risks, choosing your own path, and learning from your mistakes.

Dual Momentum Investing: An Innovative Strategy for Higher Returns with Lower Risk Gary

Antonacci, 2014-11-21 The investing strategy that famously generates higher returns with substantially reduced risk—presented by the investor who invented it A treasure of well researched momentum-driven investing processes. Gregory L. Morris, Chief Technical Analyst and Chairman, Investment Committee of Stadion Money Management, LLC, and author of Investing with the Trend Dual Momentum Investing details the author's own momentum investing method that combines U.S. stock, world stock, and aggregate bond indices—a formula proven to dramatically increase profits while lowering risk. Antonacci reveals how momentum investors could have achieved long-run returns nearly twice as high as the stock market over the past 40 years, while avoiding or minimizing bear market losses—and he provides the information and insight investors need to achieve such success going forward. His methodology is designed to pick up on major changes in relative strength and market trend. Gary Antonacci has over 30 years experience as an investment professional focusing on under exploited investment opportunities. In 1990, he founded Portfolio Management Consultants, which advises private and institutional investors on asset allocation, portfolio optimization, and advanced momentum strategies. He writes and runs the popular blog and website optimalmomentum.com. Antonacci earned his MBA at Harvard.

Trading VIX Derivatives Russell Rhoads, 2011-08-09 A guide to using the VIX to forecast and trade markets Known as the fear index, the VIX provides a snapshot of expectations about future stock market volatility and generally moves inversely to the overall stock market. Trading VIX Derivatives will show you how to use the Chicago Board Options Exchange's S&P 500 volatility index to gauge fear and greed in the market, use market volatility to your advantage, and hedge stock portfolios. Engaging and informative, this book skillfully explains the mechanics and strategies associated with trading VIX options, futures, exchange traded notes, and options on exchange traded notes. Many market participants look at the VIX to help understand market sentiment and predict turning points. With a slew of VIX index trading products now available, traders can use a variety of strategies to speculate outright on the direction of market volatility, but they can also utilize these products in conjunction with other instruments to create spread trades or hedge their overall risk. Reviews how to use the VIX to forecast market turning points, as well as reveals what it takes to implement trading strategies using VIX options, futures, and ETNs Accessible to active individual traders, but sufficiently sophisticated for professional traders Offers insights on how volatility-based strategies can be used to provide diversification and enhance returns Written by Russell Rhoads, a top instructor at the CBOE's Options Institute, this book reflects on the wide range of uses associated with the VIX and will interest anyone looking for profitable new forecasting and trading techniques.

Mastering the Trade, Second Edition: Proven Techniques for Profiting from Intraday and Swing Trading Setups John F. Carter, 2012-02-03 The essential guide to launching a successful career in trading—updated for today's turbulent markets "Mastering the Trade is an excellent source for a basic understanding of market action, be it day and/or longer-term trend trading. A programmer will have a field day with the many ideas that are in this book. It is highly recommended." —John Hill, president of Futures Truth magazine "John Carter's new book focuses quickly on the critical area of trader psychology, a realm that will often separate the trader from his wallet if it is not mastered first. The in-depth trading strategies clearly show how to respond to market moves based on real-world examples." —Price Headley, founder of BigTrends.com and author of Big Trends in Trading "Well written and packed with the kind of insight about the nature of trading and the markets that can surely benefit every level of trader." —Mark Douglas, author of Trading in the Zone and The Disciplined Trader "This is a must read for all new traders, specifically for the psychological aspect of trading. I am recommending it to all of my clients."

—Carolyn Boroden, FibonacciQueen.com About the Book: When it was first published in 2005, *Mastering the Trade* became an instant classic in the world of day trading. Now, veteran day trader and educator John F. Carter has updated his time-proven swing trading technique to help you succeed in an environment vastly transformed by volatility and technology. Universally acclaimed for its sophisticated yet easy-to-execute methods, this practical, results-driven guide provides everything you need to make a lucrative career as a day trader—from preparing yourself psychologically for the unique demands of day trading to timing the market, managing risk, and planning future trades. *Mastering the Trade* sets aside timeworn basics and rehashed ideas to examine in detail the underlying factors that cause prices to move. Providing the tools you need to make the right decisions at the right times, it helps you enter market shifts early and either pull out before losses accrue or hang on for a long and refreshingly predictable ride. *Mastering the Trade* covers: The five psychological truths that will transform you from a mistake-prone novice into a savvy trading professional Exact entry, exit, and stop-loss levels for the intraday trading of stocks, options, ETFs, e-mini futures, 30-year bonds, currencies, and more Seven key internals, from \$TICKS to five-minute volume—critical for gauging pending market direction from the opening bell Premarket checklists for analyzing recent market behavior and calculating on each trading day what you plan to do, how you plan to do it, and why Airtight risk control techniques for protecting trading capital—the most important component of a professional trading career After spending many years on various trading desks, Carter has developed an intuitive understanding of how the markets work. In *Mastering the Trade*, he gives you unlimited access to everything the markets have taught him—so you can make an exceptional living on the frontlines of professional trading.

The Encyclopedia of Trading Strategies Jeffrey Owen Katz, Donna McCormick, 2000-03-21 The *Encyclopedia of Trading Strategies* is for traders who want to take the next step to consistently profitable trading. The authors--themselves seasoned veterans of the futures trading arena--pinpoint the trading methods and strategies that have been shown to produce market-beating returns. Their rigorous and systematic backtesting of each method, using the same sets of markets and analytic techniques, provides a scientific, system-based approach to system development...to help you assemble the trading system that will put you on the road to becoming a more consistently profitable trader.

Option Trading Journal Template Introduction

In today's digital age, the availability of Option Trading Journal Template books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Option Trading Journal Template books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Option Trading Journal Template books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Option Trading Journal Template versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Option Trading Journal Template books and manuals for

download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Option Trading Journal Template books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Option Trading Journal Template books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital

copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Option Trading Journal Template books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Option Trading Journal Template books and manuals for download and embark on your journey of knowledge?
