Research Handbook on Child Soldiers Mark A. Drumbl, Jastine C. Barrett, 2019 Child soldiers remain poorly understood and inadequately protected, despite significant media attention and many policy initiatives. This Research Handbook aims to redress this troubling gap. It offers a reflective, fresh and nuanced review of the complex issue of child soldiering. The Handbook brings together scholars from six continents, diverse experiences, and a broad range of disciplines. Along the way, it unpacks the life-cycle of youth and militarization: from recruitment to demobilization to return to civilian life. The overarching aim of the Handbook is to render the invisible visible - the contributions map the unmapped and chart new directions. Challenging prevailing assumptions and conceptions, the Research Handbook on Child Soldiers focuses on adversity but also capacity: emphasising the resilience, humanity, and potentiality of children affected (rather than 'afflicted') by armed conflict.

The Principles of Islamic Marketing Baker Ahmad Alserhan, 2016-03-03 The Principles of Islamic Marketing fills a gap in international business literature covering the aspects and values of Islamic business thought. It provides a framework and practical perspectives for understanding and implementing the Islamic marketing code of conduct. It is not a religious book. The Islamic Economic System is a business model adopted by nearly one quarter of the world's population. Baker Alserhan identifies the features of the Islamic structure of International Marketing practices and ethics. Adherence to such ethical practices elevates the standards of behaviour of traders and consumers alike and creates a value-loaded framework for meaningful cooperation between international marketers and their Muslim markets. His book provides a complete guide for an organization when managing its entire marketing function or when customising part of its offering to suit Muslim

customers. It addresses the challenges facing marketers involved in business activities with and within Islamic communities, the knowledge needs of academic institutions, and the interest of multinationals keen on tapping the huge Islamic markets. Along the way, Baker Alserhan provides insights into key elements such as, distribution channels, retailing practices, branding, positioning, and pricing; all within the Muslim legal and cultural norms. This second edition brings the book up to date and features a number of new case studies and two additional chapters on Maqasid Al Shariah and the Islamic economy, and a strategic perspective on Islamic marketing and branding.

The Light Within Islam (Fixed Layout) Basel Muhammad Arif Al-Mahayni,2019-01-01 This book is a humble attempt to help settle some of the common doubts and misconceptions people have about the great religion of Islam. A religion that has captured the hearts of hundreds of millions of people around the world and answered their questions about the unseen. It is hoped that, with the simple explanation of the topics in this book, I can reach the inner conscience of all brothers and sisters

in humanity and show them the truth about the final religion that has been revealed to mankind.

Public Finance in Islam International Monetary Fund,1989-09-06 The paper analyzes the bearing of Islamic teachings on the conduct of fiscal policy. It is shown that Islamic teachings do not prescribe any rigid system of public finance. The major emphasis is on the state's responsibility to assure at least a basic minimum standard of living for all citizens. The paper deals with issues related to evolution of fiscal policies best suited to achieve this and other Islamic socio-economic objectives in the specific framework of Islamic teachings. The implications of such a system for growth, monetary stability, resource allocation, and pattern of income distribution are also examined.

Dead Feminists Chandler O'Leary,Jessica Spring,2016-10-11 A national bestseller, this lushly illustrated book is an inclusive celebration of inspiring women who transformed the world and created social change. Dead Feminists is a gorgeously illustrated letterpress-inspired book showcasing feminist history with a vision for a better future. Based on the beloved letterpress poster series of the same name, this book brings feminist history to life, profiling 27 unforgettable forebears of the modern women's movement such as Eleanor Roosevelt, Gwendolyn Brooks, Rachel Carson, and more. Across eras and industries, passions and geographies, this collection of diverse, progressive, and perseverant women faced what looked like insurmountable odds and yet, still, they persisted. Dead Feminists, which features a foreword by Jill Lepore, author of The Secret History of Wonder Woman, is an illuminating and innovative reminder that women can be extraordinary agents of change. The future is female, but in many ways so is the past. Dead Feminists takes feminist inspiration to a new level of artistry and shows how ordinary and extraordinary women have made a difference throughout history (and how you can too).
