The Cool Stuff in Premiere Pro Jarle Leirpoll, Dylan Osborn, Paul Murphy, Andy Edwards, 2017-10-11 Gain in-depth knowledge of Premiere Pro, and learn how the software “thinks.” You'll acquire new skills that will help you choose the best workflow for your project, and simplify and accelerate your video editing process. Learn how you can edit a lot faster with smarter workflows that automate several steps in the editing process. You'll also see how custom settings, presets, keyboard shortcuts and templates saves hours of work. By tailoring the software to your needs you save clicks on just about every task. With many traditional jobs now being done by one person, its important to understand audio smoothing, color grading, motion graphics, and advanced editing techniques. You'll learn these skills and disciplines and see how they'll enhance your project's workflow. All the authors are professional editors and want to know exactly how to cut your film as fast as possible with top quality output. There is invaluable information in The Cool Stuff in Premiere Pro that's not available anywhere else – not even in Adobe's own manuals. What You'll Learn Edit faster, no matter what the project Understand the technical stuff, like timeline settings, render codecs, color subsampling, export settings, effect controls and monitor settings Know when to send your clips to other Adobe software, and how to treat them there. Master the Premiere Pro timeline, even stacks of timelines, and edit, trim and adjust with ease Who This Book Is For Video journalists (and everyone else) will learn how to edit faster and get home in time for dinner. Bloggers will learn how to make their online video and audio “pop”. Film cutters will learn how to organize, rough cut and fine tune huge amounts of material effectively and how to output for digital cinema. Experienced video editors will learn how to deal with multi-track audio and to work faster in every step of the edit. Marketing people who edit video for social media and web pages will learn simpler ways to make a faster cut. Teachers in media studies will understand the logic in Premiere Pro, and be better prepared for teaching video editing.

Ditch That Textbook Matt Miller, 2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve

and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

Feature and Narrative Storytelling for Multimedia Journalists Duy Linh Tu, 2015-01-09 Feature and Narrative Storytelling for Multimedia Journalists is the first text that truly focuses on the multimedia and documentary production techniques required by professional journalists. Video and audio production methods are covered in rich detail, but more importantly, various storytelling techniques are explored in depth. Likewise, author Duy Linh Tu tackles the latest topics in multimedia storytelling, including mobile reporting, producing, and publishing, while also offering best practices for using social media to help promote finished products. Whether you're a student, a professional seeking new techniques, or simply looking to update your skills for the new digital newsroom, this book will provide you with the information and tools you need to succeed as a professional journalist. Integrated: The lessons in this book deftly combine traditional media production principles with storytelling craft. It is written with the perspective of modern professional journalists in mind. Practical: While rich with theory, this text is based on the real-world work of the author and several of his colleagues. It features Q&As with some of the best editors and video producers from top publications, including NPR, Vice, and Detroit Free Press, as well as profiles of leading video news organizations such as Frontline, Mediastorm, and Seattle Times. Proven: The author uses pedagogy from the world-renowned Columbia Journalism School as well as case studies from his own award-winning work. Interactive: The text is exercise- and drill-based, and the companion website provides multimedia examples and lesson files, as well as tutorials, case studies, and video interviews.

Techniques of Visual Persuasion Larry Jordan, 2020-07-29 In this remote-oriented, work-from-home world, persuasive communication is more important than ever. People do not read, they skim. The Adobe Photoshop Lightroom CC Book for Digital Photographers Scott Kelby, 2015-04-25 Since Lightroom 1.0 first launched, Scott's Kelby's *The Adobe Photoshop Lightroom Book for Digital Photographers* has been the world's #1 bestselling Lightroom book (it has been translated into a dozen different languages), and in this latest version for Lightroom 6, Scott uses his same award-winning, step-by-step, plain-English style and layout to make learning Lightroom easy and fun. Scott doesn't just show you which sliders do what (every Lightroom book will do that). Instead, by using the following three simple, yet brilliant, techniques that make it just an incredible learning tool, this book shows you how to create your own photography workflow using Lightroom: • Throughout the book, Scott shares his own personal settings and studio-tested techniques. Each year he trains thousands of Lightroom users at his live seminars and through that he's learned what really works, what doesn't, and he tells you flat out which techniques work best, which to avoid, and why. • The entire book is laid out in a real workflow order with everything step by step, so you can begin using Lightroom like a pro from the start. • What really sets this book apart is the last chapter. This is where Scott dramatically answers his #1 most-asked Lightroom question, which is: "Exactly what order am I supposed to do things in, and where does Photoshop fit in?" You'll see Scott's entire start-to-finish Lightroom 6 workflow and learn how to incorporate it into your own workflow. • Plus, this book includes a downloadable collection of some of the hottest Lightroom Develop module presets to give you a bunch of amazing effects

with just one click! Scott knows firsthand the challenges today's digital photographers are facing, and what they want to learn next to make their workflow faster, easier, and more fun. He has incorporated all of that into this major update for Lightroom 6. It's the first and only book to bring the whole process together in such a clear, concise, and visual way. Plus, the book includes a special chapter on integrating Adobe Photoshop seamlessly right into your workflow, and you'll learn some of Scott's latest Photoshop portrait retouching techniques and special effects, which take this book to a whole new level. There is no faster, more straight to the point, or more fun way to learn Lightroom than with this groundbreaking book.

Sunderland, Industrial Giant Marie Gardiner, 2017-11-24 Sunderland was once one of Britain's industrial giants. Famous for its shipyards, mines and glass-making, it thrived at a time when its country needed it most. After the Second World War the town saw incredible change, as the heavy industry that seemed so permanent, faded and died. How do you

cope with the loss of centuries of working tradition? These are the stories of the people who worked through this evolution, watched their town change around them and become a city – the people who saw the end of one era and the beginning of a challenging new one.
