Indiana Notary Public Guide Indiana Secretary of State, 2019-04-06 A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary can document that the notary administered an oath to an individual.

This Is Me Lindsay Taylor, 2019-10-01 In this story we meet a girl. She used to be happy. But as she grew things did not feel quite right. She felt more like a boy than a girl. What would happen if she told people? Would they understand? Would they help? This illustrated children's story explains what it feels like to be a child who isn't happy in their own body. It is

aimed at young children to share what it means to be transgender without using the term itself. The story could also be used in discussion with young children about what it feels to be different. This Is Me is inspired by a real story and a former teacher's desire to reach out to young children in schools to talk naturally and openly about gender identity and gender transitioning. How do you talk about sexual identity to a young child who does not yet know about sex? Is it right and appropriate to discuss sexual topics with young children? That's the point, this book is not about sex it is about self-esteem, self-awareness and self-identity: gender identity. With this understanding comes diversity and acceptance. This book easily finds a home at Your Stories Matter, alongside other diversities including dyslexia, dyspraxia, ADHD and autism. By sharing this book with young children, the aim is to make gender diversity no big deal and no different to accepting and respecting ethnic diversity, religious diversity and forms of neurodiversity. As with all of its books, the publisher - Your Stories Matter - aims to help people know they are not alone with what makes them different. If a young person or adult can relate to a story, it gives them hope and encourages them to share their concerns. The publisher aims to provide free teaching resources for all of its books that can be used in schools, to help improve understanding and celebrate differences.

Idaho Notary Public Handbook Idaho Secretary of State, 2019-04-06 Everybody knows what a notary public does, right? Actually, there is much misunderstanding and confusion about what the proper role and duty of a notary is. A notary public does not legalize documents, or verify the accuracy or truthfulness of the content or statements made in a document, and yet the role that a notary plays in ascertaining the identity of the person who signs a document, placing that person under oath, if required, and determining the signer's intent and willingness to consent to the transaction is vital in modern society. A notary public is a public official commissioned by the Secretary of State to administer oaths and affirmations, take acknowledgments, witness signatures, and perform other duties as permitted by state law. A notary should be familiar with the Idaho notary laws and to follow the standards of reasonable care for performing a notarial act.

Washington State Notary Public Guide Washington State Department, 2019-04-06 The Department of Licensing has worked to keep the notary public application process as simple as possible. A prospective notary need only submit a complete application, proof of a \$10,000 surety bond, and appropriate fees to the Department of Licensing in order to begin the process. Once an applicant has completed all application requirements and proven that he or she is eligible, the Department

will have a new certificate of commission mailed out promptly. New in 2018, notaries public can also apply for an electronic records notary public endorsement, which allows the notary to perform notarial acts on electronic documents as well as paper documents. The application process is similar to the application process for the commission, and can be done at the same time or separately.

Symbolon Deck Peter Orban, Ingrid Zinnel, Thea Weller, 2004 The imagery of this unique 80-card deck helps the reader uncover memories from deep within the soul for profound personal insights. Unlike oracle decks, Symbolon is designed for summoning the past rather than diving the future. The cards, which depict historical scenes from European daily life as well as mythological stories, can be used in two different ways to explore memories of the past. The cards can be interpreted with a purely psychological approach, which does not require any knowledge of Astrology. Alternatively, Symbolon can be used a remembrance tool using Astrology. Each possible astrological constellation in the horoscopes is illustrated by the cards as an expression of deep, spiritual activity. The booklet describes each card with both the psychological and the astrological meaning. In addition, each card is interpreted by one of three positions in a spread: as the problem, the way through the problem, or as the outcome.
