Slides for Students Gary D. Fisk,2018-10-16 300 million powerpoint presentations are given daily, yet there is a disconnect between the amazing technology of powerpoint and a mediocre student learning experience. To unleash the full potential of powerpoint presentations, we must do a better job of creating presentations that fit the educational needs of students. Slides for Students does just that.Slides for Students is an open and honest discussion about powerpoint in the classroom. A need exists for thoughtfully designed and implemented classroom instruction that focuses on the learner rather than on the technology. This book was written to translate academic research findings into practical suggestions about powerpoint that educators can use. Divided into two parts, Slides for Students discusses the history of powerpoint, explores academic studies on the topic, and demonstrates how to design slides to best suit educational needs and engage with students to avoid the dreaded death by powerpoint.

The Raven (Illustrated) Edgar Allan Poe,2013-09-13 This Top Five Classics illustrated edition of Edgar Allan Poe's The Raven includes: • All 25 illustrations by Gustave Doré for Harper & Brothers' 1884 edition • An informative Introduction • A detailed Biography of Edgar Allan Poe • The illustrated version and text-only version of the full poem No poem has ever received the kind of immediate and overwhelming response that Poe's "The Raven" did when it first appeared in the New York Evening Mirror on January 29, 1845. It made Poe an overnight sensation (though his great fame never brought him much wealth) and the poem, a powerfully haunting elegy to lost love, remains one of the most beloved and recognizable verses in the English language. The illustrations that accompany this Top Five Classics edition are reproductions of the renowned French artist Gustave Doré's steel-plate engravings created for Harper & Brothers' 1884 release of The Raven. It would be Doré's last commission as he died shortly after completing the 25 illustrations in January 1883. His illustrations would become famous in their own right, evoking as they do the lyrical and mystical air of Poe's masterpiece.

Slide:ology Nancy Duarte,2008-08-07 A collection of best practices for creating slide presentations. It changes your approach, process and expectations for developing visual aides. It makes the difference between a good presentation and a great one.

With Billie Julia Blackburn,2012-10-10 From Julia Blackburn, an author whose ability to conjure lives from other times and places is so vivid that one suspects she sees ghosts, here is a portrait of a woman whose voice continues to haunt anyone

who hears it. Billie Holiday's life is inseparable from an account of her troubles, her addictions, her arrests, and the scandals that would repeatedly put her name in the tabloid headlines of the 1940s and 1950s. Those who knew her learned never to be surprised by what she might do. Her moods and faces were so various that she could seem to be a different woman from one moment to the next. Volatile, unpredictable, Billie Holiday remained, even to her friends, an elusive and perplexing figure. In *With Billie*, we hear the voices of those people—piano players and dancers, pimps and junkies, lovers and narcs, producers and critics, each recalling intimate stories of the Billie they knew. What emerges is a portrait of a complex, contradictory, enthralling woman, a woman who knew what really mattered to her. Reading *With Billie*, one is convinced that she has only just left the room but will return shortly.

Ditch That Textbook Matt Miller, 2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

The Professor Is In Karen Kelsky, 2015-08-04 The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site *The Professor is In*, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish -Writing a foolproof grant application - Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap - Making the leap to nonacademic work, when the time is right *The Professor Is In* addresses all of these issues, and many

more.

The Craft of Scientific Presentations Michael Alley, 2003 This superb and practical work dedicates itself to spreading good practice: it uses a score of examples from contemporary and historical scientific presentations to show clearly what makes an oral presentation effective.

Sweating Bullets Robert Gaskins, 2012-04-20 PowerPoint was the first presentation software designed for Macintosh and Windows, received the first venture capital investment ever made by Apple, then became the first significant acquisition ever made by Microsoft, who set up a new Graphics Business Unit in Silicon Valley to develop it further. Now, twenty-five years later, PowerPoint is installed on more than one billion computers, worldwide. In this book, Robert Gaskins (who invented the idea, managed its design and development, and then headed the new Microsoft group) tells the story of its first years, recounting the perils and disasters narrowly evaded as a startup, dissecting the complexities of being the first distant development group in Microsoft, and explaining decisions and insights that enabled PowerPoint to become a lasting success well beyond its original business uses.

UNMUTE! Lauren Sergy, 2021-07-07 Have virtual meetings become the most dreaded part of your workday? You open your calendar and feel your heart rate spike as you stare at them. Virtual meeting after virtual meeting, replete with all-too-familiar irritations: technical glitches, awkward conversations, Bob's nose hairs. (Seriously, doesn't Bob know his camera is pointed right up his nose?) Like it or not, being able to mug for the webcam is now an important addition to your CV. But there's more to having a good videoconference than turning on your webcam. And UNMUTE! will show you how to do it. In this hilarious and fast-paced book, communication expert Lauren Sergy takes you on a deep-dive into virtual meetings: what works, what doesn't, and how to make the most of this communication medium without it taking over your life. With energy, wit, and a bucketful of relatable stories, Lauren will help you - Polish not-so-small on-camera skills like eye contact, gesture, and speaking mannerisms - Set up your virtual meeting space like a pro...without turning your office into a production studio - Boost meeting attendees' focus and engagement - Manage those annoying technical glitches - Dial down your stress and kick Zoom Fatigue to the curb UNMUTE! is a must-read book for anyone who uses videoconferencing at work. You and your colleagues can master virtual meetings; it's time to take action!

D-Day Invasion iMinds, 2014-05-14 The story behind D-Day begins in 1939 when Nazi Germany, led by Adolf Hitler, attacked Poland and ignited World War Two. The following year, the Germans occupied France and Western Europe and launched a vicious air war against Britain. In 1941, they invaded the Soviet Union. Seemingly unstoppable, the Nazis now held virtually all of Europe. They imposed a ruthless system of control and unleashed the horror of the Holocaust. However, by 1943, the tide had begun to turn in favor of the Allies, the forces opposed to Germany. In the east, despite huge losses, the Soviets began to force the Germans back.

English For Business Presentation Lutfi Ashar Mauludin,2020-01-08 This book consists of three main topics: opening of presentation, content of presentation, and closing of presentation. There are also two additional topics at the beginning and at the end that provide information and tips to make and perform a good presentation. Each topic covers discussions points and exercises/activities aiming to help students applying their knowledge in real life. Each chapter starts with a short overview about the topic and teaching learning activities as well as evaluation process to assist the teacher and students in mastering the material. Some exercises, activities, and discussion topics are provided to improve their understanding and give them opportunity to have more practices.

Professional Capital Andy Hargreaves,Michael Fullan,2015-04-24 The future of learning depends absolutely on the future of teaching. In this latest and most important collaboration, Andy Hargreaves and Michael Fullan show how the quality of teaching is captured in a compelling new idea: the professional capital of every teacher working together in every school. Speaking out against policies that result in a teaching force that is inexperienced, inexpensive, and exhausted in short order, these two world authorities--who know teaching and leadership inside out--set out a groundbreaking new agenda to transform the future of teaching and public education. Ideas-driven, evidence-based, and strategically powerful, Professional Capital combats the tired arguments and stereotypes of teachers and teaching and shows us how to change them by demanding more of the teaching profession and more from the systems that support it. This is a book that no one connected with schools can afford to ignore. This book features: (1) a powerful and practical solution to what ails American schools; (2) Action guidelines for all groups--individual teachers, administrators, schools and districts, state and federal leaders; (3) a next-generation update of core themes from the authors' bestselling book, *What's Worth Fighting for in Your School?* [This book was co-published with the Ontario Principals' Council.].

Steve Jobs Walter Isaacson,2011 Based on more than 40 interviews with Jobs conducted over two years--as well as interviews with more than 100 family members, friends, adversaries, competitors, and colleagues--Isaacson has written a riveting story of the roller-coaster life and searingly intense personality of a creative entrepreneur whose passion for perfection and ferocious drive revolutionized six industries: personal computers, animated movies, music, phones, tablet computing, and digital publishing.

E-Training Practices for Professional Organizations Paul Nicholson,J. Barrie Thompson,Mikko Ruohonen,Jari Multisilta,2010-04-08 *E-Training Practices for Professional Organizations* is an essential reference for anyone interested in the integration of e-business, e-work and e-learning processes. The book collects, for the first time, the proceedings from the 2003 IFIP eTrain Conference held in Pori, Finland. The text serves as a multi-disciplinary resource for information on the

research, development and applications of all topics related to e-Learning. The first half of the book discusses theories, paradigms and their applications in academia and industry. The last half of the book examines learning environments, design issues and collaboration among the corporate, governmental and academic sectors. With academic and professional contributors, *E-Training Practices for Professional Organizations* reflects the multi-faceted and exciting nature of e-training studies. This volume presents the balanced view of past developments and current research necessary to truly reach the potential of this burgeoning field.

The Tongue and Quill Air Force,2019-10-11 The Tongue and Quill has been a valued Air Force resource for decades and many Airmen from our Total Force of uniformed and civilian members have contributed their talents to various editions over the years. This revision is built upon the foundation of governing directives and user's inputs from the unit level all the way up to Headquarters Air Force. A small team of Total Force Airmen from the Air University, the United States Air Force Academy, Headquarters Air Education and Training Command (AETC), the Air Force Reserve Command (AFRC), Air National Guard (ANG), and Headquarters Air Force compiled inputs from the field and rebuilt The Tongue and Quill to meet the needs of today's Airmen. The team put many hours into this effort over a span of almost two years to improve the content, relevance, and organization of material throughout this handbook. As the final files go to press it is the desire of The Tongue and Quill team to say thank you to every Airman who assisted in making this edition better; you have our sincere appreciation!
