The Lean Product Playbook Dan Olsen, 2015-05-21 The missing manual on how to apply Lean Startup to build products that customers love The Lean Product Playbook is a practical guide to building products that customers love. Whether you work at a startup or a large, established company, we all know that building great products is hard. Most new products fail. This book helps improve your chances of building successful products through clear, step-by-step guidance and advice. The Lean Startup movement has contributed new and valuable ideas about product development and has generated lots of excitement. However, many companies have yet to successfully adopt Lean thinking. Despite their enthusiasm and familiarity with the high-level concepts, many teams run into challenges trying to adopt Lean because they feel like they lack specific guidance on what exactly they should be doing. If you are interested in Lean Startup principles and want to apply them to develop winning products, this book is for you. This book describes the Lean Product Process: a repeatable, easy-to-follow methodology for iterating your way to product-market fit. It walks you through how to: Determine your target customers Identify underserved customer needs Create a winning product strategy Decide on your Minimum Viable Product (MVP) Design your MVP prototype Test your MVP with customers Iterate rapidly to achieve product-market fit This book was written by entrepreneur and Lean product expert Dan Olsen whose experience spans product management, UX design, coding, analytics, and marketing across a variety of products. As a hands-on consultant, he refined and applied the advice in this book as he helped many companies improve their product process and build great products. His clients include Facebook, Box, Hightail, Epocrates, and Medallia. Entrepreneurs, executives, product managers, designers, developers, marketers, analysts and anyone who is passionate about building great products will find The Lean Product Playbook an indispensable, hands-on resource.

Hyper Sales Growth, 2018 IF YOU THINK YOU KNOW SALES...YOU DON'T KNOW JACK! "Jack Daly stands above all

others. His energy is matched only by his genius and understanding about what makes the best sales organizations. It's not commission strategies, it's not about glossy sales materials; it is about people. Jack understands better than most that if you look out for your people and insist that they look out for your customers, the result is unprecedented growth (and a lot of very happy and inspired employees and customers).“ -Simon Sinek, Optimist and Author of Leaders Eat Last and Start With Why “Winning teams result from strong cultures and leadership driven systems and processes. In the world of sales, as detailed in Hyper Sales Growth, Jack Daly knows how to lead and win.” -Pat Williams, Co-Founder, Orlando Magic, Author of Vince Lombardi on Leadership “If you want to play the piano, you hire a teacher. If you want to run a fast marathon, you hire a coach. Jack Daly is the best Professional Sales Coach in America. He teaches you what you need to know, how to remember it, and how to practice it every single day. This book will change your life as a leader and a salesperson, and you will thank Jack Daly every day you make a new sale.” -Willy Walker, Chairman and CEO, Walker & Dunlop “It's finally here!! The book all the million fans (that's literal) of Jack Daly have been wanting - a book that shares the same time-tested sales management techniques that work to drive growth he's been teaching in his powerful and packed workshops. It's all about getting the sales management piece right; this is the book that shows you the way.” -Verne Harnish ,CEO of Gazelles Author of Mastering the Rockefeller Habits and The Greatest Business Decisions of All Time “If you want to get predictable revenue and profitable growth, Jack Daly is your source for the state of the art in sales. Read this book, buy it for your team, follow his advice and you'll be unstoppable.” -Christine Comaford , Executive Coach & Presidential Advisor NY Times Best Selling Author of SmartTribes: How Teams Become Brilliant Together “Jack Daly is a rare gem in the business world. I have seen him transform several companies, by growing revenue, by upgrading corporate cultures, and by growing employees' capacity to produce results. His vast knowledge and experience gives him a perspective unmatched by anyone I've experienced. This book is a must read if you are interested in taking your company to the next level in the most direct way possible.” -Rick Sapio ,CEO of Mutual Capital Alliance, Inc.

Saleshood Elay Cohen,2014-04-15 A playbook that empowers sales managers to think like CEOs and act like entrepreneurs At Salesforce.com, Elay Cohen created and executed the sales productivity programs that accelerated the company's growth to a \$3 billion-plus enterprise. The innovation delivered over these years by Elay and his team resulted in unprecedented sales productivity excellence. Based on that experience, Elay embarked on a journey to help every company in the world grow like Salesforce.com. After working with many organizations and further reflecting on his time at Salesforce.com, it became apparent that one key player was best positioned to accelerate growth in organizations: the first-line sales manager. Empowering sales managers to own and execute their own sales programs, as entrepreneurs would, became the focus of this book and his technology company. First-line sales managers are the backbone of every sales organization. They make it happen. They're where the rubber meets the road in pipeline generation, revenue growth, and

customer success. These sales managers serve as the voice of salespeople to organizations, and as the organizational voice back to salespeople. In this accessible guide, Cohen shares how sales managers can build an inspired, engaged team, equipping them with the tools they need to drive up sales productivity and grow the business. He reveals, among many other lessons, how you can nurture a winning sales culture; build world-class training programs that encourage salespeople to learn from each other; and execute sales processes, playbooks, and deals in a way that gives your salespeople the winning edge.

The Business Playbook Chris Ronzio, 2021-09-22 Entrepreneur, CEO, or business leader: no matter your title, the success of your company is a responsibility-and weight-that lies squarely on your shoulders. In the beginning, increased control was an asset that bought you peace of mind. But now, without the structure your business needs to thrive, you're overworked, overwhelmed, and unsure of the path ahead. Fortunately, everything that makes your company work can be captured and put to work for you. In *The Business Playbook*, serial entrepreneur Chris Ronzio walks you through his proven framework for building a playbook: the profile of your business, the people who work in it, the policies that guide it, and the processes that operate it. He shows you how to codify your culture and create a living document that allows you to let go of day-to-day responsibilities and empower your team to run the business without you. If you want to build a company that doesn't rely on you putting in more hours, this book will show you the way.

SPIN® -Selling Neil Rackham, 2020-04-28 True or false? In selling high-value products or services: 'closing' increases your chance of success; it is essential to describe the benefits of your product or service to the customer; objection handling is an important skill; open questions are more effective than closed questions. All false, says this provocative book. Neil Rackham and his team studied more than 35,000 sales calls made by 10,000 sales people in 23 countries over 12 years. Their findings revealed that many of the methods developed for selling low-value goods just don't work for major sales. Rackham went on to introduce his SPIN-Selling method. SPIN describes the whole selling process: Situation questions Problem questions Implication questions Need-payoff questions SPIN-Selling provides you with a set of simple and practical techniques which have been tried in many of today's leading companies with dramatic improvements to their sales performance.

The Lost Art of Closing Anthony Iannarino, 2017-08-08 "Always be closing!" —Glengarry Glen Ross, 1992 "Never Be Closing!" —a sales book title, 2014 "?????" —salespeople everywhere, 2017 For decades, sales managers, coaches, and authors talked about closing as the most essential, most difficult phase of selling. They invented pushy tricks for the final ask, from the "take delivery" close to the "now or never" close. But these tactics often alienated customers, leading to fads for the "soft" close or even abandoning the idea of closing altogether. It sounded great in theory, but the results were often mixed or poor. That left a generation of salespeople wondering how they should think about closing, and what strategies would lead to

the best possible outcomes. Anthony Iannarino has a different approach geared to the new technological and social realities of our time. In *The Lost Art of Closing*, he proves that the final commitment can actually be one of the easiest parts of the sales process—if you’ve set it up properly with other commitments that have to happen long before the close. The key is to lead customers through a series of necessary steps designed to prevent a purchase stall. Iannarino addressed this in a chapter of *The Only Sales Guide You’ll Ever Need*—which he thought would be his only book about selling. But he discovered so much hunger for guidance about closing that he’s back with a new book full of proven tactics and useful examples. *The Lost Art of Closing* will help you win customer commitment at ten essential points along the purchase journey. For instance, you’ll discover how to:

- Compete on value, not price, by securing a Commitment to Invest early in the process.
- Ask for a Commitment to Build Consensus within the client’s organization, ensuring that your solution has early buy-in from all stakeholders.
- Prevent the possibility of the sale falling through at the last minute by proactively securing a Commitment to Resolve Concerns.

The Lost Art of Closing will forever change the way you think about closing, and your clients will appreciate your ability to help them achieve real change and real results.\

Not Taught Jim Keenan, 2015-12-10 The 21st Century has ushered in the information age, and with it a new set of rules for success. *Not Taught* shares how the rules of 20th century and the industrial age no longer work and that if you want to be successful you must learn the new rules of success. *Not Taught* punches you in the face with the realities of work today and offers clear strategies on how to be successful in this crazy information-driven world. *Not Taught* is your personal guide to the changing success landscape created by the information age, social media, access to information, the high cost of college, the internet and more. The book breaks down how the rules of the past no longer suffice and what it takes for you to win in the 21st century.

Predicting Personality Drew D'Agostino, Greg Skloot, 2019-11-12 The ultimate playbook for using artificial intelligence to communicate effectively, build teams, and win customers Not long ago, we imagined a hyper-connected world full of trust and openness—a world where effortless communication would bring about a new understanding between people everywhere. Judging from our current environment, this vision of the future may have been overly optimistic. With infinite channels and countless voices flooding them with messages, most people have become highly skeptical and guarded by necessity. As a result, communication is much harder than ever before. Despite the unprecedented connectivity enabled by modern technology, we are far less likely to trust and to invest the time needed to build strong relationships. How can we use technology to reverse this trend? A groundbreaking new branch of artificial intelligence—Personality AI—may be the answer. Combining traditional machine learning, data analytics, and behavioral psychology, Personality AI helps professional communicators tear down walls, establish trust with their audiences, and utilize data to build meaningful relationships,

strengthen empathy, and win more customers. Predicting Personality is a practical, real-world playbook for any individual or business whose success hinges on the ability to communicate effectively and build teams. Authors Drew D'Agostino and Greg Skloot—CEO and President, respectively, of Crystal, the app that tells you anyone's personality—show you how businesses can leverage Personality AI and machine learning to grow faster and communicate more effectively than was previously possible. This reader-friendly guide teaches you what Personality AI is, how it works, and demonstrates its practical applications in both life and business. This book: ● Explains how to understand personality types in various contexts, including sales, recruiting, coaching ● Provides guidelines for using personality data to learn and execute ● Explores ethics and compliance considerations surrounding the use of Personality AI ● Offers valuable insights from a leader in the business applications of Personality AI Predicting Personality: Using AI to Understand People and Win More Business is a must-have guide for C-suite executives, sales and marketing professionals, coaches, recruiters, and business owners.

Product-Led Onboarding Ramli John,2021-06-04 When you borrow a plate from grandma, does she ask you to pay a deposit? Of course not. Likewise, blocking your non-paying (freemium) customers from the core experience of your product, is like chopping your own leg off while running a marathon. Yet, this is just one of the crucial mistakes that most SaaS companies make right off the bat. Think about it. Do YOU have... Stalled accounts taking up valuable space? Sub-par clients who only expect freebies and don't ever use the full features of your product? Low conversion from free accounts to paid? Then, you might have a shot-yourself-in-the-foot problem. In this book, you'll find the easy, 6-step formula you can apply to your operations today that can change absolutely everything. You'll be able to count your company among giants like Mixpanel, Ubisoft, and Outsystems when you: Captivate clients' attention from the get-go. Make it easier for clients to get good at using your software so they are more likely to use it. Create a fool-proof checklist to make your product go viral. Match services with behaviors, and get users addicted to your product. Win rave reviews by making clients feel like VIPs. Use this strategy at each level in your team to supercharge its effect. Rinse and repeat, and watch your business grow while you sleep. In short, you'll discover why putting your customer first is the ultimate secret to growing your company. And how you can achieve astronomical conversions and customer loyalty without even trying. Check out what others are saying:

Product-Led Growth Bush Wes,2019-05 Product-Led Growth is about helping your customers experience the ongoing value your product provides. It is a critical step in successful product design and this book shows you how it's done. - Nir Eyal, Wall Street Journal Bestselling Author of Hooked

The SaaS Sales Method Fernando Pizarro,Winning by Design,Dominique Levin,Dan Smith,Jacco Van Der Kooij,2021-07-29 In a modern recurring revenue business it is impossible to scale without treating sales as a science. In this first book of the Sales Blueprints series, Jacco Van Der Kooij and Fernando Pizarro break down the science of sales into its basic elements. Unlike any book before it, The SaaS Sales Method exposes the math the underpins each stage in revenue

production, from marketing, to sales, to customer success, and infers how revenue leaders should structure their processes, organizations, and training in each. By linking all three functions, The SaaS Sales Method provides a framework for the modern revenue leader to understand and improve their entire system, shifting from what the authors call a superstar culture to a science culture in the process. While subsequent books in the series go into depth on the specifics of each revenue function and the skills needed to succeed in each, The SaaS Sales Method is the glue that holds the entire approach together.

The Challenger Sale Matthew Dixon, Brent Adamson, 2011-11-10 What's the secret to sales success? If you're like most business leaders, you'd say it's fundamentally about relationships—and you'd be wrong. The best salespeople don't just build relationships with customers. They challenge them. The need to understand what top-performing reps are doing that their average performing colleagues are not drove Matthew Dixon, Brent Adamson, and their colleagues at Corporate Executive Board to investigate the skills, behaviors, knowledge, and attitudes that matter most for high performance. And what they discovered may be the biggest shock to conventional sales wisdom in decades. Based on an exhaustive study of thousands of sales reps across multiple industries and geographies, The Challenger Sale argues that classic relationship building is a losing approach, especially when it comes to selling complex, large-scale business-to-business solutions. The authors' study found that every sales rep in the world falls into one of five distinct profiles, and while all of these types of reps can deliver average sales performance, only one—the Challenger—delivers consistently high performance. Instead of bludgeoning customers with endless facts and features about their company and products, Challengers approach customers with unique insights about how they can save or make money. They tailor their sales message to the customer's specific needs and objectives. Rather than acquiescing to the customer's every demand or objection, they are assertive, pushing back when necessary and taking control of the sale. The things that make Challengers unique are replicable and teachable to the average sales rep. Once you understand how to identify the Challengers in your organization, you can model their approach and embed it throughout your sales force. The authors explain how almost any average-performing rep, once equipped with the right tools, can successfully reframe customers' expectations and deliver a distinctive purchase experience that drives higher levels of customer loyalty and, ultimately, greater growth.

The Organic Growth Playbook Bernard Jaworski, Bob Lurie, 2020-08-03 Conventional marketing strategies that focus on product differentiation and positioning often fail to deliver faster growth. In this re-published book, Jaworski and Lurie offer a novel approach to this problem of growth.

Mastering Account Management Dan Englander, 2015-01-12 You're up to 55% more likely to win business with an existing customer than with an outside prospect. Mastering Account Management is your blueprint for winning long-term business with your highest potential buyers (your customers). From selling millions in high-end video services and managing

projects in the New York advertising world, Dan Englander learned that most companies don't take the right steps to farm repeat business. Instead of focusing on time-consuming lead generation tactics, a replicable account management process will produce better and faster returns. Englander's 102-step guide will show you how to create one for your business. Learn what the top account managers do: Systematize repeat business. Achieve flexibility and freedom by keeping a barrier between sales and customer or client service. Build long-term partnerships by prioritizing experience over output. Make life easier by leveraging new apps, tools, and high-tech shortcuts. Maximize networking referrals. Mastering Account Management will give you the right framework for winning more deals, delighting your customers, and achieving peace of mind. It's equal parts sales and customer service, with a healthy sprinkling of technology. Those who enjoyed Spin Selling and The Art of Client Service are sure to gain a lot from this book, as will fans of the The 4-Hour Workweek. Order Today and access a library of digital resources!

CustomerCentric Selling, Second Edition Michael T. Bosworth, John R. Holland, Frank Visgatis, 2010-01-08 The Web has changed the game for your customers—and, therefore, for you. Now, CustomerCentricSelling, already recognized as one of the premier methodologies for managing the buyer-seller relationship, helps you level the playing field so you can reach clients when they are ready to buy and create a superior customer experience. Your business and its people need to be “CustomerCentric”—willing and able to identify and serve customers’ needs in a world where competition waits just a mouse-click away. Traditional wisdom has long held that selling means convincing and persuading buyers. But today’s buyers

no longer want or need to be sold in traditional ways. CustomerCentric Selling gives you mastery of the crucial eight aspects of communicating with today's clients to achieve optimal results: Having conversations instead of making presentations Asking relevant questions instead of offering opinions Focusing on solutions and not only relationships Targeting business people instead of gravitating toward users Relating product usage instead of relying on features Competing to win—not just to stay busy Closing on the buyer's timeline (instead of yours) Empowering buyers instead of trying to "sell" them What's more, CustomerCentric Selling teaches and reinforces key tactics that will make the most of your organization's resources. Perhaps you feel you don't have the smartest internal systems in place to ensure an ideal workflow. (Perhaps, as is all too common, you lack identifiable systems almost entirely.) From the basics—and beyond—of strategic budgeting and negotiation to assessing and developing the skills of your sales force, you'll learn how to make sure that each step your business takes is the right one.

SYSTEMology David Jenyns, 2020-11-18 Whether you've tried to systemise in the past or not, SYSTEMology provides a revolutionary approach to small business systems.

Jobs to Be Done Anthony W. Ulwick, 2016-10-25 Why do some innovation projects succeed where others fail? The book reveals the business implications of Jobs Theory and explains how to put Jobs Theory into practice using Outcome-Driven Innovation.
