Brand Command Alex Marland,2016-03-15 The pursuit of political power is strategic as never before. Ministers, MPs, and candidates parrot the same catchphrases. The public service has become politicized. And decision making is increasingly centralized in the Prime Minister's Office. What is happening to our democracy? In this persuasive book, Alex argues that political parties and government are beholden to the same marketing principles used by the world's largest corporations. Called branding, the strategy demands repetition of spoken, written, and visual messages, predetermined by the leader's inner circle. Marland warns that public sector branding is an unstoppable force that will persist no matter who is in power. It also creates serious problems for parliamentary democracy that must be confronted. This book will fascinate anyone who is interested in how Ottawa works and where Canadian politics is headed.

Fair Play: Reese's Book Club Eve Rodsky, 2021-01-05 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the “shefault” parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is *Fair Play*: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, *Fair Play* helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. “Winning” this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try *Fair Play*? Let's deal you in.

Region-building Ludger Kühnhardt,2010-07-01 After two centuries of nation-building, the world has entered an era of region-building in search of political stability, cultural cohesion, and socio-economic development. Nations involved in the regional structures and integration schemes that are emerging in most regions of the world are deepening their ambitions, with Europe's integration experience often used as an experimental template or theoretical model. Volume I provides a political-analytical framework for recognizing the central role of the European Union not only as a conceptual model but also a normative engine in the global proliferation of regional integration. It also gives a comprehensive treatment of the focus, motives, and objectives of non-European integration efforts. Volume II offers a unique collection of documents that give the best available overview of the legal and political evolution of region-building based on official documents and stated objectives of the relevant regional groupings across all continents. Together, these volumes are important contributions for understanding the evolution of global affairs in an age when power shifts provide new challenges and opportunities for transatlantic partners and the world community.

Refuge Recovery Noah Levine, 2014-06-10 Bestselling author and renowned Buddhist teacher Noah Levine adapts the

Buddha's Four Noble Truths and Eight Fold Path into a proven and systematic approach to recovery from alcohol and drug addiction—an indispensable alternative to the 12-step program. While many desperately need the help of the 12-step recovery program, the traditional AA model's focus on an external higher power can alienate people who don't connect with its religious tenets. Refuge Recovery is a systematic method based on Buddhist principles, which integrates scientific, non-theistic, and psychological insight. Viewing addiction as cravings in the mind and body, Levine shows how a path of meditative awareness can alleviate those desires and ease suffering. Refuge Recovery includes daily meditation practices, written investigations that explore the causes and conditions of our addictions, and advice and inspiration for finding or creating a community to help you heal and awaken. Practical yet compassionate, Levine's successful Refuge Recovery system is designed for anyone interested in a non-theistic approach to recovery and requires no previous experience or knowledge of Buddhism or meditation.

No Sleep DJ Stretch Armstrong, Evan Auerbach, 2016-11-23 No Sleep is a visual history of the halcyon days of New York City club life as told through flyer art. Spanning the late 80s through the late 90s, when nightlife buzz travelled via flyers and word of mouth, No Sleep features a collection of artwork from the personal archives of NYC DJs, promoters, club kids, nightlife impresarios, and the artists themselves. Club flyers, by design, were ephemeral objects distributed on street corners, outside of nightclubs and concert halls, in barbershops and retail shops, and were not intended to be preserved for posterity. Through the 90s, they became both increasingly prevalent and more sophisticated as printing technology evolved. Overnight, however, with the advent of the internet, the flyer essentially disappeared, despite it being common at one time for promoters to print thousands of flyers for any given event. Recently, these flyers have become sought-after collector's items.
